Guntur

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers :—

Proceedings of the Board of Revenue, dated 11th August 1882, No. 2007.

ABSTRACT.—Reviewing and submitting to Government the revised Local Fund Budget Estimates of the newly-constituted Bellary and Anantapur Circles for 1882.

Proceedings of the Board of Revenue, dated 25th August 1882, No. 2139.

ABSTRACT.—Submitting to Government remarks of the Director of Public Instruction on the revised Local Fund Budget Estimates of the Bellary and Anantapur Circles for 1882-83; and recommending Government to sanction the opening of an Elementary Normal School at Anantapur.

ORDER—dated 12th October 1882, No. 1452, Financial.

With the first of the above Proceedings the Board of Revenue submit the budgets of the reconstituted Bellary Circle and the newly-formed Anantapur Circle for 1882-83, the Government having sanctioned the formation of these circles in the Bellary District in lieu of the old circles—Bellary, Gooty, and Penukonda. Detailed budgets for the last-named circles for 1882-83 were separately reviewed and passed,* and revised budgets for the new circles were ordered to be submitted for *formal* sanction only. The Presidents have, however, found it necessary to make important changes in the original budget proposals for the year. These are clearly set forth in the papers now laid before Government, and the points on which the orders of Government are required will be noticed below in the order adopted by the Board of Revenue.

G.O., 26th January 1882, No. 161.

* G.O., 10th March 1882, No. 284.
„ 14th June „ „ 458.
„ 15th „ „ „ 481.

2. The course pursued in regard to the ascertainment and apportionment of the opening balance is correct.

3. The large falling off in the ferry rents noticed by Government is not explained. It is noted that a small increase is now estimated in the budget.

Vide para. 3 of G.O., 10th March 1882, No. 284.

4. The Land-cess estimate appears to be still too low. The heavy arrears in the Bellary and Gooty Circles pointed out by Government do not appear to have been taken into account in framing the present estimate, and the Board of Revenue do not allude to the application for remission, dated the 1st April, to which the Bellary President refers in his letter. The matter requires prompt attention in order that the outstanding arrears may be reduced as much as possible.

5. The provision for new works in Bellary is largely in excess of the original estimate, owing to increased funds being available from the opening balance; and is fully explained by the President. The liberal allotments made for repairs in the

original budget are raised still further for many of the roads. In Anantapur, on the other hand, the provision for new works has been struck out by the Board of Revenue, and the maintenance grant for roads cut down from Rs. 73,740 to Rs. 65,520. The Government cannot permit the latter reduction, seeing that the roads of the circle are reported by the President to be in a "miserable condition." In order, therefore, to retain the original provision for repairs to roads, the amount reserved for famine adjustment will be reduced by Rs. 8,220. The Board of Revenue have correctly ruled that the charge for avenues should be debited to the General, *not* to the Road Fund ; and the Government concur with them in thinking that the contribution to the proposed Municipal Dispensary building should be struck out. It is observed that the latter has not been taken credit for in the Municipal Budget.

6. The enhanced provision for the Local Fund Engineering Establishment is passed.

7. The proposed establishment of a separate Normal School at an estimated cost of Rs. 1,560 for the Anantapur Circle has received the approval of the Director, and is sanctioned. The amount should be inserted in the budget. The contribution towards the girls' school at Anantapur is passed in view of the explanation furnished by the Director.

8. Six new dispensaries are proposed for establishment. The Government sanction the proposal, as also the employment of an additional Second-class Deputy Inspector of Vaccination in Bellary and a First-class Deputy Inspector in Anantapur.

9. The Revenue Board's proposals regarding office establishments in paragraph 12 are approved.

10. Subject to the above remarks, the Budget Estimates of the Bellary and Anantapur Circles for 1882-83 are passed.

With order

BOARD OF REVENUE, 11TH AUGUST 1882, No. 2007.

PROCEEDINGS OF THE BOARD OF REVENUE.

READ—the following letter from N. A. ROUPELL, Esq., Acting Collector and President of the Local Fund Board, Anantapur, to the Secretary to the Board of Revenue, dated Penukonda, 13th February 1882, No. 186:—

ABSTRACT.—Submitting Local Fund Budget of the Anantapur Circle for the ensuing official year 1882-83.

READ—the following letter from H. B. GRIGG, Esq., M.A., Director of Public Instruction, Madras, to the Secretary to the Board of Revenue, dated 12th April 1882, No. 2029:—

With reference to the Local Fund Budget Estimate of the Anantapur Circle for 1882-83, I have the honor to state that the provision therein made amounts to Rs. 9,930 as shown below:—

	Rs.
Inspection	3,180
Training Schools	990
Local Fund Schools	1,850
Grants-in-aid	3,480
Miscellaneous	430
Total ...	9,930

2. The grant for inspection was intended to meet the salaries and travelling and contingent allowances of one additional Deputy Inspector and four Inspecting Schoolmasters. The Deputy Inspector states that since the date of the preparation of the Budget, the Local Fund Board have resolved to dispense with all the Inspecting Schoolmasters and to entertain another Additional Deputy Inspector in their place. Whether it is expedient to dispense altogether with Inspecting Schoolmasters I am in doubt, but I have none as to the propriety of employing an additional Deputy Inspector with or without Inspecting Schoolmasters, and therefore I recommend the proposal for sanction. The allotment for inspection may also be reduced by Rs. 500, as Rs. 2,680 will be sufficient to cover the salaries and allowances of two additional Deputies.

3. Rs. 990, provided for training schools, should be shown under "Miscellaneous," as the amount represents the contribution payable to the Bellary Local Fund Board for this Training School.

4. Under Grants-in-aid, Rs. 180 are allotted for salary and Rs. 3,300 for results grants. The Deputy Inspector recommends that the latter sum should be raised by

Rs. 500, and as there are 367 result schools which may be expected to earn grants, I beg to support the recommendation. The saving effected under "Inspection" is sufficient to cover the increased charge.

READ—the following letter from H. B. GRIGG, Esq., Director of Public Instruction, Madras, to the Secretary to the Board of Revenue, dated 14th April 1882, No. 2091 :—

I have the honor, in returning the enclosed papers, together with a letter in original from the Inspector of the Second Division approving the Local Fund Board's recommendation, to state that I will not object to the proposals of the Board, although I am disposed to doubt whether the time has come for dispensing with the services of Inspecting Schoolmasters altogether, although there can be no doubt as to the expediency of increasing the number of Deputy Inspectors.

ENCLOSURES NOS. 1 and 2.—Extracts from Proceedings of the Local Fund Board Anantapur.

ENCLOSURE No. 3.—Letter from the President of the Local Fund Board, Anantapur.

ENCLOSURE No. 4.—Letter from the Inspector of Schools, 2nd Division.

READ—the following letter from H. P. GORDON, Esq., Collector and President, Local Fund Boards, Bellary, to the Secretary to the Board of Revenue, dated 29th May 1882, No. 1888 :—

I have the honor to submit the Budget Estimates of the newly-constituted Bellary Circle for 1882-83.

2. I much regret the delay which has arisen in their submission, but the Board will observe that the financial circumstances of the Bellary Circle have been altered so greatly by the abolition of the Gooty Circle and by the addition to the Bellary Circle of the taluks of Adóni and Alúr, that a mere addition to the sanctioned Bellary Budget of the items provided in the Gooty Budget for those taluks would not have been a satisfactory proceeding. The budget now submitted is to a great extent a new one suited to the novel circumstances of the circle.

3. It has received the sanction of the Circle Board.

4. The accounts of March last having already been audited by the District Audit Establishment, the audited figures have been adopted for the opening balance of the year, in preference to the estimated balances quoted in paragraph 4 of the Board's Proceedings, No. 125, dated the 17th of January 1882.

5. These audited figures will, however, sustain a small deduction of about Rs. 1,000 when the share of the cost of the Presidency Establishments, &c., debitable to this circle is intimated to this office by the Accountant-General.

6. The balances as per audited results are as follow :—

	Bellary Circle.	Gooty Circle.
	Rs.	Rs.
Road Fund	71,220	40,824
General Fund	16,077	31,292
Total ...	87,297	72,116

7. In communication with the Collector of Anantapur, the balances of the late Gooty Circle have been distributed in the same proportion as the receipts of the taluks of Alúr and Adóni, now attached to the Bellary Circle, bear to those of the other three taluks, viz., Tadpatri, Gooty and Anantapur, included in the new Anantapur District.

8. As five-ninths constitute the share of the first-named two taluks, the balances of the new Bellary Circle amount to Rs. 93,900 under Road Fund and Rs. 33,460 under General Fund.

9. The receipts of the year are estimated at Rs. 1,49,369 as detailed below :—

Items.	Late Bellary Circle for 1882-83.	Alúr and Adóni Taluks for 1882-83.	Total.
Allotment from Provincial Funds for—	Rs.	Rs.	Rs.
School Buildings	* 734	...	734
Schools	420	...	420
Surplus Pound Fund	500	150	650
Ferry Rents	5,000	800	5,800
Avenues	10	...	10
Fisheries	350	...	350
Cess on Land	80,000	50,000	1,30,000
Tolls	† 5,060	‡ 650	5,710
Fees in Schools and Training Institution	1,250	30	1,280
Contribution from Anantapur Board for Normal School	§ 975	...	975
Miscellaneous...	20	...	20
Market Rents	2,000	...	2,000
Fines and Penalties	300	50	350
Fees from Bungalows	240	20	260
Sale proceeds of school-books	400	30	430
Do. of materials	100	10	110
Do. of other property	100	20	120
Contribution for works unconnected with schools ...	150	...	150
Total ...	97,609	51,760	1,49,369

* One-third the cost of constructing the School-house at Hospet, provided in this budget with reference to paragraph 4 of the Proceedings of the Director of Public Instruction embodied in the Proceedings of the Board of Revenue, No. 1058, dated the 18th ultimo.
† Local Fund share of tolls from Bellary Municipality.
‡ Local Fund share of tolls from Adoni Municipality.
§ One-half the cost of Bellary Training School payable by Anantapur Circle is provided with reference to paragraph 6 of the Proceedings of the Board, No. 125, dated the 17th January 1882.

10. The receipts under "Surplus Pound Fund" and "Fisheries" have been raised, as the income derived from these sources during the last three years clearly shows that the original estimates were low. The receipts under Ferry Rents have also been raised, the original estimate failing through an oversight, to include the moiety of the rent of the Sovainhalli Ferry due to this Circle Board by the Dharwar Board under the arrangement sanctioned in G.O. No. 2147, dated the 14th November 1879, communicated with the Board's Proceedings, No. 11,036, of the 28th idem. The receipts thus revised exceed the original estimate by Rs. 800 :—

Items, old Bellary Circle.	Receipts, 1879-80.	Receipts, 1880-81.	Receipts, 1881-82.
	Rs.	Rs.	Rs.
Surplus Pound Fund ...	628	580	547
Fisheries ...	369	381	390
Ferries ...	3,428	6,093	5,203

	As per original Budget.	As now revised.	Increase.
	Rs.	Rs.	Rs.
Surplus Pound Fund ...	350	500	150
Fisheries	200	350	150
Ferries	4,500	5,000	500
Total ...	5,050	5,850	800

11. Looking to the very unsatisfactory nature of the season which is now drawing to a close, and which was reported on in Collector's letter to the Board, No. 628, dated the 25th February last, and to the progress of collections during the last three years as noted in the margin, I apprehend that the land-cess collections will not exceed Rs. 80,000 for the six taluks of the old Bellary Circle, and Rs. 50,000 for Alúr and Adóni taluks now transferred thereto. Pending disposal therefore of the Collector's reference to the Board, No. 1180, dated the 1st ultimo, regarding land-cess remissions, the Circle Board resolve to enter Rs. 1,30,000 as the estimated income under that head.

	RS.
1879-80	91,597
1880-81	79,803
1881-82	68,110

12. The total available assets of the year are Rs. 1,93,186 under Road Fund, and Rs. 83,543 under General Fund.

13. *Grant I, New Works.*—The Circle Board propose to spend Rs. 35,576 on the undermentioned works :—

	RS.
(*a*) Completing the remetalling of the Dharwar Road No. I, the expenditure incurred up to last year amounting to Rs. 60,385 against the estimated outlay of Rs. 61,365	980
(*b*) Laying down stone foundation on that portion of Road No. 3, between Siruguppa and Bellary, which runs through cotton soil. The estimate will follow ...	2,000

Rs. 3,500 allotted in the original budget included also the cost of metalling this road. The metalling has already been partly carried out from the maintenance grant of this road for 1881-82 and will be completed from a similar grant of this year.

	RS.
(*c*) Completing the Road No. 15 from Siruguppa to Adoni.	10,000

This line is 25 miles in length ; the portion between the 13 miles 5 furlongs and the 16 miles 6 furlongs was never made. The allotment proposed provides for the construction of this unmade portion and for executing extra work between the 5th and 23rd miles : the first 5 miles, *i.e.*, the portion between Siruguppa and the Hagari, is in good order and Rs. 500 are provided for its maintenance in Part II, Repairs. The estimate is herewith submitted.

	RS.
(*d*) Constructing a Railway feeder Road No. 35 from the Bellary and Guntakal Road to the Bantanahal Railway Station, in lieu of the road from Chippigiri to that Railway Station sanctioned in G.O., No. 984-W, of the 1st April 1879, communicated with Board's Proceedings, Miscellaneous No. 3863, of the 25th idem	5,000

Chippigiri is already connected with Nancherla and Guntakal Railway Stations by good roads; a third Railway feeder from that village is not required. The Circle Board's resolution on the subject was submitted to the Board with my letter, No. 4706, reviewed in their Proceedings, Miscellaneous No. 1210, dated the 28th October last. The estimate will follow.

	RS.
(*e*) Constructing a school-house at Hospet	2,200

The rented building in which the school at Hospet is at present held does not suit the requirements of the institution. It is with reference to this school that the Director of Public Instruction has in paragraph 4 of his Proceedings, No. 138, embodied in Board's Proceedings, No. 1058, dated 18th ultimo, pointed out that he is prepared to make a building grant of one-third the cost if a proper building is erected. The estimate is herewith submitted.

	RS.
(*f*) Constructing a chattram at Hospet where the Hubli State Railway propose to open a station	5,695

Rs. 4,040 provided in the original budget having since been found to be inadequate, the estimate has been revised and the same is herewith submitted.

	RS.
(*g*) Completing the Coonta or drinking-water reservoir at Solapur in Ráyadrug Taluk	5,712

I have personally visited this village ; it has about 1,000 inhabitants. The well water being too brackish for human consumption, the whole of the drinking-water required is at present brought to the village in barrels on bandies a distance of 5 miles (black cotton soil) from the Hagari River. The reservoir is proposed to be fed after rainfall from a small tank : the soil being black cotton, water does not remain in the tank for more than a short period. It was commenced during the famine. The cost of completing this reservoir amounts to Rs. 9,900 in round numbers. The villagers have agreed to do the earth-work valued at Rs. 4,200, and the Circle Board propose to contribute the balance, viz., Rs. 5,700, to cover the cost of stone, carriage, &c. The estimate is herewith submitted. The outlay proposed is doubtless very large, when compared with the extent of population to be benefited, but the need is very great and the circumstances of the locality are exceptional.

	RS.
(*h*) Constructing a Dead-house in the Alúr Dispensary ...	224
(*i*) Improving the road way from Kamalapoor *via* Talarghatta to the neighborhood of the Vittalasamy Temple at Hampi	600
(*j*) Constructing a culvert of 7 vents on the road from Mysore frontier near Ráyadrug to Coodair ...	925
(*k*) Constructing a bridge over a Vanka near Sovanihully	920
(*l*) Market improvements	1,320
Total Outlay on New Works ...	35,576

14. The provision made in the original budget for contributing to the Dharwar Local Fund Board one-third the cost of constructing a flying bridge over the Tungabhadra at Sovanihully is omitted from the revised budget. During floods in the river, the ferry boats experience considerable difficulty in reaching the landings on either bank of the stream. The necessity of providing a flying bridge was, after much discussion, recognized both by this as well as by the Dharwar Circle Board. The latter claimed one-half the cost, but the former agreed to contribute one-third. Since the despatch of the original budget to the Board, the President of the Dharwar Circle Board has informed me that his Board is not in a position to make any allotment at present. It is presumable that the great mass of the traffic which followed this route will in future be carried by the Bellary-Hubli Railway. It, therefore, is doubtful whether the accommodation proposed will now be required.

15. As ample funds are available, the Circle Board propose to avail themselves of this opportunity to put all the useful district roads in good repair. They have therefore allotted Rs. 73,215 for road repairs, exclusive of Rs. 6,700 which they propose to utilize for the undermentioned miscellaneous improvements :—

	RS.
The total allotment for repairs amounts to	79,915
Maintenance of avenues	5,000
Repairing school buildings	100
Do. Dispensaries	100
Do. Travellers' Bungalows	500
Do. a drinking-water well at Mahajanahalli* ...	1,000
Total ...	6,700

* The villagers contributed Rs. 500 for the repairs of this well in 1881-82, and the amount was credited to Local Funds in the accounts of that year.

16. *Engineering Establishment.*—The services of Mr. Hinds, Local Fund Engineer, being now exclusively confined to the requirements of this circle, the Board propose to curtail from his allowances the extra grant of Rs. 45, sanctioned in G.O., No. 1898, dated 5th of October 1881, in consideration of the size of the old Bellary

District and the cost of his travelling over such a large area. I am very doubtful of the expediency of this proposal. The amount proposed to be expended under the supervision of the Local Fund Engineer during the year is Rs. 1,15,491, and as the Board has declined to provide a second Supervisor, he will have immediate charge of four taluks. It is impossible that he can superintend so large a number of works properly, unless he performs very rapid travelling, the cost of which will not be covered by his regular travelling allowance. I shall seek to get the Circle Board to reconsider this question, and will shortly inform the Board of the result. It is observed that the closing balance is sufficient to meet any additional outlay in this direction which may be required. The total cost of the establishment proposed by the Circle Board—viz., Rs. 17,942,—is within 16 per cent. of the allotment on works.

17. *Tools and Plant.*—The provision made under this head includes the cost of ten hollow cast-iron road-rollers, viz., Rs. 1,400. These rollers can be filled in with sand or gravel while at work and emptied during their transit from one road to another. Stone rollers are comparatively very expensive, heavy and inconvenient for transfer from one place to another.

18. *Contribution to Provincial Funds for Famine Charges.*—Funds permitting, the Circle Board have reserved Rs. 55,780 towards the liquidation of their debt to the State on account of Famine Works. This sum includes Rs. 39,120 mentioned in paragraph 5 of the Board's Proceedings, No. 125, dated the 17th January 1882, and five-ninths of Rs. 30,000 ordered to be reserved in paragraph 5 of their Proceedings, No. 274, dated the 27th idem, on account of the late Gooty Circle.

19. In the absence of information as to the share of the Alúr and Adoni Taluks in the debt due by the late Gooty Circle, this Circle Board have distributed the amount ordered to be reserved against that circle in the same proportion in which the balances of that circle have, with the concurrence of the Collector of Anantapur, been divided between this and the Anantapur Circles.—*Vide* paragraphs 7 and 8 above.

20. *Grant II, Education.*—The educational allotment is Rs. 14,824 exclusive of Rs. 2,300 provided for school buildings. The total outlay—viz., Rs. 17,124,—is distributed as follows :—

	Rs.
Inspection	2,320
Training School	1,980
Local Fund Schools	5,808
Grants-in-Aid	4,100
Miscellaneous	616
New school building at Hospet and repairing school houses.	2,300
Total ..	17,124

21. *Inspection.*—The undermentioned officers constitute the Educational Inspecting Body of the Circle :—

1 Deputy Inspector.
1 Additional Deputy Inspector.
2 Inspecting Schoolmasters.

22. As suggested by the Inspector and approved by the Circle Board, the Bellary and Hospet ranges will contain four taluks each, the former including Bellary, Ráyadrug, Alúr and Adóni, and the latter Hospet, Hadagali, Harpanahalli and Kúdligi. The Deputy Inspector will have the sole charge of Bellary and Ráyadrug, with one of the two Inspecting Schoolmasters in charge of the other two taluks of the Bellary Range under his orders. The Additional Deputy Inspector will similarly have the sole charge of Hospet and Hadagali, and will be assisted in the charge of the other two taluks of the Hospet Range by the other Inspecting Schoolmaster.

23. *Training School.*—The entire cost of the institution is entered under Charges, and the contribution from the Anantapur Circle under Receipts.

24. *Local Fund Schools.*—The additional teacher sanctioned for the school at Kótúr has been entertained, the attendance being now 56 pupils. The Circle Board

have, with reference to paragraph 5 of the Director's letter embodied in Board's Proceedings, No. 666, dated 6th of March last, fixed the payment from school fees to the teacher at Hampaságar at 75 per cent. of the fee collections, the fees being credited to Local Funds. Results Grants are to be awarded at full rates. Rs. 50 have been allotted for class books, &c.

25. *Grants-in-Aid.*—Rs. 4,000 have been provided for Results Grants. Should, however, the actual requirements exceed this allotment, the Circle Board will be prepared to provide for the excess from the General Fund Reserve.

26. *Grant III, Hospitals and Dispensaries.*—The Circle Board propose to establish a 3rd Class Dispensary at Kúdligi, where the want of an institution of this kind has been long felt. The Circle Board have been precluded hitherto from meeting the want, from deficiency of funds. The Board will observe that Kúdligi is first on the list of places to be furnished with dispensaries, which was submitted to the Board in reply to their Proceedings, No. 155, dated 29th January 1880. Provision has been made for securing the services of a Civil Apothecary of one year's standing on a monthly salary of Rs. 50. A Midwife will be attached to the dispensary. No provision has been made for the treatment of in-patients for the present. The annual cost of the institution will be Rs. 1,232 as detailed below :—

	Rs.
Civil Apothecary (¾ of pay chargeable to Local Funds)	450
One Compounder on Rs. 6 and one servant on 5 Rs. a-month.	132
Medicines, &c.	300
Contingencies and Miscellaneous	100
Inspection by Civil Surgeon	70
Midwife	180
Total	1,232

27. Of the eight taluks comprised in this circle, Bellary and Adóni have Municipal Dispensaries, to which the Circle Board contribute annually Rs. 1,200 and Rs. 600 respectively. Alúr, Hospet and Harpanahalli have dispensaries maintained purely from Local Funds. It is now proposed to add Kúdligi to the list. The Circle Board contribute Rs. 500 to the dispensary at Kalyándrúg in the Anantapur District in consideration of the medical aid rendered by that institution to the inhabitants of the Ráyadrug Taluk.

28. One-half of the cost of the Municipal Dispensary building at Adóni was originally contributed by the late Gooty Circle. The Municipality has now prepared an estimate for Rs. 1,000 for building a compound wall, and has applied to this Circle Board for the grant of a moiety of the cost. The Circle Board having agreed to contribute this moiety, provision is made for it in this Budget.

29. The total estimated outlay under Hospitals and Dispensaries amounts to Rs. 12,966 as shown below :—

	Rs.
(*a*) Local Fund Dispensaries at Alúr, Hospet, Harpanahalli and Kúdligi	7,449
(*b*) Employment of Medical Pupils	360
(*c*) Maintenance of Lunatics	650
(*d*) Contribution to the Municipal Dispensary, Bellary	1,200
(*e*) Contribution to the Municipal Dispensary, Adóni	600
(*f*) Contribution to Anantapur Circle Board's Dispensary at Kalyándrúg	500
(*g*) Contribution to Adóni Municipal Dispensary for the erection of a compound wall	500
(*h*) Contribution to Medical College, Madras	1,383
(*i*) Constructing Dead-house, Alúr Dispensary, and repairs of other dispensary buildings provided for in Grant I	324
Total	12,966

30. *Vaccination.*—At the suggestion of the Inspector of Vaccination, the Circle Board have resolved to provide a First-class Vaccinator to each taluk; to entertain an additional Deputy Inspector of Second Class for the better supervision of vaccine operations; to attach a peon to each Deputy Inspector; and to allow batta to Deputy Inspectors as well as to their peons for the days on which they travel.

31. The following abstract shows the present and the proposed scales of the vaccine staff of this circle:—

	Present Scale.				Proposed Scale.								
	Number.	Monthly Pay.	Batta.	Total.	Number.	Monthly Pay.	Batta.			Total.		
		Rs.	Rs.	Rs.		Rs.	Rs.	A.	P.	Rs.	A.	P.
Deputy Inspector of First Class.	1	70	...	70	1	70	30	0	0	100	0	0
Peon	...	..	...	...	1	6	1	14	0	7	14	0
Deputy Inspector, Second Class.	...	...	...	...	1	40	30	0	0	70	0	0
Peon	...	...	...	...	1	6	1	14	0	7	14	0
Vaccinators of First Class on Rs. 18 each	2	36	15	51	2	36	15	0	0	51	0	0
Vaccinators of First Class on Rs. 15 each	2	30	15	45	6	90	45	0	0	135	0	0
Vaccinators of Second Class on Rs. 10 each	14	140	105	245	10	100	75	0	0	175	0	0
Probationers	7	35	34	69	7	35	28	0	0	63	0	0
Total ...	26	311	169	480	29	383	226	12	0	609	12	0

32. Rs. 500 have been provided for payment of batta to the mothers of vaccinated children, Rs. 1,383 for inspecting agency, and Rs. 180 for contingencies.

33. The provision made for sanitation under Grant III is Rs. 5,830 exclusive of Rs. 6,712 provided under Grant I for the improvement of drinking-water supply. The entire provision made for sanitation purposes amounts, therefore, to Rs. 12,542 as particularized below:—

	Rs.
Sanitary Establishment	2,830
Fairs and Festivals	1,000
Unforeseen Charges	500
Improvement of drinking-water supply	7,712
Village-site improvement	500
Total ...	12,542

34. *Sanitary Establishment.*—The Circle Board have sanctioned the entertainment of a cart with bullocks for the conservancy of Ráyadrug, at a monthly cost of Rs. 15.

35. *Fairs and Festivals.*—The provision made heretofore for special sanitary, &c., arrangements on the occasion of the chief annual festivals, was Rs. 300 for Hampi in the Hospet Taluk, Rs. 300 for Mylar in Hadagali, and Rs. 100 for Manchala in Adóni. The number of pilgrims who visited Hampi during the last feast was about 70,000, and the sanitary, &c., arrangements made on the occasion cost more than Rs. 400. As the gathering will probably be increased during the next feast in consequence of the expected opening of the Hubli State Railway to Hospet, the Circle Board have deemed it necessary to provide Rs. 1,000 under this head.

36. *Unforeseen Charges.*—Provision is made under this head for extra expenditure to check the spread of epidemic disease.

37. *Improvement of Water-supply.*—The allotment under this head amounts in the aggregate to Rs. 7,712 as under:—

	Rs.
Completing kunta at Solapur—*vide* paragraph 13 (*g*) above ..	5,712
Repairing the well at Mahajanhalli—*vide* paragraph 15 above	1,000
Sundry other wells	1,000
Total ...	7,712

38. *Village-site Improvements.*—Rs. 500 are provided under this head. Further provision can be made, if necessary, from the reserve.

39. *Grant IV, Establishment.*—In consideration of there being only one Local Fund Circle in the district instead of three as heretofore, the Circle Board have resolved to allow only one clerk for the Circle Office on Rs. 45 a-month, and one Accountant for Collector's Office on Rs. 40, in lieu of one clerk and a peon on Rs. 35 and Rs. 7 respectively, and three Accountants on Rs. 40, Rs. 30 and Rs. 25. The financial effect of this change is a saving of Rs. 52 a-month.

40. The year is estimated to close with a surplus balance of Rs. 13,146 under Road Fund, and Rs. 7,673 under General Fund.

41. The sum of Rs. 650 adverted to in the concluding part of paragraph 3 of G.O., No. 284, dated the 10th March last, was not a refund of excess Ferry Rent: it was a refund of fine. Out of the fine collected from Bhogappa, the Cashkeeper of this office, Rs. 650 due to "Ferry Rents" was credited to that head. As the fine was, in Proceedings, No. 467, dated 19th March 1881. Government Order quoted in the margin, ordered to be refunded to him, the sum in question was debited to "Ferry Rents" and paid to him.

READ—the following letter from H. P. GORDON, Esq., Collector and President of the Local Fund Boards, Bellary, to the Secretary to the Board of Revenue, dated 16th June 1882, No. 2111:—

Referring to paragraph 16 of my letter, No. 1888, of the 29th ultimo, I have the honor to forward the accompanying extract from the Proceedings of the Circle Board sanctioning the continuance, for the current official year, of the extra grant of Rs. 45 a-month to the Local Fund Engineer, in consideration of the very rapid travelling he has to perform for the efficient supervision of so large a number of works as have been budgeted for for this year.

2. The Circle Board have also sanctioned the entertainment, for this year, of an extra Supervisor on Rs. 100 a-month with batta at Re. 1 per diem, and an establishment under him of one clerk on Rs. 15 and two lascars on Rs. 6 each, with batta at three-tenths of their respective salaries.

3. The Supervisor already attached to the Engineering establishment of this circle is in charge of four taluks, and the extra Supervisor now sanctioned will have immediate charge of the works in the other four taluks of this district.

4. These extra items of expenditure amount to Rs. 1,695 for this year as detailed below, and can be safely met from the expected closing balances of the year;—

	RS.	A.	P.
Extra grant to Local Fund Engineer at Rs. 45 a month	540	0	0
Extra Supervisor at Rs. 100 a-month, for seven months from August next	700	0	0
His batta at Rs. 30 a-month	210	0	0
One Clerk on Rs. 15 per month, for seven months ...	105	0	0
His batta at three-tenths of his salary	31	8	0
Two Lascars at Rs. 6 each, for seven months	84	0	0
Batta at three-tenths of their pay	24	8	0
Total ...	1,695	0	0

	RS.
* Provision already made in the budget.	17,942
Additional cost now proposed ...	1,695
Total ...	19,637

5. Should the Board see no objection, I request that provision may be made for this expenditure in the budget now before them. The total cost of the Engineering establishment, viz., Rs. 19,637,* is only 17 per cent. of the allotment on works.

ENCLOSURE No. 1.

EXTRACT from the Proceedings of the Local Fund Board, Bellary Circle, dated 29th May 1882.

* * * * * * *

Read No. 1754 from the President of this Board, soliciting the Board's reconsideration of the provision made in the current year's budget for Local Fund Engineering establishment, observing that the works proposed to be carried out during the year through this agency are estimated to cost Rs. 1,15,491, a sum considerably larger than has hitherto been expended, and that it will be impossible for the Engineer to exercise a proper check over this large outlay if he has immediate charge of four taluks; or that he could properly supervise so large a number of works except by rapid travelling, the cost of which would not be covered by the regular allowance in accordance with rules, and proposing that the reduction of the extra allowance of Rs. 45 a-month be postponed for the current year, and that an extra Supervisor and establishment on Rs. 100 be allowed, the additional cost which this proposal would involve being, when added to the provision already made in the budget, still within 23 per cent. of the allotment on works.

Resolved that, under the circumstances stated, the reduction of the extra allowance of Rs. 45 a-month be postponed for this year, and that the entertainment of an additional supervisor and establishment at a monthly cost of Rs. 165, as shown below, be sanctioned for this year:—

	Pay.			Batta.			Total.		
	RS.	A.	P.	RS.	A.	P.	RS.	A.	P.
Supervisor	100	0	0	30	0	0	130	0	0
Clerk	15	0	0	4	8	0	19	8	0
Two Lascars at Rs. 6 each	12	0	0	3	8	0	15	8	0
Total ...	...			..			165	0	0

2. At the meeting held on the 1st May 1882, the Board declined to sanction this extra establishment permanently, as the cost of supervision including the extra charge may exceed the prescribed percentage in ordinary years.

READ—the following letter from N. A. ROUPELL, Esq., Acting Collector and President, Local Fund Board, Anantapur, to the Secretary to the Board of Revenue, dated 28th June 1882, No. 259:—

I have the honor to submit a revised Budget Estimate of the Anantapur Circle for the current official year 1882-83, which was approved by the Local Fund Board at their meeting held on the 26th instant. A copy of their Resolution on the subject is enclosed.

2. The original budget had to be despatched amidst the confusion consequent on the creation of the new circle. At that time correct information was not available as to the amount in hand on 31st March last, and this year's opening balance was roughly estimated at Rs. 25,000. From information subsequently obtained from the President of the Bellary District, the true balance was ascertained to be Rs. 76,196.* A surplus of Rs. 51,196 therefore remained to be utilized during the current year, and the submission of a revised budget, instead of a merely supplemental one, seemed desirable.

	RS.
* Road Fund	50,491
General Fund	25,705

3. *Receipts.*—The receipt items are the same, with one exception, as those entered in the original budget. Rs. 500 have been entered as probable "Market Rents." This subject is now under enquiry, and application will be submitted in due course, as requested by the Board in their Proceedings, No. 218, dated 23rd January 1882.

4. *Expenditure, Grant I—(a.) New Works.*—No provision was made under "New Works" in the original budget, but a sum of Rs. 6,750 is entered in the revised budget under that head. Of this, Rs. 5,000 under "Communication" are set apart for the construction of masonry culverts on some of the main roads where they are much required. The estimates for these will, if necessary, be shortly submitted for sanction. Rs. 1,750 under "Civil Buildings" are half of the amount, viz., Rs. 3,500, estimated as the cost of constructing a chattram near the Railway Station at Tadpatri. Such moiety will meet the current year's expenditure on the building, an estimate for which will be shortly forwarded.

5. (*b.*) *Repairs—Communications.*—The roads of this circle are at present in miserable condition. The traffic on some is heavy. The care and development of others as main road feeders or as cross lines is of much importance. The maintenance grants have accordingly been increased to the extent noted below, the provision made in the original budget being quite inadequate:—

	Original Budget.	Revised Budget.	Increase.
	RS.	RS.	RS.
1. Road from Kurnool frontier *viâ* Gooty—Anantapur to Mysore frontier	13,000	17,160	4,160
2. Road from Anantapur to Tadpatri	3,800	7,820	4,020
3. Road from Mysore frontier near Choutur *viâ* Hindupur to Bangalore High Road near Somanthapally ...	1,210	2,400	1,190
4. Road from Kodikonda *viâ* Hindupur to Madakasira ...	830	2,060	1,230
5. Road from Penukonda *viâ* Kottacheruvu to Cuddapah frontier near Pamadurti	670	2,310	1,640
6. Road from Dharmavaram *viâ* Kottacheruvu to Kódúr on the Bangalore High Road ...	790	1,970	1,180
7. Road from Mysore frontier near Cumbathur *viâ* Kalyándrug to Bellary	900	2,400	1,500
8. Road from Bangalore Road near Palasamuthram *viâ* Buthally to Cuddapah frontier near Gonniarpally ...	280	700	420
9. Road from Kurnool Road to Gooty Railway Station ...	100	500	400
10. Road from Demajipally *viâ* Dharmavaram and Buthallapally to Nayanapally	550	1,950	1,400
11. Road from Dharmavaram to Marur	90	540	450
Total ...	...	...	17,590

The two roads first mentioned stand first in importance, connecting the two Railway Stations at Gooty and Tadpatri with Anantapur. The traffic on them has received much development since the formation of Anantapur as a separate district.

6. The following are the roads for which no provision was made in the original budget for want of funds, and which are now included in the revised budget :—

	Rs.
1. Road from Anantapur to Kalyándrúg	3,800
2. Road from Kudair to Ráyadrug	1,009
Total ...	4,800

The first of these roads is a mere "Famine road" and the Local Fund Board have not hitherto undertaken its repair, although it is the direct line of postal and other communication between Anantapur and Kalyándrug, which is the head-quarters of a Deputy Tahsildar. The second road was maintained in previous years by the Local Fund Board, but was omitted in the original budget for want of funds. A lump sum of Rs. 2,500 has been set apart for the improvement of village streets.

7. *Civil Buildings* = Rs. 4,000.—These are travellers' bungalows, school-houses, chattrams and dispensaries.

8. The balance under the General Fund being comparatively small and there being a large balance under "Road Fund," the expenditure of Rs. 5,000 provided in the original budget under "General Fund" for "Avenues" under "Miscellaneous Improvements" is now transferred to the Road Fund. I trust that this will meet the approval of the Board.

9. The salaries fixed in the original budget for Overseers being too low to induce competent persons to take up these posts, it is proposed as a stimulus to exertion to increase them to the extent noted below :—

	Rs.
Two Overseers on	50 each.
One Overseer on	45
Two Overseers on	40 each.
Three do.	35 „

with travelling allowance of Rs. 15 each per mensem.

An additional establishment of Maistries on salaries varying from Rs. 15 to Rs. 20 is proposed to be employed in view to carrying out the extensive improvements contemplated in the present budget before the end of the current official year.

The office establishment allowed in the original budget to the Chief Supervisor in charge of the "Local Fund Works" having been found to be insufficient, the following establishment seems now necessary :—

	Rs.
One Accountant on	40
One Draughtsman on	30
One Clerk on	20
One Assistant Clerk on	15
One Attender on	6
Two Lascars on	6 each.

These changes involve an apparently very desirable increase of outlay to the extent of Rs. 2,900.

10. (*g.*) *Contribution to Municipalities.*—The site of the present Anantapur Municipal Dispensary has frequently been condemned by medical officers as unhealthy. The building is an old one in bad repair and far too small to meet the wants of the Municipality, Local Fund Board and Police Department, who possess a joint interest in it. The Police occupy the greater portion of the building, which, in fact, is not too large for their own requirements. It seems desirable that the Police should have their own dispensary. The existing site is very cramped and it is felt for many reasons that a change is necessary. The Municipal Commissioners have lately proposed the erection during the current year of a new building in another quarter of Anantapur at a total cost of Rs. 7,500. Towards this, the Local Fund Board are willing to contribute Rs. 5,000. The remaining sum of Rs. 2,500 is entered as the Local Fund Board contribution towards the erection of a large chattram at Anantapur, the want of which is extremely felt by travellers visiting this place.

11. *Grant II, Education*—(*a.*) *Payment for Inspection.*—The decrease under this head is due to the proposal of this Board to dispense with the services of the Inspecting Schoolmasters and to employ an additional Deputy Inspector in their stead: *vide* Resolution No. 1 forwarded with letter, No. 397, dated 10th March 1882.

(*b.*) *Training Schools.*—In the original estimate a sum of Rs. 990 was provided as a contribution towards the Normal School at Bellary. The Local Fund Board, being of opinion that there is no advantage gained by such a grant for the upkeep of an institution in a different district, have resolved to establish a Normal School at Anantapur under their own management. This Board have no engagement with, or control over, the students in Bellary, none of whom, so far as can be ascertained, have given this portion of the late Bellary District the benefit of their Normal School training, towards which heavy grants have been forwarded to Bellary. Education in this district is in a very backward state and trained teachers are much needed. I trust that the establishment of a Normal School here will effect the needed improvement.

(*c.*) *Local Fund Schools.*—These are only two in number, viz., one in Penukonda and one in Tadpatri.

(*d.*) *Grants-in-Aid—Salary Grants.*—The sum of Rs. 180 provided in the last budget under this head is now withdrawn at the request of the Missionary in charge of the school at Gooty.

(*e.*) *Contributions.*—Rs. 160 are entered as the Local Fund Board contribution to the Anantapur Municipal Girls' School. At present, there is only one Schoolmistress and thirty-five girls. Another Mistress is required. It is proposed to obtain a certificated teacher from Madras. The Local Fund Board wish to assist in the maintenance of this school and have provided Rs. 160—eight months' contributions at Rs. 20 a-month—for this purpose.

12. *Grant III*—(*a.*) *Hospitals and Dispensaries.*—Under this head the large sum of Rs. 6,530 is allotted in the present budget to meet the charges of the three dispensaries at Tadpatri, Penukonda and Kályandrúg and the extra cost of establishing five minor dispensaries at the cusba stations* of the Tahsildars and Deputy Tahsildars, where their want is greatly felt. In some cases, the residents have promised contributions towards their maintenance. What sum will be subscribed is at present uncertain, but there seems to be ground for believing that a fair proportion of the cost will be thereby met.

*Madakasira.	Uravakonda.
Hindupur.	Yadiki.
Dharmavaram.	

13. (*b.*) *Vaccination.*—A larger provision has been made under this head on account of the increased vaccinating staff, as resolved by this Board in their Resolutions, Nos. 2 and 6 of 24th April 1882, copies of which are now enclosed for the information of the Board of Revenue.

14. A sum of Rs. 2,620 is entered under (*d*) *Sanitary Establishment* in excess of the provision in the original budget, to be spent on the conservancy of villages in the district wherever most necessary.

15. Under (*g*) *Contributions* a sum of Rs. 100 is provided (in excess of the original estimate Rs. 900) to meet the two-thirds salary of the midwife employed in the Anantapur Dispensary, the remaining one-third being borne by the Municipality: *vide* Resolution No. 4, dated 24th April 1882, of the Local Fund Board, agreeing to the above proposal.

In (*h*) *Maintenance of Lunatics,* the contribution has been raised to Rs. 1,000, in view to paying up the arrears due since December 1881.

16. *Grant IV—Miscellaneous b. and d.*—Provision is now made for contributing two-thirds of the pay of the Local Fund Clerk in the Collector's Office and the increased establishment of a Gumasta on Rs. 15 and an Attender on Rs. 6 proposed to be employed in the President's Office on account of the heavy vernacular work now thrown upon it. The present establishment, consisting of two Clerks on Rs. 40 and 25 and a Dufterbund on Rs. 7, has been found altogether insufficient.

17. The actuals of the year 1880-81, as also the regular estimated figures of 1881-82, cannot be shewn in the present budget owing to the incorporation of two of the taluks of the late Gooty Circle in the present Bellary District.

18. In conclusion, I would venture to hope that the Board of Revenue will be pleased to accord their early sanction to the budget now submitted, to enable me to carry out the several changes contemplated and to spend usefully the allotments proposed under different grants in the current official year.

READ—the following letter from Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated Madras, 10th July 1882, No. 3615 :—

I have the honor, by desire of the Surgeon-General, to report to your Board that the sum set apart in Grant III of the 1882-83 Local Fund Budget Estimate of the newly constituted Bellary Circle for the maintenance of the marginally-noted four dispensaries is adequate and calls for no remarks save in the item of Medical Subordinate.

Hospet.	Alúr.
Harpanahalli.	Kúdligi.

2. The sum of Rs. 495 is provided for the three-fourths of the pay and allowance of the 1st-Class Hospital Assistant attached to the Harpanahalli Dispensary; it should be increased to Rs. 585.*

	Rs.
* Pay	55
Allowance	10
	65×12 = 780
Three-fourths of 780 =	2,340
	——— = 585
	4

3. In the statement at the foot of paragraph 26 of the Local Fund Board President's letter, No. 1888, of 29th May 1882, to your Board, provision (Rs. 450) is made for the three-fourths of the pay of a Civil Apothecary required to be attached to the dispensary proposed to be established at Kúdligi. Full pay, viz., Rs. 600, should be provided if the specific sanction of Government has not already been received for the other one-fourth from Provincial Funds.

4. A sum of Rs. 300 is entered in Statement IV-A for the salary of the medical subordinate of the Kúdligi Dispensary referred to; it is not known how this figure has been arrived at.

5. A copy of my letter, No. 3032, of 7th June 1882, to the Vice-President, Local Fund Board, Bellary Circle, is enclosed informing that a Civil Apothecary will be posted to the new dispensary in question on hearing from him regarding arrangements, &c., but no reply has yet been received.

6. Rs. 1,383 are entered as the contribution towards the expenditure of the Medical College.

ENCLOSURE No. 1.

From W. R. CORNISH, Esq., F.R.C.S., C.I.E., Surgeon-General with the Government of Madras, to the Vice-President, Local Fund Board, Bellary Circle, dated Madras, 7th June 1882, No. 3032.

With reference to your letter, No. 650, of the 30th May 1882, I have the honor to inform you that a Civil Apothecary will be posted to the Civil Dispensary, Kúdligi, on learning from you that arrangements have been made regarding the building, medicines, instruments, &c., so that the dispensary may be in readiness to be opened on the arrival of the Apothecary.

READ—the following letter from Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated Madras, 12th July 1882, No. 3686 :—

I have the honor, by desire of the Surgeon-General, to report to your Board that the sum set apart in Grant III of the 1882-83 Local Fund Budget Estimate (revised) of the Anantapur Circle for the maintenance of the eight dispensaries including the marginally-noted five unauthorized minor institutions is adequate and calls for no remarks save in the item of "Medical Subordinate."

Madakasira.	Ooroovakonda.

Dharmavaram.	

2. The pay and charge allowance of the 1st-Class Hospital Assistant attached to the Penukonda Dispensary should be reduced from Rs. 600 to Rs. 585.*

	Rs.
* Pay	55
Allowance	10
	65×12 = 780
Three-fourths of 780 =	2,340
	——— = 585
	4

3. This department will be prepared to post medical subordinates to the minor dispensaries referred to on receipt of sanction of Government for their establishment.

4. The amount provided for the salary of 3rd-Class Hospital Assistants for the five new institutions in question includes charge allowance of Rs. 10 per mensem; the Surgeon-General is of opinion that, unless Apothecaries are posted to dispensaries, Hospital Assistants of some standing in the service should be in charge, they are more costly, but are worth more than men just passed out of the College.

5. A sum of Rs. 600 is entered as the contribution towards the expenses of the Medical College.

READ—the following letter from Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Ootacamund, 10th July 1882, No. 649 :—

I have the honor to report, for the information of the Board of Revenue, that from the revised budget estimate of the Anantapur Circle, I find that an adequate provision of Rs. 8,700, or 30 per cent. of available income, has been made for sanitary purposes for the year 1882-83. Of the total grant, Rs. 2,620 are set apart for village sanitation and the remainder, Rs. 6,080, for conservancy purposes.

2. The allotment for vaccination is Rs. 5,880. No details of establishment are given; but the President in extract of his covering letter reports to the effect that the staff has been increased, and hence the provision is large.

READ—the following letter from Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Ootacamund, 10th July 1882, No. 650 :—

I have the honor to report, for the information of the Board of Revenue, that the newly constituted Local Fund Board of Bellary have made a provision of Rs. 12,542 for the sanitary requirements of the Circle for 1882-83. This gives a percentage of 28·9 on available income and is ample. The Board propose to devote Rs. 7,712 and 500, respectively, for the improvement of water-supply and village-sites which has my approval.

2. The vaccination grant amounts to Rs. 7,454. No details of establishment are given; the allotment appears, however, to be ample. The Local Board have, on my recommendation, sanctioned the employment of an additional Deputy Inspector of Vaccination of the second grade. A Vaccinator from Gooty has been promoted to the office; but, pending the sanction of the budget under review by Government, his appointment is held in abeyance.

RESOLUTION—dated 11th August 1882, No. 2007.

The revised Local Fund budget estimates of the newly constituted Bellary and Anantapur Circles for 1882-83 are submitted for the orders of Government with reference to paragraph 7 of G.O., dated 10th March 1882, No. 284, Financial Department.

2. The subjoined abstract compares, as modified by the Board, the figures of the revised budgets with those of the sanctioned budgets for the late Bellary, Penukonda, and Gooty Circles :—

Grand Total	1,63,600	82,160	1,47,620	3,93,380	2,75,750	1,67,180	4,42,930

3. *Balance.*—The opening balances of the newly constituted Bellary and Anantapur Circles are put down at Rs. 1,27,360 and Rs. 76,190; the total Rs. 2,03,550 being Rs. 43,910 in excess of the sum of the balances, according to the sanctioned budgets, of the late Bellary, Penukonda, and Gooty Circles. The balance now entered for Bellary is, it is stated, calculated by adding to the actual closing balance of 1881-82 of that circle as formerly constituted five-ninths of the balance of the late Gooty Circle on account of the two taluks of Alúr and Adóni recently transferred to it. The remainder of the Gooty Circle balance together with the whole of that of the Penukonda Circle is adopted as the opening balance of the Anantapur Circle. In dividing the closing balance of the Gooty Circle between the present Bellary and Anantapur Circles, the Presidents have adopted the proportion which the receipts of the taluks added to their respective circles bear to one another.

4. *Receipts.*—Under Provincial Funds, the increase is due to credit having been taken in the Bellary Circle for the one-third share of the building grant for constructing a school-house at Hospet which the Director of Public Instruction in paragraph 4 of his letter recorded in Board's Proceedings, dated 18th April 1882, No. 1058, states that he is prepared to make. The President, Local Fund Board, Anantapur, has not taken credit for the salary grant from Provincial Funds of the Tadpatri Local Fund School. Rs. 120 will be entered for the purpose. The expected receipts from Special Funds are based on the actuals of the past three years; and the increase in Ferry Rents is caused by the inclusion of the moiety of the rent of the Sovainhully Ferry payable by the Dharwar Local Fund Board to the Bellary Circle. This was through an oversight omitted to be included in the original budget. The revenue from land cess is estimated at Rs. 2,16,000, which is made up of Rs. 1,30,000 from Bellary and Rs. 86,000 from Anantapur, against a total of Rs. 2,11,000 in the original budgets. Neither of the Presidents has forwarded the demand, collection, and balance statement. They are requested to furnish it as soon as possible. Their attention is also called to G.O., dated 10th March 1882, No. 284, Financial Department. As the Anantapur Circle Board propose to have a Normal School of their own, the Bellary Circle will receive no contribution on that account. Hence the decrease under this head. It is intended to introduce the market fee system in the Anantapur Circle, and the President has been called upon in separate Proceedings to expedite his proposals. The President of Bellary is requested to specify the nature of the miscellaneous receipts under endowments estimated at Rs. 20. Entry of this amount under Hospitals in the late Bellary Circle is clearly an error. Receipts from cart-stands have been omitted in the President's Budget. This should be explained.

Small variations, due probably to a revision of estimates, are not here noticed, in order to avoid delay.

5. *Expenditure—Public Works.*—The revised estimates differ in many respects from the original budget estimates. Explanation will be found in the letters of the Presidents. Under New Works in the Bellary Circle Budget, Rs. 20,430 are provided for *Communications*. Of the four items besides "Petty Works" entered under *Communications* in Statement II-A, the first is a sanctioned work and the remaining three are unsanctioned. The President has submitted an estimate, amounting to Rs. 10,010, for the third work (completing the unmade portion of the road from Siruguppa to Adóni, &c).

It is forwarded to Government through the Chief Engineer, Public Works Department, for sanction. The estimates for the remaining two works should be expedited. Under *Civil Buildings*, Rs. 8,120 are entered for three works. For two of these, the President has submitted estimates, amounting to Rs. 2,200 and Rs. 5,695, respectively. The former estimate for constructing a school-house at Hospet is sanctioned and returned, and the latter for building a choultry at the same station is submitted for the sanction of Government in the Public Works Department. The third work costing less than Rs. 1,000 can be sanctioned by the Local Fund Board. The increased provision under "Miscellaneous Public Improvements" is due to a larger amount than that entered in the original budget having been provided for constructing a drinking-water pond at Solapur. The estimate for this work also is submitted to Government for sanction. Under *Repairs*, the Circle Board have raised the maintenance grants for some of the more important roads, in view to putting them in good order. It is observed that no references are quoted for Items Nos. 15, 18 and 19. The President will explain when and under what authority they were constructed or repaired. He will also give the length of the Rámandrug Ghát roads, proposed to be maintained at a cost of Rs. 4,270 (Item No. 15).

6. The provision of Rs. 5,000 in the Anantapur budget for constructing masonry culverts will be struck out, as it is necessary that provision should be made for the adjustment of famine expenditure for which purpose the President has reserved no funds. The Local Fund Board have enhanced the grants for the repair of the roads specified in paragraph 5 of the President's letter, dated 28th June 1882, No. 259. Retaining the allotment for the first three, which are alleged to be the most important, the increased provision for the others has been struck out for the same reason as the allotment for *New Works*. The assignments under *Civil Buildings* are retained, but the President should expedite the estimate for the Tadpatri Chattram. Under *Miscellaneous Public Improvements*, Rs. 5,000 are entered for the maintenance of avenues. This charge is debited to the *Road Fund* while the receipts from avenues are included in the *General Fund*. As it is opposed to existing orders to charge avenues to the *Road Fund*, the Board have transferred the debit to the *General Fund*, and to prevent this Fund closing in deficit, they have been obliged to strike out the contribution of Rs. 5,000 proposed to be given to the Anantapur Municipality for constructing a dispensary at that place.

7. *Local Fund Engineering Establishment.*—The cost of the Local Fund Engineering establishments in the two circles amounts to Rs. 34,440 against Rs. 31,610 in the sanctioned budgets. In Bellary, the cost, including contingencies, is 18 per cent. of the outlay on works, and in Anantapur, it is 19 per cent. The following are the details of establishment proposed to be entertained. Their travelling allowance will be regulated by the Public Works Code:—

Bellary.

		RS.
1	Local Fund Engineer on	
1	Head Clerk on	450
1	Second do.	40
1	Draughtsman	20
1	Attender	30
2	Lascars, each	6
1	Supervisor	6
1	Clerk	150
1	Do.	20
2	Lascars, each	15
2	Overseers „	6
3	Do. „	45
1	Do.	40
2	Do. „	35
8	Lascars „	30
2	Maistries „	6
4	Do. „	20
		15

Besides the above, the President, with the concurrence of the Local Fund Board, proposes, in his letter, dated 16th June 1882, No. 2111, to employ, during the remaining months of the current year, an additional Supervisor on Rs. 100 with an office establishment of one Clerk on Rs. 15 and two Lascars on Rs. 6 each per month, and to pay to the Local Fund Engineer for this year only an allowance of Rs. 45 a month to enable him to travel quickly on account of the large number of works on hand.

Anantapur.

		RS.			RS.
1	Supervisor on	200	1	Clerk	20
1	Accountant	40	2	Lascars, each	6

1	Attender	6	3	Do. „	35
2	Lascars, each	6	8	Lascars „	6
1	Assistant Supervisor	125			

The Board recommend that the above establishments be sanctioned.

8. *Famine Adjustment.*—The President of the Bellary Board has reserved Rs. 55,780 for the adjustment of famine dues, but as under G.O., dated 8th June 1882, No. 436, the amount recoverable from this Circle amounts only to about Rs. 37,000, the latter amount will be reserved and the remainder set free. The President of the Anantapur Circle has, as already observed, made no provision on this account. The amount payable by this Board is about Rs. 26,000, but only Rs. 20,000 can possibly be reserved in the current year's budget.

9. *Education.*—The total educational expenditure is entered as Rs. 24,790 against Rs. 24,600 in the original budgets. The only points that require to be noticed under this head are the proposals of the Anantapur Board to dispense with the services of the Inspecting Schoolmasters, to appoint from the savings an additional Deputy Inspector on a salary of Rs. 60 with 30 rupees travelling allowance, and to open an elementary Normal School at Anantapur. The Director approves of the first two proposals, though he doubts whether the time has come for dispensing with the services of Inspecting Schoolmasters altogether. His views are awaited on the opening of a Normal School and the strength of the establishment to be entertained in it. It is not understood on what principle the Anantapur Circle Board propose to contribute towards the maintenance of the Girls' School in the Anantapur Municipality. Pending receipt of the Director's remarks, the provision will remain.

10. *Hospitals and Dispensaries.*—Increased provision is made under this head in both circles as the Circle Boards propose to open additional dispensaries. Sanction of Government is requested for the undermentioned new dispensaries :—

Bellary Circle.

Kúdligi.

Anantapur Circle.

1. Madakasira.
2. Hindupur.
3. Dharmavaram.
4. Ooroovakonda.
5. Yadiki.

The amount entered on account of the salary of the Penukonda Hospital Assistant has been reduced as suggested by the Surgeon-General, and that for the medical subordinate of the new dispensary at Kúdligi raised to Rs. 400, being eight months' pay at Rs. 50 per mensem. Separate application will be made for contributing from Provincial Funds one-fourth of the salary of the latter medical subordinate.

11. *Vaccination and Sanitation.*—The assignments for vaccination and sanitation exceed those in the sanctioned budgets by Rs. 1,020 and Rs. 4,470, respectively. The Bellary Board propose to employ a 2nd-Class Deputy Inspector of Vaccination in addition to the present 1st-Class Deputy Inspector, and the Anantapur Board a 1st-Class Deputy Inspector in addition to the present 2nd-Class Deputy Inspector. The sanction of Government is requested to these appointments. Under G.O., dated 1st February 1882, No. 198, Financial Department, the assignment for Vaccine Inspecting Agency is struck out.

12. *Miscellaneous.*—The President, Local Fund Board, Bellary, proposes to have a Clerk in the Circle Board's Office and an Accountant in the Collector's Office, instead of a Clerk and Attender in the former and three Accountants in the latter. The President of the Anantapur Circle wishes to employ in the Local Fund Board's Office three Clerks, a Dufterbund, and an Attender. This seems to be excessive. The Board think that two Clerks, one on Rs. 40 and the other on Rs. 15, with an Attender on Rs. 7 would be sufficient. For preparing the accounts in the Collector's Office, the Local Funds contribute two-thirds of the salary of an Accountant on Rs. 30, the remaining third being borne by the Special Funds as stated in paragraph 4 of the Anantapur Collector's letter, dated 24th February 1882, No. 29, recorded in Board's Proceedings, dated 27th March 1882, No. 897.

APPENDIX I.

Board of Revenue,

MADRAS.

Proceedings, 11*th August* 1882, *No.* 2007.

Reviewing and submitting to Government the revised *Local Fund Budget Estimates* of the newly constituted Bellary and Anantapur Circles for 1882-83.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following papers :—

Proceedings of the Board of Revenue, dated 11th August 1882, No. 2007.

Abstract.—Reviewing and submitting to Government the revised Local Fund Budget Estimates of the newly-constituted Bellary and Anantapur Circles for 1882.

Proceedings of the Board of Revenue, dated 25th August 1882, No. 2139.

Abstract.—Submitting to Government remarks of the Director of Public Instruction on the revised Local Fund Budget Estimates of the Bellary and Anantapur Circles for 1882-83; and recommending Government to sanction the opening of an Elementary Normal School at Anantapur.

Order—dated 12th October 1882, No. 1452, Financial.

With the first of the above Proceedings the Board of Revenue submit the budgets of the reconstituted Bellary Circle and the newly-formed Anantapur Circle for 1882-83, the Government having sanctioned the formation of these circles in the Bellary District in lieu of the old circles—Bellary, Gooty, and Penukonda. Detailed budgets for the last-named circles for 1882-83 were separately reviewed and passed,* and revised budgets for the new circles were ordered to be submitted for *formal* sanction only. The Presidents have, however, found it necessary to make important changes in the original budget proposals for the year. These are clearly set forth in the papers now laid before Government, and the points on which the orders of Government are required will be noticed below in the order adopted by the Board of Revenue.

G.O., 26th January 1882, No. 161.

* G.O., 10th March 1882, No. 284.
„ 14th June „ „ 458.
„ 15th „ „ „ 481.

2. The course pursued in regard to the ascertainment and apportionment of the opening balance is correct.

3. The large falling off in the ferry rents noticed by Government is not explained. It is noted that a small increase is now estimated in the budget.

Vide para. 3 of G.O., 10th March 1882, No. 284.

4. The Land-cess estimate appears to be still too low. The heavy arrears in the Bellary and Gooty Circles pointed out by Government do not appear to have been taken into account in framing the present estimate, and the Board of Revenue do not allude to the application for remission, dated the 1st April, to which the Bellary President refers in his letter. The matter requires prompt attention in order that the outstanding arrears may be reduced as much as possible.

5. The provision for new works in Bellary is largely in excess of the original estimate, owing to increased funds being available from the opening balance; and is fully explained by the President. The liberal allotments made for repairs in the

original budget are raised still further for many of the roads. In Anantapur, on the other hand, the provision for new works has been struck out by the Board of Revenue, and the maintenance grant for roads cut down from Rs. 73,740 to Rs. 65,520. The Government cannot permit the latter reduction, seeing that the roads of the circle are reported by the President to be in a "miserable condition." In order, therefore, to retain the original provision for repairs to roads, the amount reserved for famine adjustment will be reduced by Rs. 8,220. The Board of Revenue have correctly ruled that the charge for avenues should be debited to the General, *not* to the Road Fund; and the Government concur with them in thinking that the contribution to the proposed Municipal Dispensary building should be struck out. It is observed that the latter has not been taken credit for in the Municipal Budget.

6. The enhanced provision for the Local Fund Engineering Establishment is passed.

7. The proposed establishment of a separate Normal School at an estimated cost of Rs. 1,560 for the Anantapur Circle has received the approval of the Director, and is sanctioned. The amount should be inserted in the budget. The contribution towards the girls' school at Anantapur is passed in view of the explanation furnished by the Director.

8. Six new dispensaries are proposed for establishment. The Government sanction the proposal, as also the employment of an additional Second-class Deputy Inspector of Vaccination in Bellary and a First-class Deputy Inspector in Anantapur.

9. The Revenue Board's proposals regarding office establishments in paragraph 12 are approved.

10. Subject to the above remarks, the Budget Estimates of the Bellary and Anantapur Circles for 1882-83 are passed.

(True Extract.)

Acting Asst. Secy. to Govt.

To the Board of Revenue, with enclosures.
" Revenue Department,
" Public Works Department, } with Board's Proceedings, No. 2007 of 1882.
" Sanitary Commissioner for Madras.
