From H. F. CLOGSTOUN, Esq., Officiating Accountant-General, to the Chief Secretary to Government, dated Fort St. George, 11th January 1882, No. 84 [Current No. 62].

Budget Department.

I have the honor to forward copy of an extract from the Civil Budget Estimate for 1882-83 of the portions relating to

	RS.	Public Works by Civil Officers, and to
* 1880-81	29,26,687	state that, with reference to the low* rate
Eight months of 1881-82 ..	15,94,110	of expenditure incurred in the eight

months ending November last in connection with Local Funds under Act IV of 1871, I have thought it advisable to fix the Regular Estimate at Rs. 32 lakhs and the Budget Estimate for 1882-83 at Rs. 36 lakhs, against a provision of Rs. 41,96,657 and Rs. 42,57,300, respectively, estimated by the Board of Revenue.

2. The estimates which I propose to adopt are based solely on the consideration that the Local Fund Engineering Establishments are not likely to be able to spend larger sums with advantage, but a further objection to the Board's estimate seems to lie in the fact that if worked up to, the total Local Fund balance at the end of the year 1882-83 would be reduced to $8\frac{1}{2}$ lakhs divided between thirty-one circles, a balance which appears to me to be decidedly insufficient.
