PROCEEDINGS OF THE BOARD OF REVENUE.

READ—again the following Proceedings of the Board of Revenue, dated 31st July 1882, No. 4245, Routine Series.

Read—the following letter from K. F. NORDMANN, Esq., Superintending Engineer, Third Circle, Bellary, to the Chief Engineer, Public Works Department, dated 29th June 1882, No. 528; and endorsements by Lieut.-Colonel ROSS THOMPSON, R.E., Acting Under Secretary to Government, Public Works Department, dated 5th July 1882, and E. S. LAFFAN, Esq., Acting Assistant Secretary to Government, Financial Department, dated 24th July 1882.

With reference to G.O., No. 345-F, * dated 28th April 1882, paragraph 4, from which it appears that the roads in the Kurnool District are to be transferred to the Local Fund Board, I requested the President to let me know when the Board would take over the roads from the Public Works Department.

2. That officer states in reply that he has received no orders to take over the roads, and he is of opinion that the maintenance grants should still be spent by the Public Works Department.

3. Under these circumstances, I have the honor to solicit orders as to whether, notwithstanding the G.O., above quoted, this department should continue to lay out the maintenance grants for roads in the Kurnool District.

4. No part of the current year's allotment has been spent up to date.

Endorsement, No. 358.

Referred to the Financial Department.

Endorsement.

Referred to the President through the Board of Revenue for report. His objection is not understood, the Local Fund Engineering Establishment having been sanctioned by G.O., 28th April 1882, No. 345, paragraph 4.

Resolution—dated 31st July 1882, No. 4245.

Forwarded.

(A true Copy and Extract.)

(Signed) E. GIBSON,
Acting Secretary.

READ—also the following letter from H. A. SIM, Esq., Acting Head Assistant Collector, in charge of, Local Fund Board Kurnool, to the Secretary to the Board of Revenue, dated 8th August 1882, No. 21 :—

I have the honor to reply to Board's endorsement, dated 31st July 1882, No. 4245.

2. The Government Order sanctioning the transfer of the roads of this district from the Department of Public Works to the Local Fund Board was only received by us on 26th July 1882.

3. And till then Mr. Atkinson, a copy of whose letter to the Executive Engineer is enclosed, did not consider himself authorized to alter the existing arrangements.

4. Under those arrangements, the Department of Public Works were responsible for the upkeep of the roads, and Mr. Atkinson, seeing the year slipping by and the allotments still untouched, thought it advisable to remind them of the fact.

5. His only "objection" was to the waste of money and of time that was going on; for a fourth of the year had passed and we were still paying the Department of Public Works Establishment for doing nothing.

6. The Government Order has however since been received, and as we have now our own establishment and are prepared to begin operations, the matter settles itself.

ENCLOSURE No. 1.

From A. J. B. ATKINSON, Esq., President, Local Fund Board, Kurnool, to the Executive Engineer in charge of Third Circle, Bellary, dated Kurnool, 24th June 1882, No. 172.

In reply to your letter, No. 494, dated 22nd June 1882, I have the honor to state that, as President of the Local Fund Board, I have received no orders to take over the roads.

2. Meanwhile I am of opinion that the maintenance grants should be spent, and beg to say that, although two months of the official year 1882-83 have expired, I have not as yet received a progress report.

3. Part of the Kurnool-Gooty road wants gravelling badly, as also the Hindri bridgeway.

RESOLUTION—dated 15th September 1882, No. 2297.

Submitted for the information of Government with reference to the Assistant Secretary's endorsement, dated 24th July 1882.

2. It is observed that the President has since taken over the Local Fund roads.

(True Copies and Extract.)

(Signed) R. SEWELL,
Acting Sub-Secretary.

To the Chief Secretary to Government, Financial Department,
with original letter from Superintending Engineer and endorsement, returned.
