GOVERNMENT OF MADRAS.

## PUBLIC WORKS DEPARTMENT.

**Irrigation.**
Account.

No. 149.

Read—the following papers :—

From C. H. WILKS, Esq., Executive Engineer, Kurnool Canal Division, to the Superintending Engineer, Third Circle, dated Kurnool, 27th October 1882, No. 356/49 S. E. III :—

With reference to Examiner's remark in Disallowance List on Contingent Bill for August 1882, I have the honor to forward herewith, for transmission to that officer, a list of stationery, valued at Rs. 949-5-10, in the stores of the late Irrigation and Canal Company, which I propose to take over. The stationery not taken over consists chiefly of forms in use by the Company and other useless articles, and these may be sold.

I would suggest the value of the stationery, now taken over, being debited at once to office contingencies, and there by avoid the monthly charge to that head on this account.

No. 1397.

Submitted (through the Examiner, Public Works Accounts,) for the orders of Government.

1 Original letter and
1 List of stationery.

2. The cost of stationery for ordinary use is not a contingent charge, and the proper course would seem to be to debit the value of the stationery taken over to the Stationery Office and consider it as a supply from the latter.

3. It is possible that the book rates at which the stationery is valued may exceed those at which similar supplies could be imported by the Stationery Office, and it is questionable whether the latter (which will certainly be greater than the prices obtained at an auction) should not be taken as the true value rather than the former.

Bellary,
2nd November 1882.

(Signed) J. PENNYCUICK, Major, R.E.,
Superintending Engineer, Third Circle.

No. 546 S.E. 3rd.

Endorsement on the above.

Forwarded to the Secretary to Government, Public Works Department, in original, with the recommendation that the stationery be taken for use as required without value, so as to avoid unnecessary entries in the accounts. The proceeds of such articles as may be sold can be paid into Treasury as Ordinary Public Works, Miscellaneous Receipts.

22nd November 1882.

(Signed) D. C. GORDON,
Examiner, Public Works Accounts.

No. 150.

Order—dated 27th November 1882, No. 3115 W., Public Works.

The stationery will be taken over as suggested by the Examiner, Public Works Accounts.
