READ the following letter from the Registrar High Court Madras dated 18 Jany/82 No 67.

Adverting to my letter of the 17 October 1879, No 1807, I am again directed to forward for the information of Government an extract from the Report of the District Judge of Salem on an inspection of the District Munsiff's Court at Tripatore dated 5th January 1882.

In view of the extremely unsuitable character of the existing accommodation and of the fact that it has been in the contemplation of Government to provide a suitable Courthouse at Tripatore since the year 1866 (see Gt. 21st March 1866 No 412) I am earnestly to request that Government will be pleased to allot the necessary funds and to give orders in the

Public Works Department for the erection of the Court house at an early date

Letter from the Acting District Judge of Salem to The Acting Registrar High Court Madras dated 5th January 1882 No. 3.

I take this opportunity of again urging the necessity for a proper building for a District Munsiff's Court at Tripatore. So long ago as the 21st March 1866 (G.O. 412) the present building was declared by Government unfit for a Court House and the erection of a new building sanctioned: but though money has been available for the purchase of a house for the Sub Collector, for the Collector and for the Remount Agent the requisite sum has not yet been allotted for this building. The present building is situated in the noisiest street in Tripatore, and when there is much traffic it must be impossible for the Munsiff to hear either pleaders or witnesses. There are two rooms for the Clerks one of which is 9 feet 10 inches wide by 14 feet long and the other 9 feet 4 inches wide by 11 feet 4 inches long. The former has two windows opening on to the street, the latter, a slope roof, 3 windows, 2 opening into the other room and one into the Court yard. The record room (which is in great disorder) is 12 ft 10 inches wide by 15 ft long. Further descriptions or reasons for the necessity of a new Court House are unnecessary
