1. William Wilson Reger, was a pupil under my charge in the C. M. O. Asylum, seeing him diligent and trustworthy, I made him a pupil teacher, in which capacity, he always did his work most Satisfactorily. I shall greatly regret the loss of his services, for I found him always hardworking and ever desirous of pleasing. The fact of his having received the prize medal for good conduct, is sufficient proof of his moral character.

2. William Reger left the asylum to study in the A. H. Society Gardens, where he remained about a year. The funds of the Society recently rendered it necessary to reduce their expenses, and Reger is obliged to seek other employment. I hope this line may help his obtaining it. He won the head prize for good conduct in the Asylum in 1874-75.

Extract from the Proceedings of the
Agri Horticultural Society of Madras,
held at the Gardens on Wednesday the
5th April 1876.

Read letter from the Off^r. Secretary
Civil Orphan asylum, dated Egmore 18th
March 1876, enquiring if the lad William
Wilson Reger, who was sent by the Asylum
to the Society's Gardens on the 10th May
1875, to be taught for six months, with
a prospect of subsequent employment at
the Gardens, was still employed by the
Society.

Resolved, that as the want of a
Superintendent, and the state of the Society's
finances prevent this project of training
educated gardeners being at present carried
out, Reger's services be dispensed with,
from the end of this month. The Committee
have pleasure in hearing testimony to his
good conduct, during the time he has
been employed at the Gardens.

Sir,

I respectfully beg to place the following facts
in view to your kindly lending me your wonted sympathy.

In the year 1866, when I was but 9 years old, my
father died - both in a fortnight; after which, I was admitted into St.
George's School, Fort St. George, which was subsequently amalgamated
with the Civil Orphan Asylum in 1872. I was a pupil for 7 years, and from
the 1st Class, to a Pupil Teacher of the 3rd Class; but was unfortunately
prevented from appearing for the Uncovenanted Civil Service Examination, by
the attack of small-pox.

The class instructed by me having passed a very
satisfactory examination, as noted in the Report of the Inspector of Schools for 1874,
and having obtained the majority of good conduct votes amongst 140
pupils, a silver medal was presented to me, for "Good Conduct and Diligence".

About this time, Colonel R. Benson, Honorary Secy
of the Agri-Horticultural Gardens, applied to the Secretary of the
Asylum for a Well conducted and diligent lad to be sent to the Gardens
to learn Botany, with a prospect of subsequent employment, and according
to the Asylum Committee at a meeting resolved to send me, paying
my boarding until I was paid by the Society; and, in accordance
with this Resolution, I had to cease studying for the ensuing exami-
nation, and proceed to the Gardens to learn Botany.

I left the Asylum on the 24th May 1875, and
Colonel R. Benson, who, after a preliminary examination, ac-
knowledged a promise, that when I got well acquainted with the

and meanwhile, in his visits to the gardens, instructed me in Botany, my misfortune that gentleman was transferred to Bangalore in his
Commissary-General, and thereby, all my hopes were frustrated. He was
at the gardens by Mr John Shaw, Registrar of the High Court, Appellate
who, on enquiry, being made by the Secretary of the Asylum as
still employed at the gardens, dispensed with my services at a meeting
Committee, owing to the want of an Instructor and the unsatisfactory
reception of the Civil Orphan Asylum could not (acc-

readmit me in school, but provided me with clothes and a gratuity,
my support, &c, until such time as I got an employment. I was in a
tressed state at this time, with not even a home to go to, and to begin
afresh was an impossibility, as I had no means (besides this gratuity),
for private or public tuition. My only hope was to obtain some sort of
which would be the means of my support, and this I found in the
Public Works Workshops Contingent, in 1877.

From the above circumstances, it will be observed, that
fault of mine but pure misfortune combined with poverty, I am, so
from passing the Middle School Examination, and consequently
pass the Special Tests, which could be done without the aid of a
with much less time. Furthermore, I am precluded from competing as
passed candidates in case of vacancies under Government.

In considering my deplorable case and that of your kind
to dispense with the Contingent blocks; I humbly pray, that you will be
request Government to exempt me from passing the Middle School Exam-
as a special case, which concession I entreat, may be granted me, as I
otherwise be left in a miserable state.

I therefore, in this critical period, humbly and
place the facts of my past life in your hands, and respectfully beg your
intervention in obtaining for me my request, which alone will prevent
certain destitution I dread.

I beg to enclose original testimonials for your per-
with a silver medal.

SIR,

I have the honor to forward
a petition from Mr. M. Reger, a clerk
employed in the Contingent Establish-
ment of the P. M. Workshops.

As stated in the petition
Mr. Reger appears to have been prevented
from passing the Middle School Examination
at the time when he was prepared to do so.
His duties as despatching clerk
during the period he has been in the
Workshop have been such as to leave no
time for study, and I would therefore
beg to recommend that he may be
exempted from passing the Middle
School examination.

From one of the copies of
Correspondence enclosed it will be seen
that Mr. Reger was employed as a pupil
teacher.
