Despatch from Her Majesty's Secretary of State for India, to the Government of India, dated 22nd December 1881, No. 433.

I have considered in Council your Military letter No. 372, dated 8th October 1881, in which you recommend, with reference to my Financial Despatch of 14th April 1881, No. 137, that in recognition of the useful service performed by officers and non-commissioned officers of the Royal Engineers whilst employed on famine relief duties, the officers should be allowed to count towards furlough a period of service, according to the time passed on such duty, not exceeding one year, and that the non-commissioned officers should be granted a bonus of three months' pay.

G.O., dated 17th June 1882, No. 2964, Military.

Read—the following letter from E. C. BUCK, Esq., C. S., Secretary to the Government of India, Revenue and Agricultural Department (Famine), to the Secretary to the Government of Bombay, dated Simla, 30th May 1882, No. 40 F:—

I am directed to acknowledge the receipt of your letter, No. 1425P.-145, of the 29th March last, and accompaniments, referring a question respecting the eligibility of warrant officers to the concession sanctioned by the Secretary of State in his despatch No. 433 (Military) of the 22nd December 1881 to the non-commissioned officers of the Royal Engineers; and inquiring whether the concessions therein granted are admissible to all commissioned officers, warrant officers and non-commissioned officers, or only to those who were regarded as especially deserving, and who fulfil the other conditions prescribed in Financial resolution, No. 2087, of the 10th August 1878.

2. The Government of India considers that warrant officers are included in the general term "Non-commissioned Officers," and are therefore eligible to the bonus of three months' pay sanctioned for non-commissioned officers, provided they otherwise fulfil the conditions laid down in the aforesaid resolution of the 10th August 1878.

3. In regard to the inquiry as to whether the concessions are admissible to *all* officers, I am directed to invite attention to Finance Department's letter, No. 1743, of the 27th March last, in which the Bombay Government was informed, in respect to civil officers, that the restriction which was originally attached to the second concession, and which required a special recommendation in each case, had not been removed. This provision equally applies to officers of the Royal Engineers, whom it was originally proposed to reward in the same way as civilians, and for whom an alternative privilege was subsequently sanctioned by the Secretary of State. The Government of India also considers that the concession sanctioned in the Secretary of State's despatch, No. 433, dated the 22nd December 1881, for officers of the Royal Engineers cannot be granted to any officer who received an extra allowance or a higher salary than Rs. 600 a-month while employed on famine duty.

ORDER—dated 15th November 1882, No. 3032 W., Public Works.

In despatch from the Secretary of State to the Government of India, No. 433, dated 22nd December 1881, it is ruled that officers and non-commissioned officers of

Royal Engineers who were employed on famine duties during 1877—79 should be allowed, in the case of the former, to count towards furlough a period of service, according to the time passed on such duty, not exceeding one year, non-commissioned officers being granted a bonus of three months' pay.

2. There has been some delay in verifying the famine service of officers and subordinates who were employed in this Presidency, owing to the requisite information not being available in the Examiner's Office. References have thus had to be made to divisional records and the results verified by the Examiner.

3. The appended statement contains the names of all officers, both of this Presidency and of other Provinces, to whom the concessions sanctioned by the Secretary of State would on a first view seem to apply.

4. It is observed, however, that the Resolution of the Government of India, No. 2087, dated 10th August 1878, as interpreted by their letter to the Government of Bombay, No. 40 F., dated 30th May 1882, restricts the concession of extra furlough to those officers who received no extra pay while employed on famine duty and whose emoluments did not exceed Rs. 600 per mensem. All officers from other Provinces would thus be excluded, as they received extra pay while at Madras, and the exclusion would extend to some of the local officers also, viz., those who drew more than Rs. 600 per mensem.

5. The concession of the bonus to subordinates would also apparently be restricted to those of the Madras Presidency, as all others employed here drew extra pay, having been allowed the pay of the next higher grade while on famine duty.

6. In the case of both officers and subordinates special recommendations seem called for.

7. It is not clear however to this Government whether the concessions allowed by the Secretary of State are intended by the Government of India to be restricted as indicated above. The complete list of officers and subordinates will therefore be forwarded to the Government of India for such orders as may be considered necessary.

3. The appended statement contains the names of all officers, both of this Presidency and of other Provinces, to whom the concessions sanctioned by the Secretary of State would on a first view seem to apply.

4. It is observed, however, that the Resolution of the Government of India, No. 2087, dated 10th August 1878, as interpreted by their letter to the Government of Bombay, No. 40 F., dated 30th May 1882, restricts the concession of extra furlough to those officers who received no extra pay while employed on famine duty and whose emoluments did not exceed Rs. 600 per mensem. All officers from other Provinces would thus be excluded, as they received extra pay while at Madras, and the exclusion would extend to some of the local officers also, viz., those who drew more than Rs. 600 per mensem.

5. The concession of the bonus to subordinates would also apparently be restricted to those of the Madras Presidency, as all others employed here drew extra pay, having been allowed the pay of the next higher grade while on famine duty.

6. In the case of both officers and subordinates special recommendations seem called for.

7. It is not clear however to this Government whether the concessions allowed by the Secretary of State are intended by the Government of India to be restricted as indicated above. The complete list of officers and subordinates will therefore be forwarded to the Government of India for such orders as may be considered necessary.

ENCLOSURES.

Copy of letter from Lieutenant C. B. HENDERSON, R.E., Executive Engineer, to the Examiner of Public Works Accounts, dated 26th April 1882, No. 23.

In reply to your No. 17 X., of 5th instant, I have the honor to inform that the period I was specially employed on famine works in this Presidency was from 23rd November 1876 to 7th March 1878.

Copy of letter from the Executive Engineer, Salem Division, to the Superintending Engineer, Fourth Circle, dated 20th April 1882, No. 30.

With reference to your endorsement, No. 150 S.L., dated 17th April 1882, on my letter No. 18, dated 13th April 1882, I have the honor to inform you that Lieutenant Baddeley, R.E., was in charge of the *Hosúr* and Salem† Divisions* during the periods given in my letter above quoted, and that his pay and allowances were audited and charged to Provincial Establishment, Ordinary, distinct from Famine Relief.

It is therefore presumed that Lieutenant Baddeley, R.E., was not employed in this district on famine duty during the periods in question, although he had, as a Division Officer, to attend to both ordinary and famine works.

Sir,

With reference to your memo No. 322 E dated 29th June 1882 I have the honor to report that it appears to me that Lieutt Baddely is the only Royal Engineer officer who served in this Circle who is entitled to the benefits of the Secretary of State's despatch No. 433 dated 22d December

2. The Govt of India, in letter dated 30th May No. 40 F from their

their Revenue & Agricultural Secretary lay down that the officer must have received no extra allowance or a higher salary than Rs 600 also that a Special recommendation is necessary. I suppose this last means these officers whose names are included in the list of those specially thanked.

I am not aware on what grounds this ruling has been made but I suppose it must be accepted.

3. Lieut. Baddely served in Salem District from 20th Febuary 1878 to 24th October 1878. and as Divisional officer he attended to Famine work during that period. he was not in the receipt of extra allowances nor did he draw Rs 600 a month. His name will be found amongst those thanked by Govt.

4. Lieut. DeVillamaids case is different he was ordered from another Province to Madras and therefore received the pay of the next grade to that he held in his own province, as he therefore drew extra allowances I suppose he is not entitled to the privileges, notwithstanding that he did service in Salem District during Famine from 18th December 1877 to 8th January 1879.

Sir,

In Proceedings of Government No. 2964
Military, dated 17th June 1882 is embodied
a list of certain Royal Engineer Officers
employed on Famine duty, and the Examiner
of Public Works Accounts is asked to correct
this list.

2. I beg to point out that I was employ-
-ed on Famine duty in the North West
District from the end of 1876 till Decem-
-ber 1878 when I was recalled for Field
Service. During this period I was for

3

3 months in charge of 2 Ranges when Mr. Vincent went on sick leave, and also had charge of the District when the District Engineer was transferred to Bellanger.

3. I was away on Military duty for 2 years and was not aware that any orders on the famine had been passed. I trust that my services may not be overlooked and should any references be required, I beg that Colonel Grenadier R.E. and Mr. Whiteside the late Collector of Northcoot may be addressed.

To the Secretary to the Government of Madras, Public Works Department.

Despatch from Her Majesty's Secretary of State for India, to the Government of India, dated 22nd December 1881, No. 433.

I have considered in Council your Military letter No. 372, dated 8th October 1881, in which you recommend, with reference to my Financial Despatch of 14th April 1881, No. 137, that in recognition of the useful service performed by officers and non-commissioned officers of the Royal Engineers whilst employed on famine relief duties, the officers should be allowed to count towards furlough a period of service, according to the time passed on such duty, not exceeding one year, and that the non-commissioned officers should be granted a bonus of three months' pay.

2. I sanction the adoption of the above proposals * * * *

Endorsed by Military Department, dated 10th February 1882, No. 108 B (Special—Famines).

Copy forwarded to the Public Works Department for information, in continuation of docket, No. 431 S B, dated 19th October 1881.

Office Note from the Secretary to Government, Public Works Department, to the Examiner of Public Works Accounts, dated 6th March 1882, No. 267 D.

Please prepare a statement showing the results of these concessions as applied to officers and subordinates of the Public Works Department.

Office Note from the Examiner of Public Works Accounts, to the Secretary to Government, Public Works Department, dated 15th March 1882, No. 1256.

The following Royal Engineer Officers were considered eligible for the second of the concessions sanctioned in Government of India letter, No. 148 C., dated 10th Sep-

tember 1879, communicated with Public Works Department G.O., No. 2840 W., dated 10th November 1879 :—

Lieutenant Boddy.
" Baddeley.

ENCLOSURES.

Copy of letter from Lieutenant C. B. HENDERSON, R.E., Executive Engineer, to the Examiner of Public Works Accounts, dated 26th April 1882, No. 23.

In reply to your No. 11 X., of 5th instant, I have the honor to inform that the period I was specially employed on famine works in this Presidency was from 23rd November 1876 to 7th March 1878.

Copy of letter from the Executive Engineer, Salem Division, to the Superintending Engineer, Fourth Circle, dated 20th April 1882, No. 30.

With reference to your endorsement, No. 150 S.L., dated 17th April 1882, on my letter No. 18, dated 13th April 1882, I have the honor to inform you that Lieutenant Baddeley, R.E., was in charge of the *Hosur* and Salem† Divisions* during the periods given in my letter above quoted, and that his pay and allowances were audited and charged to Provincial Establishment, Ordinary, distinct from Famine Relief.

It is therefore presumed that Lieutenant Baddeley, R.E., was not employed in this district on famine duty during the periods in question, although he had, as a Division Officer, to attend to both ordinary and famine works.

Office Note from the Secretary to Government, Public Works Department, to the Examiner of Public Works Accounts, dated 5th June 1882, No. 205 E.

Your Office Note No. 172, dated 29th May 1882.

I shall be obliged by your submitting a clear statement for the information of Government of—

(1) Officers of Royal Engineers employed on famine duties in Madras during 1876—78, with period of employment.
(2) Non-commissioned officers of Royal Engineers employed on famine duties in Madras during 1876—78, with period of employment. Officers and non-commissioned officers of other provinces, if any, should be included.

2. No copies of correspondence are required.

Office Note from the Examiner of Public Works Accounts, to the Secretary to Government, Public Works Department, dated 23rd June 1882, No. 254.

Herewith a statement prepared from the best information available in this office. The statement includes the names of the three Royal Engineer Officers referred to

in my Office Note No. 172, dated 29th May 1882, regarding whom information had been obtained from the Superintending Engineers concerned, and of the officers and subordinates specially employed or transferred from other provinces for famine duty, and who it has been presumed were only engaged on such duty.

2. The pay and allowances of the Royal Engineer Officers and non-commissioned officers belonging to the normal establishment of this Presidency were, as a rule, drawn in the regular salary bills of the divisions and offices concerned, and this office is not in a position to state which of these officers and subordinates were employed on famine duties and for what periods. It is possible that information regarding these officers and subordinates can be obtained from the Superintending Engineers.

READ—the following G.O., dated 17th June 1882, No. 2964, Military :—

Read—the following letter from E. C. BUCK, Esq., C.S., Secretary to the Government of India, Revenue and Agricultural Department (Famine), to the Secretary to the Government of Bombay, dated Simla, 30th May 1882, No. 40 F.

I am directed to acknowledge the receipt of your letter, No. 1425P.-145, of the 29th March last, and accompaniments, referring a question respecting the eligibility of warrant officers to the concession sanctioned by the Secretary of State in his despatch No. 433 (Military) of the 22nd December 1881 to the non-commissioned officers of the Royal Engineers; and inquiring whether the concessions therein granted are admissible to all commissioned officers, warrant officers and non-commissioned officers, or only to those who were regarded as specially deserving, and who fulfil the other conditions prescribed in Financial resolution, No. 2087, of the 10th August 1878.

2. The Government of India considers that warrant officers are included in the general term "Non-commissioned Officers," and are therefore eligible to the bonus of three months' pay sanctioned for non-commissioned officers, provided they otherwise fulfil the conditions laid down in the aforesaid resolution of the 10th August 1878.

3. In regard to the inquiry as to whether the concessions are admissible to *all* officers, I am directed to invite attention to Finance Department's letter, No. 1743, of the 27th March last, in which the Bombay Government was informed, in respect to civil officers, that the restriction which was originally attached to the second concession, and which required a special recommendation in each case, had not been removed. This provision equally applies to officers of the Royal Engineers, whom it was originally proposed to reward in the same way as civilians, and for whom an alternative privilege was subsequently sanctioned by the Secretary of State. The Government of India also considers that the concession sanctioned in the Secretary of State's despatch, No. 433, dated the 22nd December 1881, for officers of the Royal Engineers cannot be granted to any officer who received an extra allowance or a higher salary than Rs. 600 a month while employed on famine duty.

To
The Assist Secretary to the Chief Commr
of Mysore Famine Department.

Sir

In the absence of the Chief Engineer I have the honor to make direct the following report on my inspection of the work at the Hoskote Tank for the information of the Chief Commissioner.

II On Wednesday the 26th at Midnight a nominal roll dated Krishnarajapoor 26th was delivered to Serjt Heinig of Ply Department. The Roll gave the names of 225 males 280 females, total 505. Of these were handed over to Serjt Heinig on the morning of the 27th by the Police Peons that brought Respectfe, Males 106, Females 119, Children 58 Total 283. It was hopeless to endeavour to identify them with the names in the Rolls.

III On Thursday the 27th Serjt Heinig received a letter dated Bangalore 25th Septr: from Captain Cole requesting him to put on the works Men 197, Women 122, Children 15, Total 334, and took over men 131 Women 66 Children 26 Total 223.

IV On the same date the Amildar of Hoskote requested Serjt Heinig to take over 65 men 165 women & 6 Children, all able bodied who had been said to have been turned out of the Kitchen by Captain Cumming. This last batch were employed, the two previous batches were not, as they required rest after their march. The whole were paid, those from Bangalore and Krishnarajapoor at the rate of men 2/3, women 1/3 children over seven 1/3, under seven 1/3. (deduction made from children owing to no small change being procurable. Those from Hoskote at Men 1/2, women 1/6 Children 1/1. as they would not work for

On Thursday night another batch arrived from Krishnarajapoor with a letter from Deputy Commissioner. Men and women 23, and as they could not then be paid they were sent to the Kitchen to be fed. —

VII On Friday Afternoon 20 men & 18 women were sent by the Superintendent Krishnarajapuram Kitchen. by order of the Deputy Commissioner, & were paid. —

VIII On Friday night 25 men and 21 women and 6 children arrived in charge of one Hossain Sab but without any letter or authority & were paid men 1/- women 1/6 and children 1/. Sergeant Heinig remaining up till 1 AM paying them all, the batches that arrived previously receiving Civil scale of wage, as they would not work properly.

VIII On Saturday a Nominal Roll signed by Asst Commissioner with 33 men was received. —

IX the number of Coolies paid on Friday was 155 women 305 children 85 Total 545. The number that should have been on the work being 805. Some of these had levanted and some did not make their appearance on the work. —

X It will be gathered from the above that the people have been drafted to and arrived on the work in a rather irregular manner, some of the gangs being unprovided with passports signed by any competent authority (though they may have been part of gangs that arrived previously) arriving without previous notice, at unreasonable hours, and at once clamouring for pay. to be paid, Sergt Heinig reports that some of the men Coolies were very violent and lawless ill-treating and robbing the women and weakly of their wages & bolting therewith. He even feared last night for the safety of the Cash chest. The people were so unruly. I have directed him to entertain a guard of 1 Duffadar & three peons for the cash chest. and have issued other instructions which I trust will have the effect of reducing things to order, in a very short time.

Up to the present however the out turn of work is something quite inappreciable. Sergeant Heinig has done his best under very difficult circumstances and I am of opinion has acted with much judgment, temper, and discretion. He has been informed that he should not in future reduce the wage below that laid down in Statement B.

XI I have already reported that the Hoskote valley is flooded, and that the work on which it was intended to employ these people is under water. Since that report a great deal more water has collected, and work since selected cannot now be got at, I have set the Coolies to work strengthening the Bund in a weak place as a temporary measure, but purpose moving them on Monday to Mallappa Chettys Tank which is situated about two miles from Krishnarajapuram encamping them on the high ground between the Tank and the road, which latter requires raising, and will also afford good work. Prior to despatching this letter I hope to be able to give some details of the quantity of work these people will provide.

XII The Camp will be under the immediate supervision of Sergeant Heinig under whose orders I have placed Mr. Taylor whose services in charge of the relief Kitchen have been dispensed with by the Deputy Commissioner giving him the same salary he drew as Superintendent of Kitchen. Mr. Taylor will be directed to march the people over making them carry mats materials for shelter &c &c. I trust that the above arrangements, which are the best I am able to devise at present, will meet with approval and that no more people may be sent to this work until I state I am in a position to receive them. I have the honor to be

Memo by the Famine Commr on the
Relief works in Mr Target charge —

I have had the advantage of a conversation
with Mr Target on several matters connected with the
works under him and I record in this memo the
conclusions at which we arrived.

1. Sergeant Meinigi Jank (Mallappa Cahetti.)—
When I visited this place with Mr Target, and
Mr Wingate, we found that only two classes of peop
were being given, Piecework, and the new B Scale.
The majority were in the latter wage, and were
chiefly women engaged in tamping and watering metal
Some diggers and carriers. The two former classes
could not be tasked, and I objected to their being
put down to B. pay except as a punishment for not
fulfilling tasks. Mr Meinig urged that if they
got A. pay, the difference between their earnings
and the piece of work earnings was so small that
no one would stay on piecework; and that he could
put almost all of them on piecework, if he had
more men. Mr Wingate undertook to arrange to
send out men from Bangalore, and this has
been done now for 10 days with good effect. I can
see the difficulty of working three rates (Piecework
A and B) on such a limited area as the road,
and I have confidence in Sergeant Meinig's kind-
liness and ability to manage the people, getting
out of them as much work as he can but not
treating them harshly. Accordingly Mr Target and
I came to this conclusion: that only two rates
should exist. Piecework and the old B Scale

(i.e. 0-2-0 for men and 0-1-6 for women) that every woman should have the change of getting piecework rates; and that no one should be put on B pay unless he or she, being able bodied and fit, refuse to be put in the 1st class, refuse piecework. People who are old and infirm will be classed on B naturally, but can go on piecework if they like. The Special Gang will continue unaltered. This proposal will be laid before the Chief Engineer and if he approves he will communicate his orders to Mr Target. The Special relief officer when he visits the work will select this clothing and satisfy himself that the people he finds on B pay have been offered piecework and have refused it.

Extract from the off'g: Chief Engineers Diary 23rd October 1877.

Inspected Sergeant Heinigs Relief Work on Mullappa Chetty's Tank, and the adjoining road about 3 miles from Hoskote. Very much satisfied with the state of affairs. Sergeant Heinig takes a great interest in his work people, and his arrangements are good. He has just now about 1,800 laborers, but he could take on up to 3,000, if they were sent to him gradually, say 1,200 in the next fortnight. He ought always to get early intimation of their coming. Last night at 6 PM. the Amildar of Hoskote sent him 106 famine Coolies to hut and provide for. This is unfair to the Public works officer, and should be forbidden. It would be as well that the Taluq Relief Officer should occasionally visit Sergeant Heinigs work. I believe Lieut Devereux is to be appointed to this Taluq and I am sure he would be very helpful. Sergt Heinig has not quite organised his gangs. I gave him instructions as to special treatment of the weakly, of the Children &c &c. He was building a Hospital hut, but has no medical subordinate in his Camp. I have ordered him to send those seriously sick to Hoskote, & to treat the lighter cases himself. His Asst Engr Mr Target will procure some medicine for him. I have directed Sergt Heinig to take on 3 or 4 police peons to see to order Sanitation &c. in his Camp. He has

been hitherto paying daily, and this I think unnecessary except for new arrivals, he has never yet been up to the full Public Works Scale & wage for he cannot get a proper task out of the work people. I saw a number of fat strong men capable of doing quite a full task, and told the Serg.t to dismiss them if they refused to work hard. He was making a distinction in the pay of Children under 7 and Sucking infants which is not authorized by Govt and must be corrected.

I beg to return D.O. No 1451G on Examiner, Public Works Accounts, Madras No 2396 E. 5th, dated 12th instant, forwarding copy of letter from the Examiner P.W. Accts, Mysore, intimating that the Dewan of Mysore is of opinion that I am not entitled to the bonus sanctioned by the Secy of State, for all non-commissioned officers of the Royal Engineers employed on Famine duties, because I was then employed in the Mysore State.

2. I respectfully beg to state that I belonged to the Government of India P.W. whilst in the Mysore province and that the

the Province was then under the control of Government of India.

3. I further beg to state that the Secy of State's decision & Govt of India Order thereon does not make any reference to where the Non-commissioned Officers of the Royal Engineers were employed. Several came from the Bombay Presidency.

4. I beg to request you will kindly forward this with all the enclosures to the Chief Engineer so that if necessary it may be sent to the Govt of India.

5. In conclusion, I beg to state that the Famine ceased before the Govt was made over to H. H. the Maharajah.

I beg to represent my case for the favorable consideration of Government.

2. The Government of India in their Resolutions Nos. 1333 G. dated 30th. September 1878 and 2087 dated 10th. August 1878 consulted the wishes of this Government as to the manner in which they intended to recognise the services of those who rendered any valuable service during the late Famine.

3. The ultimate result of this correspondence was the concession of either 6 months Special Leave to those who fell ill, or the addition of a year's service to those who did not.

4. From the correspondence quoted in the margin, it will be seen that my services were specially

for the Second Concession viz one years extra service for famine duty, and this Concession was sanctioned by the Government of India.

5. The Concession of this year's extra service hardly benefited in any way the Military Men of the Department, (in my case for instance I gained nothing by the Concession) unless in the case of Military Officers it counted towards furlough, and the question was then raised as to whether in the case of Military Officers the extra years service could not be counted for furlough, and in the case of Non Commissioned Officers it was suggested that they should be granted 3 months pay.

6. The above proposals were sanctioned by the Secretary of State in his despatch No. 433 dated 22nd. December 1881, but from the letter of the order, it would appear was only intended for Royal Engineers.

7. Why the Royal Engineers only should have participated in the privileges is not stated, as all Military Men were similarly affected, but this question seems to have been taken up by the Government of Bombay, and the Government of India in their No. 40 F. dated 30th. May 1882 in explanation of the Secretary of States despatch seemed to imply that the Resolution was applicable to all Commissioned warrant Officers and Non Commissioned Officers who were regarded as specially deserving, and who fulfil the other conditions prescribed in Financial Department Resolution No. 2087 of the 10th. August 1878.

8. I am a Warrant Officer of the old corps of Sappers and Miners, present Royal Engineers, and as already indicated

was considered specially deserving and granted an extra years service on account of famine relief duty, and under these circumstances, I beg to request that Government may be pleased to recommend me for the bonus of three months pay, which I am certain the Secretary of State will not under the circumstances disallow.

Returns have now come in to No. 322. E. of 29 June '82 (copy enclosed), and the accompanying statements have been compiled showing

(1) Rs. Officers employed on Famine duty

(2) R.R. Subordinates employed on Famine duty

As regards (1) it seems to this office that the Secy: of State's concession of extra furlough can be availed of only by those officers who received no extra pay while employed

The Officers of Royal Engineers and Subordinates named in the margin transferred from other Provinces and whose names have been included in the statements which accompanied your Office Note received extra pay, i.e. pay of next higher grade. The first two were in receipt of pay above Rs.600 per mensem.

2. The other Officers and Subordinates referred to in the statements, who belonged to the regular Establishment of the P.W. Department Madras, and those who were specially appointed for Famine duty, received the pay attached to their respective grades in addition to pay of Military rank. Major Clarke received pay above Rs.600 per mensem.

3. Lieutt. Boddy R.E. was on famine duty from 11th. December 1876 to 30th. September 1877 and not 30th. September 1878. The Audit Registers do not shew that any extra pay was drawn by Sergeant Balding.

4. Sergeant Heinig was employed in the Mysore Province during the

SIR,

Enclosures.

With reference to your Memo of the 29th June 1882 I have the honor to state that the period during which I was employed on Famine duty is correctly entered in the statement sent in by the Examiner.

Her Majesty's Secretary of State for India has already authorized the concession to me of one year's service for furlough, vide Government of Madras Military Department No 770 of 8th February 1881, and as I landed in India on the 14th November 1874, my furlough became due on the 14th November 1881.

From this explanation it will be seen that I can derive no benefit from being allowed to count towards furlough, the period of service passed by me on Famine duty.

I have the honor to be

In Despatch
from the Secretary of
State to the Government

of India No 433 dated 22nd December 1881 it is notified that officers and non commissioned officers of Royal Engineers who were employed on famine duties during 1877-79 should be allowed, in the case of the former, to count towards furlough a period of service, according to the time passed on such duty, not exceeding one year. non-Commissioned officers being granted a bonus of three months pay.

2. There has been some delay in verifying the famine service of officers and subordinates who were employed in this Presidency

owing to the requisite information not being available in the Examiner's office. References have thus had to be made to Provincial records and the results verified by the Examiner.

3. The appended Statement contains the names of all officers both of this Presidency and of other Provinces to whom the concessions sanctioned by the Secretary of State would on a first view seem to apply.

4. It is deemed however that the Resolution of the Govt of India No. 2087 dated 10th August

1875 as interpreted by their letter to the Govt of Bombay No. 10 I of 30th May 1882 restricts the concession of extra furlough to those officers who received no extra pay while employed on Famine duty and whose emoluments did not exceed Rs 600/- per mensem. All sums from the Famine Fund will therefore be deducted, as they would have been paid while at Madras, from the leave to which they would otherwise be entitled.

5. The Concession of the bonus to subordinate would apparently also be restricted to those of the Madras Presidency as all others employed here drew extra pay, having been allowed the pay of the next higher grade while on Famine duty

In the case of both officers and Subordinates special recommendations seem called for.

It is not clear however to this Government whether the exceptions allowed by the Secretary of State are intended by the Govt of India to be restricted as indicated above. The complete list of officers & subordinate will therefore be forwarded to the Govt of India for such orders as may be considered necessary.
