GOVERNMENT OF MADRAS.

MILITARY DEPARTMENT.

12th June 1882, No. 2825.

Military Buildings—Native Lines.

Read the following paper:—

No. 191. *From Lieutenant-Colonel J. EWING, Officiating Quartermaster-General, to Colonel E. L. HANKIN, Acting Secretary to Government, Military Department; dated Ootacamund, 7th June* 1882, *No.* 392.

With reference to Proceedings of Madras Government, No. 640, dated 3rd February 1881, sanctioning an advance of Rs. 14,290-8-0 to the Officer Commanding 26th Regiment Native Infantry, for the construction of lines for the head-quarters and six companies of that regiment at Palamcottah, for which sum the lines were estimated to be constructed by a contractor named Ninar Pillai, I have the honor, by order of the Commander-in-Chief to whom the papers have been submitted, to forward, for the consideration and orders of Government, the enclosed two petitions, dated 18th December 1881 and 28th February 1882, from the contractor, who states that, having been ordered to construct a double line of huts by the Commandant of the 26th Native Infantry instead of single as contracted for, and also to build certain out-houses to each hut, he has been a loser of Rs. 4,476-8-0, and prays that this amount may be reimbursed him.

2. On the matter being referred to the Military authorities at Palamcottah, they report as follows:—

(1) The original plan of the lines not having been in accordance with the Madras Army Regulations, required certain modifications, to which the contractor agreed, and even signed an agreement to that effect, making no demand at the time for any increase to his estimate, the reason being that the construction of the huts on each side of a centre wall saved him considerable expense, as, in the case of building them in accordance with the estimate, he would have had to construct two walls instead of one.

(2) That the only extra expense the contractor has been put to is the building of latrines in each compound, to make up for which he has been more than compensated by being allowed to build only half verandahs, and moreover that he had been excused the whitewashing of all except the inside of each hut. Also that a great portion of the old walls had been utilized by the contractor, which he has failed to take into account in his petitions.

(3) That the erection of the lines in double rows was a voluntary act of the contractor, as, when he first stated that he was losing by the transaction, he was asked to build a sample Havildars and Sepoy's hut on his own plan of single houses, and, on the same being approved, he was directed to complete the rest of the lines on that plan; but, finding that this would not pay him, he reverted to the construction of the lines on the plan of double rows.

(4) That the contractor has not profited by the transaction simply from his having under-estimated the cost of building the lines, and not from any extra work having been required of him.

(5) The Executive Engineer, having inspected the lines, estimates the contractor's loss at Rs. 3,574, and not Rs. 4,476-8-0 as stated by him.

3. His Excellency the Commander-in-Chief directs me to say that he is not disposed to recommend that any additional sum should be paid to the contractor, who was, apparently, allowed to build the lines in the way which he considered would best meet his own ends; but, as Palamcottah is about to be abandoned, Government might perhaps permit the contractor, when the lines are disposed of, to take such an amount of material as the Executive Engineer considers would prevent his being a loser.

No. 192. ORDER THEREON, 12th June 1882, No. 2825.

Sanctioned, as recommended by His Excellency the Commander-in-Chief, provided the lines are not required by any public department and that they are eventually removed and the materials disposed of.

From Colonel J. BEATTY, R.E., Superintending Engineer, Sixth Circle, to the Chief Engineer, Public Works Department, dated Palamcottah, 31st March 1882, No. 158 T.N.

I have the honor to acquaint you that the Officer Commanding Palamcottah has informed the Executive Engineer that, on the departure of the 26th Regiment some time in June, Palamcottah will cease to be a military station, and has requested him to make arrangements for taking charge of all the military buildings.

2. I have therefore to request you will be good enough to instruct me what is to be done with the buildings in question. I presume that the materials of the sepoys' huts may be sold as soon as possible by public auction, and that I may arrange with the Collector what it will be best to do with the pucka buildings.

3. The offices of the Executive Engineer and Superintendent of Police may be accommodated in some of them, as those officers now rent private houses for their offices, and the Collector may possibly be able to suggest how some of the others should be used.

(By Order.)

(Signed) E. L. HANKIN, Colonel,
Acting Secretary to Government.

9th June 1882.

From Lieutenant-Colonel J. EWING, Officiating Quartermaster-General, to the Acting Secretary to Government, Military Department, dated Ootacamund, 19th June 1882, No. 474.

In returning the Reference Order from Government, No. 2777, dated 9th June 1882, I have the honor, by order, to state that, as Palamcottah will cease to be a military station when the 26th Regiment Native Infantry leaves it, none of the public military buildings in the station will any longer be required by this department, and may be made over to the Public Works Department for disposal under the orders of Government.

2. Orders had been issued for the sale by auction of the lines of the regiment in accordance with paragraphs 2308 and 2319, Madras Army Regulations, but pending the orders of Government on this office letter, No. 392, dated 7th June 1882, the Officer Commanding Palamcottah has since been directed, on the departure of the regiment, to hand over the lines to the Public Works Department for custody until these orders are received, when that department can dispose of the lines accordingly, the sum ultimately realized being paid to this office for credit of Government in the Military Department.

Order—dated 20th June 1882, No. 3033, Military.

Ordered accordingly that the public military buildings at Palamcottah be made over to the Public Works Department for disposal.

No. 127.

READ—the following letter from Colonel J. BEATTY, R.E., Superintending Engineer, Sixth Circle, to the Chief Engineer, Public Works Department, dated Trichinopoly, 11th August 1882, No. 380 T.N. :—

With reference to G.Os., Nos. 1699 W. and 1398 C., of 19th ultimo, I have the honor to forward, herewith, for approval, a list showing the arrangements suggested for disposing of the military buildings at Palamcottah.

2. It will be observed that it is proposed to transfer to other departments all the buildings except the solitary cells and Native Infantry lines, which it is recommended should be sold.

3. I send for your information the Collector's letter on this subject, No. 266 of 2nd instant.

ENCLOSURES.

LIST of Military Buildings handed over to the Public Works Department.

Names.	As recommended by the Collector.
1. Place of arms	Municipal Office—*vide* paragraph 2 of Collector's letter accompanying.
2. Gun-shed	Police records and stores—*vide* Collector's letter accompanying.
3. Artificers' Workshop	
4. Magazine	Will continue to be used by the Police as at present—*vide* paragraph 6 of Collector's letter accompanying.
5. Guard-room	
6. Hospital with out-houses and guard-room.	Executive Engineer's Office and Police Office—*vide* paragraph 2 of Collector's letter accompanying.
7. Sergeant's quarters with three out-houses.	Forest Department—*vide* paragraph 2 of Collector's letter, No. 266, of 2nd August 1882.
8. Solitary cell	To be sold—*vide* paragraph 6 of Collector's letter.
9. Tent godown	This building is part of the present Police Barracks—*vide* paragraph 6 of the Collector's letter.
10. Sick cart-shed	To be dismantled unless taken over by the Postal Department—*vide* paragraph 6 of Collector's letter.
11. Native Infantry Lines	To be sold in lots with the ground on which they stand—*vide* paragraph 7 of Collector's letter accompanying.

From J. B. PENNINGTON, Esq., Collector of Tinnevelly, to the Superintending Engineer, Sixth Circle, Trichinopoly, dated 2nd August 1882, No. 266.

In reply to your letters, Nos. 316 and 330 T.N., dated 18th and 22nd ultimo, I have the honor to inform you that I inspected the military buildings in company with the Executive Engineer on the 29th ultimo, and that we came to the following conclusions :—

2. (1.) That the building called "Sergeant's quarters" in the list furnished to me by the Executive Engineer (copy enclosed), which is the most distant from the town, should be sold, if possible, as a dwelling-house with out-houses complete. I have reason to believe it might be sold to advantage; or if the Deputy Conservator of Forests is to be provided with an office, it would do very well for him.

(2.) The hospital buildings (6) would, I think, afford ample accommodation for the Superintendent of Police and the Executive Engineer with some very slight alterations, and provided that part of the "Place of arms" (or the whole of it), including Items Nos. 1, 2 and 3, is made over to the former as a record and store room. The remainder of the place of arms and its subsidiary buildings would do very well for the Registrar, or as a Municipal Office.

3. But I am inclined to recommend that the Registrar should be located in the upper storey of the old jail, which has just been repaired and adapted for the office of the Sub-Registrar. This proposal involves the removal of the Sub-Registrar to Tinnevelly, and an interchange of sub-districts between the two officials, the Registrar being put in charge of the Palamcottah and the Sub-Registrar of the Tinnevelly Sub-district of the Tinnevelly Taluk, with an office at Tinnevelly or near the river, where a suitable office could be provided for him.

4. These suggestions are made on the understanding that the Sub-Court will be left where it is at Kokarakulam as long as the building stands. If the Sub-Court is to be moved to Palamcottah, I should be inclined to alter some of my suggestions, as the Registrar in that case might occupy the present Sub-Court.

5. If I were asked whether it will be convenient to have the Police Office in Palamcottah, whilst most of the public offices are near the river, I should be obliged to say that I do not think it will be altogether convenient; but I could not say that the inconvenience is likely to be so great as to outweigh the advantage of utilising public buildings and saving office-rent.

6. Then as to the lines, it appears that the land on which they are built was purchased by Government many years ago, and it seems in every way most desirable that they should be sold *with the ground on which they stand* and *free of all assessment*. I am informed that a great many people are anxious to become purchasers on those terms, whereas if they are dismantled and the materials sold, the proceeds will probably be extremely small. Moreover, as the cost of the land was no doubt debited to the Military Department, they have (apparently) a right to dispose of it again and realise as much as possible.

7. The magazine and guard-room (Items 4 and 5) might be left as they are for the present, as the magazine is used by the Police. The solitary cell (No. 8) might be sold. The tent godown (No. 9) is part of the present Police Barracks. The sick cart-shed (No. 10) should be dismantled and sold unless it can be made over to the Postal authorities, as it is in the compound of the Post Office.

No. 128.

ORDER—dated 19th August 1882, No. 2140 W., Public Works.

The disposal of the military buildings at Palamcottah, as proposed in the list submitted with the foregoing letter from the Superintending Engineer, Sixth Circle, is approved and sanctioned.

2. A copy of these Proceedings, with copy of G.O., No. 1699 W., dated 6th July 1882, will be forwarded to the Government of India in view to their sanction being accorded to the sale of the solitary cell and the Native Infantry Lines.

PROCEEDINGS of the MADRAS GOVERNMENT.

READ the following letter from the Inspector-General of Police, dated 30th September 1882, No. 4962.

With reference to G.O. No. 2140 W Public Works dated 19th August 1882, I have the honor to inform you that the only buildings required by the Police Department are Nos. 4, 5 and 9 in the list of Military buildings attached to the above G.O. It will be extremely inconvenient to remove the Head Quarter Office at Tinnevelly from the building in which it now is. scarcely a day passes without some transaction being carried on between the Police Office and the District Magistrates Office and Treasury; the Regimental Hospital (No. 6 on the list) being 2 miles distant there would be great hindrance to public business by the Police Office

Office being removed into it, and in the event of a Regiment being at any time stationed at Palamcottah, the Hospital would have to be vacated and a suitable building would in all probability not be available the sole advantage to be gained by removal is the saving of the monthly rent (Rs45) of the present building. unless Government therefore insist on the Police Office being moved the buildings at $\frac{os}{u}$ 2, 3, and 6 are not required by the Police Department.

Order thereon 6th October 1882, No. 1515 (Mis:)
