No. 401.

Report to accompany the Estimate of Rs. 1,200 for constructing a Third-class Police Station-house at Kodumudi in Coimbatore District.

At the request of the Assistant Inspector-General of Police, Madras, in his letter, No. 1812, dated 24th March 1881, the estimate was prepared according to the revised standard design with tiled roof approved of in G.O., No. 1828 W., dated 2nd August 1880, except the foundations of the walls, the dimensions of which have been altered to suit the nature of the soil.

2. The building in question is proposed to be in the place where the old station is now existing which is to be demolished; a ground plan showing the site of the proposed building is also enclosed. The portion of land enclosed by red lines seems to have been exchanged from one of the ryots in lieu of that lying opposite to the present Police-station.

3. The abstract estimate and the site plan have been approved and counter-signed by the Assistant Inspector-General of Police. The estimate amounting to Rs. 1,200 may be sanctioned and funds provided in the next official year, as the above officer desires to carry out the work in 1883-84.

CALICUT,
21st September 1882.

(Signed) H. R. MEAD, Lieut.-Col., R.E.,
Superintending Engineer, Fourth Circle.
To the Chief Engineer, Public Works Department.

No. 1787 C.

Referred to the Inspector-General of Police for consideration whether the mud wall, which appears from the site plan to enclose the ground on which the new Police-station is to be built, might not be replaced by an aloe hedge.

(By order.)

No. 166-A.

From Colonel H. D. CLOETE, Inspector-General of Police, to the Chief Engineer, Public Works Department, dated Madras, 17th October 1882, No. 5303.

In reply to your endorsement, No. 1787, of 4th October, on the accompanying papers, I have the honor to state that I do not consider it advisable in this case to

have an aloe hedge instead of a mud wall, as the station is surrounded by villagers' huts in close proximity to the station; an aloe hedge would harbor snakes and afford shelter to the villagers committing nuisance behind it.
