READ—the following papers :—

From J. W. RUNDALL, Esq., Superintending Engineer, Second Circle, to the Inspector-General of Registration, dated Bezvada, 12th August 1882, No. 458 N.L.

I have the honor, with reference to G.O., No. 557 W., dated 3rd March 1882, to forward herewith an estimate amounting to Rs. 2,430 for the construction of a Sub-Registrar's Office at Kandukur in the Nellore District accompanied by a report.

One Estimate.
Two Reports.

2. A site plan is likewise forwarded.
3. If approved I request you will be good enough to countersign the estimate and forward it and the other papers to the Chief Engineer, Public Works Department, for the eventual sanction of the estimate by Government.

No. 1772.

Endorsement on the above.

Transmitted to the Chief Engineer with request that the sanction of the Government may be obtained. A terraced building is to be preferred.

No. 122-A.

From J. W. RUNDALL, Esq., Superintending Engineer, Second Circle, to the Chief Engineer, Public Works Department, dated Commamur Canal, 4th October 1882, No. 671 N.L.

I have the honor to retransmit herewith the estimate for the Sub-Registrar's Office at Kandukur, and to state that gravel is met with 2 feet below the surface of the ground. This fact has now been noted in the report.

Two Plans.
One Detailed Estimate.
" Abstract in duplicate.
" Specification.
Two Reports.
One Letter.

2. I think an inspection of the site plan will show that neither a hedge nor a boundary wall is necessary. The proposed building will be surrounded on three

sides by the walls of existing houses or compounds, and a wall facing the road is hardly necessary. I have, however, added a lump sum of Rs. 25 to the estimate for laying gravel in the compound. If this be done the small area can easily be kept clean.
