25TH OCTOBER 1882, No. 2794 W., PUBLIC WORKS.

2794
GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

No. 174.

READ—the following papers:—

From Colonel H. D. CLOETE, Inspector-General of Police, to the Secretary to Government, Public Works Department, dated Madras, 21st September 1882, No. 4792.

I have the honor to forward for sanction the accompanying rough plan and estimate, &c., amounting to Rs. 2,200, together with a communication, No. 148 M., dated 11th instant, from the Superintending Engineer, Fourth Circle, for the construction, by Department of Public Works, of a compound wall around the Police head-quarter office at Calicut, Malabar District, in 1883-84.

2. The Deputy Inspector-General reports that the work is necessary, and though not emergent it is evident from the Executive Engineer's specification that the condition of the railings now enclosing the compound is not very creditable to a public office at district head-quarters. It is desirable to carry out the work from the Department of Public Works Budget funds during the ensuing official year, and the papers are therefore forwarded direct as suggested by the Superintending Engineer.

No. 1786 C.

Referred back to the Inspector-General of Police for consideration whether a gateway with ten feet of walling on either side, and a ditch bank and aloe hedge for the remainder of the boundary, might not be substituted for the proposed enclosing wall.

(By Order.)

4th October 1882.

(Signed) ROSS THOMPSON, Lt.-Col., R.E.,
Ag. Dy. Chief Engineer, P.W.D.

No. 174-A.

From Colonel H. D. CLOETE, Inspector-General of Police, to the Chief Engineer, Public Works Department, dated Madras, 17th October 1882, No. 5301.

In reply to your endorsement, No. 1786, of 4th October, on the accompanying papers, I have the honor to forward a

* No. 502, dated 9th October 1882. letter * from the Superintendent of Police, who has been many years in Malabar, and who knows from experience that a bank and aloe hedge would require constant repair and be no protection against cattle trespassing in the compound. The office is situated in a very public place, and although the work is not of an emergent nature, I think it ought to be undertaken when funds are available; it would add not only to the security of the buildings, but improve the appearance of the place generally.

No. 175.

ORDER—dated 25th October 1882, No. 2794 W., Public Works.

The estimate, amounting to Rs. 2,200, for constructing a compound wall around the Police Office at Calicut, in the Malabar District, is sanctioned for execution in 1883-84.

2. This sanction has been registered as Provincial No. 142 W. of 1882-83, and classified as Civil Buildings, Original Works.

I have the honor to forward for sanction the accompanying rough plan and estimate amounting to Rs. 2,200 together with a communication N^o 148 dated 11th instant from the Superintending Engineer, IV Circle for the construction by D. P. W. of a compound wall around the Police Head Quarter office at Calicut, Malabar District in 1883-84. 2. The Deputy Inspector General reports that the work is necessary and though not emergent it is evident from the Executive Engineer's specification that the condition of

of the railings now enclosing the compound is not very creditable to a public office at District Head Quarters. It is desirable to carry out the work from the D.P.W. Budget funds during the ensuing official year and the papers are therefore forwarded direct as suggested by the Superintending Engineer.

District Police Office,
Calicut 9th October 82
No 502
From The Superintendent of Police,
Malabar
To The Asst Inspector of Police,
Madras

Sir,
With reference to the cor-
respondence marginally en-
closed which I return herewith
I have the honor to state
that I do not think
that a gateway with ten
feet of walling on either
side, & a ditch band and
also hedge for the remainder
of the boundary is the
answer for my District Office.

2. It would be exceedingly
difficult to keep the band
in order in a District like
this where the rain fall is
so heavy, & it would be
constantly requiring repair
& would never look neat.
Again such a band with
ditch would not keep out
such cattle as there are
in Malabar as has been
proved over & over again

1. Letter of 4/9/82 dated 21st Sept 1882
from the Supt. Genl of Police
to Government.
2. Endorsement of 17/10/82 of H. Q. Office
by Mr. Dy. Chief Engineer.
3. Your letter of 6th Oct 82.

At Police Malabar 25/10

on the Madras Railway run-
ning thro' the District both
sides of which were for miles
a miles planted with aloes,
all of which have been removed,
& an iron fencing substituted
in place of them.

3. I am decidedly in favor
of a good substantial wall
such as is proposed to be built
which would always be neat,
& require little or no repairing.

4. In conclusion I beg to
state that the Head Quarter
Office stands in one of the
most public places in Calicut,
& that it is proposed to build
a new District Court close to
it, at a cost, I learn, of about
50,000 Rupees & I would sub-
mit that it is highly desir-
able to have a neat wall
erected to be in keeping
with the place.

I have the honor to be,
