The outlay in the year under Provincial amounted to Rs 1241921. This amount was less than the Regular Estimate by Rs 199740 and fell short of the final Grant by Rs 378285. The short outlay may be traced in the following statement chiefly to the heads Civil Buildings and Miscellaneous Public Improvements under Original Works and to Tools and Plant and Suspense.

The lapse of Grant under Original Works Civil Buildings contained an un-appropriated balance of Rs 62958 of the Minor Works Grant held in reserve with Government. The short outlay under Miscellaneous Public Improvements was caused by the non-adjustment of outlay connected with the Headrad Water Works. The savings under Tools and Plant and Suspense are due as will be observed to the large credits under those heads.

The following statement compares outlay with the Regular Estimate and Final Grant and shows savings or excess under the various Departmental and Service heads.

The transactions of the year relating to Major Original Works differed from the Budget Programme in the following respects.

Two Works under Civil Buildings and one under Miscellaneous Public Improvements for which provision was made in the Budget to the extent of Rs 116,850 were not undertaken.

Twenty four Works for which provision was made in the Budget to the extent of Rs 321,484 were proceeded with during the year and outlay incurred thereon amounting to Rs 210,832.

Establishment

The budget grant to meet the charge for Establishment under Provincial was Rs 646599- This amount was increased in the Regular Estimate to Rs 665429 and in the final grant to Rs 664953- After the distribution of the total Establishment charge under the several heads according to the prescribed percentage the net debit to Provincial Establishment amounted to Rs 705784 as shown in the margin. This amount exceeded the Regular Estimate by Rs 40355 and the final grant by Rs 40,831- The excess is chiefly due

due to a large debit to Provincial
in relief of Local Funds. The
adjustment was much in connection
with the Cortelliar bridge and
was effected in accordance with
the instructions contained in G. O.
No. 1681 W dated the 4th July 1882. The
outlay on works and Repairs under
Provincial amounted to Rs. 622217
and the charge to Provincial on
account of Establishment being Rs. 705784
results in a percentage of Rs 113.4
which the cost of Establishment bears
to the outlay on Works and Repairs.

Tools and Plant.

The Budget allotment
for Tools and Plant under
Provincial was Rs. 27,962, which
was reduced in the Regular
Estimate

Estimate to Rs 6,997 and increased in
the final grant to Rs 1,20,407. It will be
observed from the distribution noted
in the margin that the debit to
Provincial resulted
in a minus
entry of Rs 31,802
and thus a large
portion of the
Provincial Grant
was set free which accounts for
one of the reasons of the large
lapse of Grant previously re-
ferred to.

Profit and Loss

The debit to Profit and
Loss amounted to Rs 11,788 and
is in excess of the amounts
written off in the past two years.

The items are detailed in the Statement which accompanies and with the exception of those noted in the margin are small being in each case less than Rs 500.

Rs 596 sanctioned to be written off in G. O. No 2185 Fr dated 3d September 1881, being deficiency in lime manufacture on account of the Ellore Canal.

Rs 833-2-6 sanctioned to be written off in G. O. No 1827 Fr dated the 26th July 1881 being loss by sale of certain articles borne on the Stock Return of the Presidency division.

Rs 4604-7-11 sanctioned to be written off in G. O. No 1029 Fr dated the 19th January 1882 being difference between valuation price and book value of certain quantity of iron sent to the Public Works Stores from Bezwada.

Rs 2654-8-3 sanctioned to be written off in G. O. No 914 Fr dated 4th April 1881 being loss by sale of certain articles borne in the Stock Returns of the Cuddapah division.

Rs 516-12-9 sanctioned to be written off in G. O. No 999 Fr of 22nd April 1881 being loss of sale by stock in the Nellore division

Suspense Balances.

No grant was provided under this head. The transactions of the year as shown in the margin resulted in a credit of Rs 58,776. This credit of course sets free a corresponding portion of the Provincial grant, and thus comprises one of the items that make up the large lapse of the Provincial grant. The credit

it will be observed is due to the large recovery under Miscellaneous advances which is attributable to the adjustment of a great portion of the debit placed under that head in the Accounts of the previous year as a temporary adjustment of the old differences between the Accounts of the Civil and Public Works Departments.

Revenue.

The Regular Estimate on account of Provincial Revenue for 1881-82 was Rs 1,70,000 while from the Statement of revenue which accompanies it will be observed that the receipts realized amounted to Rs 263,854

or Rs 93,854 in excess. The amount of receipts is also much in excess of the realizations of past years and is principally due to a large decrease of Capital in the Public Works Workshop at the Presidency caused by the disposal of a large amount of Stock.
