28TH SEPTEMBER 1882, No. 1348, FINANCIAL.

GOVERNMENT OF MADRAS.
FINANCIAL DEPARTMENT.

READ—the following paper :—

Despatch from the Most Honorable the MARQUIS OF HARTINGTON, Her Majesty's Secretary of State for India, to His Excellency the Right Honorable the Governor in Council, Fort St. George, dated India Office, London, 24th August 1882, Financial (Stores) No. 10.

My Despatch, Financial (Stores), dated 13th April 1882, paragraph 6, directed that "when it was considered advisable that stores which have been lost or damaged should be at once replaced, a special indent should be submitted, as otherwise steps will not be taken to re-supply such stores."

2. As some misconception regarding the object of this paragraph appears to have arisen, I have to explain that it was intended specially to deal with cases of loss, or damage detected after the arrival of the ship, which it was necessary to make good at once. But in all instances where, as in the recent case of the *Flamingo*, losses occurring on the voyage are known in this country, steps will at once be taken to replace the stores.

3. Should any loss, however, be reported in India, which may be thought not to be already within the knowledge of this office, a special indent should, when necessary, be submitted, care being taken to specify the reason of the fresh demand, in order that the possibility of a duplicate supply may be avoided.

ORDER—dated 28th September 1882, No. 1348, Financial.

Communicated to the Departments of the Secretariat and to Heads of Departments for information and guidance in continuation of G.O., dated 11th May 1882, No. 364.

17TH MAY 1882, No. 1256 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

No. 97.

READ—the following letter from Lieutenant W. L. C. BADDELEY, R.E., General Superintendent, Public Works Workshops, to the Deputy Chief Engineer, Public Works Department, dated Madras, 28th April 1882, No. 188 W.

In continuation of my No. 2841 W. of the 10th February 1882, I have the honor to report that the Lowmoor plates,

1 Plan.
1 Estimate.

&c., have been received from England, and as they are all cut to size I think it

will be advisable to adhere to the original design for the boilers.

2. The price of Lowmoor iron is very high, but with proper care the boilers will last for fifteen years, and, considering that they are worked *inside* the General Hospital, the quality of the plates is of the utmost importance.

3. I enclose the plan and estimate for the boilers, and on receipt of orders I shall at once put them in hand as it is essential that they should be in position ready for work by 1st April 1883.

No. 98.

ORDER—dated 17th May 1882, No. 1256 W., Public Works.

The revised estimate, amounting to Rs. 8,400, for constructing two Cornish boilers for the punkah-pulling machinery at the General Hospital, Madras, is sanctioned.

2. The excess of Rs. 1,600 over the original estimate for Rs. 6,800, sanctioned in G.O., No. 281 W., dated 1st February 1881, is explained as being due to the high price of Lowmoor iron received from England; but the Government cannot view with satisfaction the circumstances attending this case which go far to prove the greater cost of articles of this character being manufactured at the Workshops. From the previous correspondence it is clear that the boiler in question could have been obtained from England in shorter time and at the original amount of the estimate Rs. 6,800.

3. The amount of the estimate Rs. 8,400 is appropriated from the Provincial Reserve.

4. This sanction has been registered as Provincial No. 18 W. of 1882-83 and classified as Civil Buildings, Original Works; Provincial No. 77 B. of 1880-81 is cancelled.

(True Extract.)
