

NOTES.

REFERENCE TO MADRAS P. W. D. CODE.

CHAPTER XV.—PARA. 2147.

1. This form should be used by the Executive Engineer in any of the following cases:—

- When he requires a grant, or an addition to an existing grant for carrying on a sanctioned Major work.
- When he is unable to utilize the grant at his disposal for any work, and wishes to resign it either wholly or in part.
- When he wishes to utilize the grant for one work upon some other.

2. Either of the columns for "Proposed New Grant" or for "Proposed Reduction," or both, may be used as required.

3. If it happens that the grant already allowed has been reduced, the entry in the column "Existing grant for current year" would of course be the amount less such reduction.

4. In the case of Irrigation Works the entries in the column "Departmental and Service Head" should show distinctly whether the proposed re-appropriation is debitable to Capital or Revenue, and the entries in the column "Works" should be so arranged as to show the project to the capital or Revenue Account of which the charge is debitable, and the class of Service to which the charge is debitable thus:—

Project.

(1)—Head works.

B. Land.

K. Buildings.

In cases of Productive Public Works the fact of their being so should be noted against the entries.

5. It being of the utmost importance that early intimation of possible lapses, or of excesses in outlay on works should be communicated to the Government, a close watch should be maintained on the progress of all works by Executive Officers, and this form employed the moment the facts are sufficiently known.

The Financial Department should be asked to provide for the amount applied for together with the charges for Establishment and Tools and Plant from the balance of the Port Fund.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

30th September 1881, No. 2410 W.

Buildings and Roads.
Civil Works.

Read the following paper:—

No. 178. Endorsement of the Chief Secretary to Government, Marine Department,
dated 16th September 1881, No. 1,560.

From J. H. TAYLOR, Esq., Lieutenant R.N.R., Master Attendant, Administrative
Department, to the Chief Secretary to Government, Marine Department,
dated Madras, 9th September 1881, No. 7,967.

I HAVE the honor to submit an estimate, amounting to Rs. (3,470) three thousand
four hundred and seventy, for deepening
salt creek from the junction of the main
creek up to the tidal lock in the river at
Masulipatam, with the papers as per
margin. Mr. Rundall states that the work
is necessary, in order that the new quay
wall may be fully made use of, otherwise
boats will have to load up at Gilakuldindi, which is attended with many difficulties.

I am anxious that every facility should be afforded to boats for making use of the new
quay, and would therefore recommend the proposal for sanction, the cost to be met
from Port Funds. But as already a large amount has been sanctioned from that source
for the quay, it is a matter for the consideration of Government whether the Sea
Customs Revenue, which will also benefit by the improvements, should not bear a
portion of the expenditure. I am not aware if any canal tolls are levied on boats using
the creek, but, if so, a portion of the charge might be a legitimate debit against that
head. As the work is an emergent one, the early sanction of Government is solicited.
I would respectfully request that information be called for as to causes of silt in the
creek, and whether it is attributable to any other than simple natural cause.

APPROVED and transferred to the Public Works Department for further disposal.
The cost of the work will be debited against Port Funds pending the result of inquiries
in the Revenue Department.

(Signed) R. DAVIDSON,
Chief Secretary.

No. 179. ORDER THEREON, 30th September 1881, No. 2410 W.

THE estimate, amounting to Rs. 3,470, for deepening the salt creek from the
junction of the main creek up to the tidal lock at Masulipatam is sanctioned.

				2. The Accountant-General will be requested in the Marine Department to place the sum of Rs. 4,424* at the disposal of the Public Works Department from Port Funds.

Supg. Engineer's office IV Circle
Chimballur, 7th October 1882,

Sir,

The Superintending Engineer
IV Circle

S,

The Chief Engineer
P.W. Department

Sir,

With reference to para 3 of
G.O. No. 1671 W of 3rd July 1882, I
have the honor to request that the
Revenue Department may be invited
to decide as soon as possible
the amount of Stamp duty leviable
on contracts in the form of the Schedule
contract, according to the total amount
of the contract in each case.
2. It is most important to the
Department that this matter
should

should be settled without delay,
as it affects the value in a Court
of law of all Schedule Contracts
now being entered into.

I have the honor to be
Sir

Your most obt. servant
