27th October 1882.

From

J. H. TAYLOR, Esq., Lieut., R.N.R.,
Master Attendant,
Administrative Department,
Madras,

To

The Hon'ble Master Secretary to
Chief Secretary to Government,
Marine Department,
Fort Saint George.

Sir,

In G.O. Financial No. 958 dated 16th August last, the Accountant General was directed to place the sum of Rupees (2 60) two hundred and sixty the value of tools supplied for the construction of the new light-house at Alamparai at the disposal of the Public Works Department from Port Fundo.

2 I herewith forward a statement relating to the tools received from the Superintendent of Alamparai Light, wherein it is shown that several articles were old and worn out when received. I submit that a deduction should be made for these items. The crab is said to have been merely lent for the work, and I shall be glad if this and the cash chest can be received back by

by the Public Works Department after the work is over. If this can be done, the sum paid for them should be recredited to the Port Fund.

I have the honor to be

Sir

Your most Obedient Servant

To.

Colonel J. Shaw-Steward R.E.

Chief Engineer, P.W.D.

Sir,

With reference to your Endorsement No 2000 C of 7th November/82, I have the honor to remark that I see no objection whatever to the Crab and Cask Chest being returned to the Public Works Department as soon as done with and if they are returned in fair order, the full value being credited to the Marine Department as soon as they are received.

2. With regard to the complaint that some of the tools supplied to the Muttom Light house were old and worn (not "worn out" as stated by the Master Attendant in

Encl: 1.

Returned.

× Value paid Rs 170.

his letter) I am not aware that ~~that~~ they were ever supposed to be new and of course this book value has been charged. As the total cost of these articles is only Rs 33-5-10, I do not think it is worth while proposing to make any reduction in their cost.

I have the honor to be

Sir

your most obedient servant.
