Office Memo. to the Public Works Department, No. 953, dated 22nd April 1881.
1844 20th July

Since memorandum from the Public Works Department, No. 199A-G., dated 5th May
1882, forwarding returns showing of European manufacture purchased
locally for the Buildings and Road Department in the North-Western
Provinces during the years 1879-80.

Resolution—

From the returns forwarded by the Public Works Department, a list has been
prepared and is appended to this Resolution, showing articles which, on the infor-
mation before the Government of India, it is proposed to obtain of Indian manufacture;
and His Excellency the Governor-General in Council directs that in future these
articles shall be procured of Indian manufacture whenever it is possible to obtain
them of quality good enough for the purposes for which they are required, and at
prices not higher than the cost of articles of similar quality imported from England.
In no case should articles of these classes or of others which the country is capable of
supplying be indented for until experience has shown that the locally-manufactured
articles are substantially inferior in quality to, or dearer than, similar articles supplied
under indent from the Secretary of State.

2. Officers should take particular care to avoid purchasing, as articles nominally
of Indian manufacture, tools and other similar articles evidently imported from Europe
or America.

3. When the price at which particular articles can be obtained through the
agency of the India Office is not known, reference may be made to the Director-
General of Railways.

Order—

Ordered that this Resolution be communicated to the Public Works Depart-
ment and to all Local Governments and Administrations for information and guidance,
and that it be published in the *Gazette of India* for general information.
