READ—the following letter from J. H. TAYLOR, Esq., Lieut., R.N.R., Master Attendant, Administrative Department, to the Secretary to Government, Public Works Department, dated Madras, 28th September 1882, No. 8323 :—

Having visited Masulipatam I am able to state that the advantages of the new mouth of the river are so enormous, and promise so well for the port, that a strong effort may be made to close the old mouth in order to secure success.

2. This can be done by the Master Attendant at an estimated expense of Rs. 518.

3. I have just received from the District Engineer the following telegram :—

“ Estimate of Rs. 510 for closing old mouth of salt creek goes to you to-day, work will be supervised by Port Officer. Will place him in funds on receipt of authority from you,”

to which I have replied—

“ Proceed with closing old mouth, sanction will follow ”

in anticipation of sanction, which I now solicit may be communicated by wire to the Engineer and Master Attendant at Masulipatam.

No. 64.

ORDER—dated 12th October 1882, No. 2655 W., Public Works.

The action of the Master Attendant is confirmed, but the Superintending Engineer, Second Circle, will see that the expenditure is brought into conformity with Code rules, as early as possible.
