Letter No 1974 dated 6th November 1882 with Application for Privilege Leave from Executive Engineer Mr. Nordmann:-

Submitted for orders through Examiner M accounts.

2. The best arrangement will probably be to place Mr. Garrett in charge of the Bellary Division during Mr. Nordmann's absence, though this will be somewhat inconvenient as involving the postponement of the investigation of the Sugglain project, which Mr. Garrett was about to undertake, and which being in the Fuddasah District cannot conveniently be combined with the charge of the Bellary Div.

3. If Mr. Taylor's services are not urgently required elsewhere, he might, on relief by Colonel Hunter, be placed in charge, either the Bellary or of the Project Division; the latter would be the best as he is acquainted with the outlines of the Sugglain project in connection with which nothing has yet been done by Mr. Garrett.

Sir,

I have the honour herewith to submit
a medical certificate, showing that I am
in a bad state of health.

regards out-door duty. I urgently
require a change and rest.

granted to me, and I submit an application

be relieved of my charge with as little
delay as may be convenient.

Dear Superintendent
There is an
unexpected difficulty
Hunter retaining Perry,
Smith and Nordmann
both taking P. leave
Taylor remained in the
Central Victoria D. all
affecting the 3^d Circle

For Cuddalore I
could provide by
posting C. Norfor there
to relieve Taylor -
and even Mr Bellary
Cormack who goes up
tomorrow could operate
but who is to hold
the circle?

At this moment I
can only think of sending
you up unless the duty
of operating to Christchurch
interferes - however
you may be able to
suggest some other
solution
