READ—the following despatch from the Most Honorable the Secretary of State for India, to His Excellency the Right Honorable the Governor in Council, Fort St. George, dated India Office, London, 19th October 1882, No. 18 (Public Works) :—

In the 15th paragraph of the report on the working of the Civil Engineering College in your Presidency, received with your Excellency's Educational Secretary's letter No. 1599, of 9th August last, allusion is made to the absence of practical training of the students while attending the College and to the consequent difficulty they find in obtaining employment when they have passed the Senior Department.

2. I request your Government to consider how this deficiency may be supplied, and I would suggest that some arrangement might be made by which the young Engineers could obtain the experience required on works which must always be going on to a considerable extent in the Presidency.
