Local Funds.

Distribution of the charges for 1882-83 by service and departmental heads.

Read—

Public Works Department Resolution Nos. 148-60A-G, dated 16th March 1882.

RESOLUTION.—At the time of issue of the Resolution above read complete
information as to the distribution of the estimated Provincial Services and
Incorporated Local Funds transactions during 1882-83, by service and depart-
mental heads of the budget estimates of charges was not available.

The details have now been received, and the table below exhibits the dis-
tribution of the amounts accepted by the Government of India for expendi-
ture by Public Works officers, as shown in the table in the first paragraph of
the above-mentioned Resolution.

In paragraph 5 of that Resolution it was left to the option of the Chief
Commissioner of Assam to make what distribution he considered desirable
of those figures, and he has allocated the entire amount, Rs. 4,75,000, as a
charge to Provincial.

2. In paragraph 5 of Public Works Department Resolution Nos. 150-62A-G. of the 21st March 1881, the Governor General in Council called the attention of the Governments of Madras and Bengal to the large provision in 1881-82 for Civil Buildings as compared with the amount assigned for Communications.

The Governor General in Council observes with regret that in Bengal the disproportion still exists, whilst the grant assigned for Civil Buildings in Madras, as compared with that for Communications is twice as great as in 1881-82. His Excellency trusts that the Governments of Madras and Bengal will use their utmost endeavours to restrict the outlay on Civil Buildings to really essential requirements, and so give effect to the wishes of the Home Government regarding the development of works of communication. If any special reasons exist in explanation of the large outlay on Civil Buildings in Bengal and Madras they should be reported for the information of the Governor General in Council.

3. The percentages borne by the provision for Establishment to that for Works and Repairs in each Province, according to the figures given in the table in paragraph 1, are as follow:—

	PROVINCIAL SERVICES.			INCORPORATED LOCAL FUNDS.		
	Provision for works and repairs.	Provision for establishment.	Percentage.	Provision for works and repairs.	Provision for establishment.	Percentage.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Madras	14,36,250	7,59,666	52.89	55,370	11,668	21.07
Bombay	23,03,200	8,38,811	36.32	20,07,920	2,21,840	11.20
Bengal	47,22,500	9,03,389	19.13	25,443	5,852	23.00
North-Western Provinces and Oudh	27,05,063	8,31,271	30.73	13,04,891	3,36,238	24.63
Punjab	23,46,500	5,93,500	25.29	6,88,607	74,183	10.77
Central Provinces	8,00,000	2,02,300	25.29	55,408	5,541	10.00
British Burma	23,98,450	5,14,900	21.47	4,88,000	1,12,240	23.00
Assam	3,41,332	1,03,668	30.37	...	...	...
Coorg	...	...	...	27,531	5,850	21.25
Rajputana	...	...	...	17,390	1,740	10.01

The above percentages show a considerable reduction in the cost of Provincial establishments in Madras and Bombay: the percentages brought out in the review of the budget estimates for 1881-82 having been 101.65 and 52.47 respectively for those Provinces; the percentages shown are still too high, and it is hoped that a still further improvement in this direction may soon be effected.

Order.—Ordered, that this Resolution be forwarded to the Local Governments and Administrations noted in the margin, for information and guidance.

Ordered also that a copy of this Resolution be forwarded to the Government of India in the Department of Finance and to the Accountant General, Public Works Department, for information.

The revised estimates for the Pelandorai Anicut Project have just been received,
and are now under examination, in the office of the Chief Engineer for Irrigation, who
will see that there is no further delay in submitting them for the sanction of the
Government of India. The funds required for compensation for land taken up for the
project works will be allotted, in anticipation of sanction of the Government of India,
when the estimates are approved.

2. Until the revised estimates for the Srivaikuntham Anicut System submitted
to the Government of India with Proceedings, Madras Government, No. 380 I., dated
8th May 1882, are sanctioned, the current year's allotment for works, viz., Rs. 30,478,
is not available for expenditure.

19TH SEPTEMBER 1882, No. 1001, REVENUE.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue, dated 4th September 1882, Mis. No. 6860 :—

Read—the following letter from A. CRUICKSHANK, Esq., Collector of South Arcot, to the Secretary to the Board of Revenue, dated Cuddalore, 12th August 1882, No. 337 :—

I have the honor to forward, herewith, the Statements Nos. I and II showing the progress made in disposal of claims for compensation for lands taken up for public works including railways, &c., for the half-year ending 30th June 1882. No. I is blank, and No. II includes all cases except those relating to the Cuddalore taluk which I have not been able to enter in the above return, as the statement submitted by the Temporary Deputy Collector, which reached me only on the 5th instant, does not give full particulars of the cases therein referred to. I shall submit a supplemental return as soon as I obtain the further information about those cases.

2. The number of cases pending at the end of the above half-year in each taluk was as shown below :—

Villupuram	...	...	...	...	...	...	17
Tindivanam	...	...	...	...	...	...	101
Chidambaram	...	...	...	...	...	...	500
							618

3. The total number of cases pending at the end of the previous half-year is entered as 581 in the statement submitted with my letter, No. 172, dated 3rd May last, but this figure has since been ascertained to be incorrect, owing to the Sub-Collector's return being inaccurate. Through an oversight in the Sub-Collector's office 24 cases already disposed of were included, and 91 pending cases were omitted in the return for the second half-year of 1881. This is a serious mistake. I have requested the Sub-Collector to cause such returns to be prepared with greater care and accuracy in future. Thus the actual number of pending cases in the sub-division at the end of the above period was 131. This added to the pending cases in other taluks, except Cuddalore, gives 632 as the total number of pending cases for the three divisions, and this figure is entered in column 3 of the present return.

4. The return shows that only 16 cases have been disposed of during the past half-year, but very considerable progress has been made since in reducing the number in the sub-division. All the cases (101) pending in the Tindivanam taluk have since been disposed of. Even in the first thirteen cases pending in the Villupuram taluk the Board in their Proceedings, of the 22nd ultimo, Mis. No. 5508, sanctioned the assignment of fresh grant of lands, but no effect was given to the sanction as the Sub-Collector has submitted a revised statement now with slight difference in the areas and assessment of the lands taken up and proposed for fresh assignment. The Sub-Collector ascribes this discrepancy to wrong conversion of cawnies into acres in the original return submitted to him by the Tahsildar. A revised application is therefore herewith submitted for the Board's sanction in lieu of the one already sanctioned in Board's Proceedings above quoted. Thus there remain only four cases more in the sub-division, and they will also be disposed of as soon as possible.

5. Of the 500 cases pending in the Chidambaram taluk, 497 relate to lands taken up for the Pelandorai project, and the payment of compensation is delayed as Government have not yet signified their approval of the Board's suggestion contained in their Proceedings, dated 15th June 1882, Mis. No. 4456, to authorize the

Collector to disburse the amount of compensation in all those cases. In the remaining three cases some further information has been called for from the Head Assistant Collector, and on receipt of the same they will be taken up for disposal.

6. It is not possible to enter the official year in column 2 of the return in lieu of fasli or calendar year, as the Board's Proceedings, dated 5th ultimo, No. 1721, were received only a few days ago, and it would cause great delay in the submission of this return if the information, which has to be obtained from the divisional officers, were to be waited for to be embodied in it.

The information will be given in future returns.

ENCLOSURE No. 1.—Statement showing progress in disposal of applications for lands required for public works including railways, &c., in the District of South Arcot, for the half-year ending 30th June 1882.

ENCLOSURE No. 2.—Statement showing progress in disposal of claims to compensation for lands required for public works including railways, &c., in the South Arcot District for the half-year ending 30th June 1882.

Resolution—dated 4th September 1882, Mis. No. 6860.

The total number of cases pending in all the taluks, except Cuddalore, for which a supplemental return is promised, was 634. Of these only 16 cases were disposed of during the half-year under report; but 101 cases have been since disposed of, and the payment of compensation in 497 cases has been deferred for want of funds. The Board's suggestion for the immediate disbursement of compensation in these latter cases is under the consideration of Government in the Public Works Department. (*Vide* paragraph 6 of G.O., dated 3rd July 1882, No. 679.)

2. The revised statement of compensation for Inam lands referred to in paragraph 4 of the Collector's letter has been separately disposed of.

Paragraph 5 of Collector's letter.

As regards the outstanding claims connected with the Pelandorai project, the Board will be referred to G.O., P.W.D., dated 24th August 1882, No. 666 I. The requisite funds will be allotted at an early date.

2. With reference to paragraphs 1, 3, and 4 of his letter, the Government desire that the Collector will take steps to ensure, for the future, greater accuracy and more completeness in the returns submitted to him.
