Civil Works.

No. 151.

READ—the following letter from J. STURROCK, Esq., President, Local Fund Board, Canara Circle, to the Acting Secretary to the Board of Revenue, dated Mangalore, 16th November 1882, No. 1369 (through Chief Engineer):—

With reference to Board's Proceedings, dated 11th September 1882, No. 2267, I

- 1 General report.
- 1 Specification.
- 1 Detailed estimate.
- 1 Abstract.
- 1 Plan of bridge with section.
- 1 Do. of sections, longitudinal and transverse.
- 1 Index plan.
- 1 Plan (map) of catchment.

have the honor to resubmit, with the enclosures marginally noted, the plan and estimate for the Beltangadi bridge slightly modified as to foundations so as to save a sum of Rs. 1,200.

2. The failure to submit the required information in the first instance was due partly to an omission to forward a report by the Local Fund Engineer, and partly to that officer having thought it unnecessary to send in longitudinal sections, as the proposed work was not a new project strictly speaking, but the construction of a new bridge on a previously selected and approved site which had not been found to be in any way defective. Under the circumstances I trust that the information now supplied may be considered sufficient.

3. As it is important that the bridge should be completed as early as possible, and an allotment of Rs. 20,000 has been sanctioned by the Local Board and by Government for the current year, I have under Rule 36 of the Local Fund Rules authorized the Local Fund Engineer to commence collecting materials.

G.O., 12th October 1882, No. 1453, Financial Department, communicated with Board's Proceedings, 26th idem, No. 8235, Miscellaneous.

No. 152.

ORDER—dated 27th November 1882, No. 3122 W., Public Works.

The plans and estimates, amounting to Rs. 39,300, for constructing an iron lattice girder bridge across the Beltangadi river in the South Canara District, are sanctioned.

2. This sanction has been registered as Local No. 27 W. of 1882-83.

NOVEMBER.
Nos. 151-152.

Beltangadi River.

Plans and estimates, amounting to Rs. 39,300, for constructing an iron lattice girder bridge across the —, sanctioned.

Public Works Department, 1882-83.

3122
Current No. 7921.

Letter No. 1309.

Dated the 16th November 1882.

From the President-Local Fund Board - Canara Circle.

NOTE OF REMARKS.

The Estimate with Plans, levels, report & specification for constructing an iron lattice girder bridge of four bays 50ft each resting on concrete rubble masonry piers & abutments across the Beltangadi river in the South Canara Dist. amounts to Rs 39,300-.

The present old & worn out structure consisting of seven bays (2 of 33ft - 1 of 29.5ft & 4 of 50ft - making in all 190.5ft) was first built in 1865-66, with lattice in mortar & timber superstructure. The cost of erection was Rs 11,327-8 & in 1873, or only eight years after completion, had to be repaired at a further outlay of 5367-8 - making a total of Rs 16,694-8-8. Subsequently minor repairs were carried out from the road allotment to July 1881, when the bridge was considered to be beyond repair & was closed to the public.

The information called for in Chief Engr's Memo, No. 1566-C, dated 29th August 1882 has been supplied.

The Estimate provided

for a Maistry & a Clerk for
8 months at Rs. 20 each
per month.

The Rates Entered are
considered fair.

A Survey of the Site
has been furnished.

The Plan & Estimate have
been approved of & Committee
signed by the President
Local Fund Board

22nd Nov/82
