GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

No. 71.

READ—the following paper—

From Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, Sixth Circle, to the Acting Chief Engineer, Public Works Department, dated Trichinopoly, 27th October 1882, No. 401 M.D.—(Through the Examiner, Public Works Accounts.)

In G.O., No. 2864 W., dated 16th November 1881, Rs. 6,820 is sanctioned for the repairs of a portion of the Gúdalúr Ghát, and in G.O., No. 153 W., dated 18th January 1882, Rs. 72,148 is sanctioned for constructing a first-class road from Cumbum to the foot of the Gúdalúr Ghát. These works are being carried out by the Local Fund Board, who have entrusted the work to Mr. Hardy, the Gundamanyakanur Estate Engineer, and this Department provides the funds as ordered in the above Government Orders in the manner prescribed in G.O., No. 1375 W., dated 14th June 1880.

2. Mr. Hardy has been provided with an imprest of Rs. 1,000, and he accounts for the expenditure incurred therefrom to the Executive Engineer, Madura, who incorporates it in his accounts.

Mr. Hardy complains, and I believe fairly, that this imprest of Rs. 1,000 is not sufficient, and that there is considerable delay from the distance he is from the Executive Engineer in the recoupment.

3. The arrangement also adds considerably to the office work in the Madura Division, and as this Department has nothing to do with either the management or check of the work I submit that there is no advantage in this plan, and I request permission to make advances from time to time to the Local Fund Board and that they should make their own arrangements in supplying Mr. Hardy with funds and in carrying out the work.

4. Should this, through account rules, be not allowable, I must ask, under paragraph 1,208, Code, that the sanction of Government may be obtained for Mr. Hardy's imprest to be raised to Rs. 3,000.

No. 71-A.

No. 927 S.E. 6th.

Endorsement on the above.

Forwarded to the Chief Engineer, Public Works Department, with the following remark:—

Paragraph 3.—The Superintending Engineer's suggestion that advances be made to the President, Local Fund Board, may be adopted. The Executive Engineer may be instructed to make advances from time to time, debiting the amounts to "Miscellaneous Advances" in his accounts, and crediting that head and debiting the work as soon as he receives accounts from the President. At present the President is in receipt of an imprest of Rs. 1,000, apparently for the same work, if so, this imprest should be withdrawn.

8th November 1882.

(Signed) D. C. GORDON,
Examiner, Public Works Accounts.

10TH NOVEMBER 1882, No. 2975 W., PUBLIC WORKS.

No. 72.

ORDER—dated 10th November 1882, No. 2975 W., Public Works.

The suggestions of the Examiner, Public Works Accounts, are approved for adoption by the Superintending Engineer, Sixth Circle.

NOVEMBER.

Nos. 71-72.

Gudalur Ghat Road.

Approving of the proposed arrangement for
keeping in funds the officer in charge of the
works on the —

No. 401 M. D. Sup^r Engineer's office, Circle
Trichinopoly, 27th October 1882.

From

Lt Col H. R. Mead P.B.

Sup^r Engineer, Circle

To,

Col: J. H. M. Shaw - Stewart P.B.

Sq. Chief Engineer, P.W.D.

Sir,

In G.O. No 2864 W dated 16th Novem-
ber/81, Rs 6820 is sanctioned for the
repairs of a portion of the Gudalur
ghat and in G.O. No 153 W dated 18th
January/82 Rs 72,148 is sanctioned
for constructing a first class road from
Bumbam to the foot of the Gudalur
ghat. These works are being carried
out by the Local Fund Board who
have entrusted the work to Mr. Hardy
the Gundamanayakam Estate
Engineer, and this department pro-
vides the funds as ordered in the
above G.O. in the manner prescribed
in G.O. No 1375 W dated 14th June 1880.

2. Mr. Hardy has been provided with an imprest of Rs 1,000 and he accounts for the expenditure incurred therefrom to the Executive Engineer Madurai who incorporates it in his accounts.

Mr. Hardy complains and I believe fairly that this imprest of Rs 1,000 is not sufficient and that there is considerable delay from the distance he is from the Executive Eng^r in the reimbursement.

3. The arrangement also adds considerably to the office work in the Madurai ^{Office} and as this Department has nothing to do with either the management or check of the work I submit that there is no advantage in this plan and I request permission to make advances from time to time to the Local Fund Board and that they should make their own arrangements in supplying Mr. Hardy with funds and in carrying out the

the work.

4. Should this not through ^{29/5/4} account rules be allowable I must ask under para 1208 Code that the sanction of Government may be obtained for Mr. Hardy's imprest to be raised to Rs 3,000.

I have the honor to be

Yours

your most obedient servant.

Endorsement of 927 SE
 dated 8 November 1882.

Forwarded to the Chief Engineer P.W. Department with the following remarks.
 Para 3. The Superintending Engineer's suggestion that advances be made to the President Local Fund Board may be adopted. The Executive Engineer may be instructed to make advances from time to time, debiting the amounts to "Miscellaneous Advances" in his accounts, and crediting that head and debiting the work as soon as he receives accounts from the President. At present the President is in receipt of an Imperial of Rs 1000, apparently for the same work, if so, this Imperial should be withdrawn.
