Memo

2220

Colonel Chapelié has asked for an extension of his present Leave from 8th January to 26th October 1883 as he proposes to retire on the latter date

Under ordinary circumstances it would be desirable to accede to his request as by coming back for 2½ months he would if posted to any of our Indian Cavalry Circles disturb all the present arrangements and thus would again render his retirement [illegible] Government have already decided not to grant any similar extension of Leave except to Colonels Hunter and Dunsterville (who absolutely [illegible]) as the Rounds [illegible] would be [illegible] Family & Affairs to be wound up before the departure [illegible]

Services could no
longer be spared at
this time owing to
-tations which have
submitted to the Govt.
of India on the subj-
-ject of the Zaptieh
Force. Colonel Chapple
will make the
necessary to Colonel
Chapple returning
Cairo with any convenient

In a previous note
on the Subject of the
Administration of the Kotoff
and the work therefrom it
I drew attention to the
necessity for putting an
end to enquiries conducted
by a Specially selected
Officer into the requirements
of the Tank System in
this Province and
in connection with this
mentioned Colonel Chapple
as the best Officer with
whom I was acquainted
to conducting such an
enquiry, the land em-

Liberable acquaintance
with the subject in his long
Service in Mysore, and
as two occasions had
as Deputy Superintendent
Charge of the Zaptieh
-tenance Scheme in
Province

As an Officer of marked
intelligence I venture to
think that no better Officer
could be found for the
enquiries adverted to
and I have little doubt
that within the 3½ months
of his Service he would
be enable to lay before
Government a Scheme to
dealing with the tanks
which with Command
assent.

It is not necessary here
that I should indicate
the precise modus oper-
-andi for him to
say that Colonel Chapple
on arrival in January
have all the evidence
was collecting placed
before him and be
required to forward to

each Civil District
in turn making such
Special investigation of
the tracts as the Head of the
Personal Communication
with all Civil and P.W.
Officers as can assist in
the matter, as will enable
him to frame a thoroughly
practical and working
Scheme for future action

By this arrangement
Colonel Chapman would
not displace any of the
present Local Superintendence
and thus avoid all
possible dislocation of
the existing Arrangements

Should the Government
Observe he might be
hereby informed that
he will in return be
Pleased to be placed on
