Sir,

I have the honor to request that I may be permitted to take up, and enclose a small piece of ground 20 yards by 20 yards as a Christian burial ground.

The Apprentice Overseer Blakes Child died here lately and had to be buried in a tomb belonging to one of the villagers, and I think it desirable that the grave-yard should be in this spot which is very suitable.

There are a large number of Europeans, Eurasians, and Native Christians here, and a burial ground is essential.

I am not sure to what head the Cost of Compensation should
