GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

No. 143.

Read—the following letter from G. T. WALCH, Esq., Officiating Superintending Engineer, First Circle, to the Chief Engineer, Public Works Department, dated Camp, Gostanadi Canal, 9th November 1882, No. 505 V.Z. :—

With reference to G.O., No. 1711 W., dated 7th July 1882, I have the honor to forward herewith a copy of the Vizagapatam Division Officer's letter, No. 1782 of 31st October 1882, on the subject of the execution of the work noted in the margin.

Bungalow for the Assistant Superintendent of Police, Jeypore.

2. The Executive Engineer proposes to have the work undertaken departmentally, and to allow of this being done he applies for a temporary establishment (estimate * herewith) consisting of one maistry, one gumastah and four peons, whose salaries amount to Rs. 105 per mensem. I consider that the salaries fixed by the Executive Engineer for the above establishment are not too much, as it is not possible to procure men, even on high salaries, to do work in the hill tracts, and I request you will be good enough to obtain the sanction of Government to the estimate.

* Rs. 525 for five months, from 1st November 1882 to 31st March 1883.

Enclosure.

From T. D. HARRIS, Esq., Executive Engineer, Vizagapatam Division, to the Superintending Engineer, First Circle, dated Waltair, 31st October 1882, No. 1782.

I have the honor to inform you, with reference to your rescript No. 394 V.Z., dated the 4th September 1882, that it is not possible to find any maistry willing to go to Jeypore for any thing less than Rs. 40, and it may be considered the least sum for which we could get a man to go up the hills. It is not therefore possible to reduce the salary of the maistry any further.

2. I think it would be advisable to appoint, in addition to the maistry, a gumastah who can write Telugu and speak Oriya fluently and accustomed to the country, and it is hardly possible to get a maistry with the above qualifications. A gumastah will be absolutely necessary to keep muster rolls of coolies and collect materials, sometimes 3 or 4 miles from the site of the building. I have posted Overseer Mr. Marrow for charge of the work, and I think it would be difficult for him to get on without a gumastah, as he cannot maintain muster rolls of coolies, &c.

3. I enclose a revised estimate for the temporary establishment required for the execution of the work, and request you will, in anticipation of sanction of the estimate by Government, authorise the entertainment of the establishment to enable me to commence operations at once; in fact I have already made arrangements for doing so.

No. 144.
