PROCEEDINGS OF THE BOARD OF REVENUE.

Read—the following G.O., dated 12th October 1882, No. 1452, Financial :—

Read—the following papers :—

Proceedings of the Board of Revenue, dated 11th August 1882, No. 2007.

Abstract.—Reviewing and submitting to Government the revised Local Fund Budget Estimates of the newly-constituted Bellary and Anantapur Circles for 1882.

Proceedings of the Board of Revenue, dated 25th August 1882, No. 2139.

Abstract.—Submitting to Government remarks of the Director of Public Instruction on the revised Local Fund Budget Estimates of the Bellary and Anantapur Circles for 1882-83 ; and recommending Government to sanction the opening of an Elementary Normal School at Anantapur.

Order—dated 12th October 1882, No. 1452, Financial.

With the first of the above Proceedings the Board of Revenue submit the budgets of the reconstituted Bellary Circle and the newly-formed Anantapur Circle for 1882-83, the Government having sanctioned the formation of these circles in the Bellary District in lieu of the old circles—Bellary, Gooty, and Penukonda. Detailed budgets for the last-named circles for 1882-83 were separately reviewed and passed,* and revised budgets for the new circles were ordered to be submitted for *formal* sanction only. The Presidents have, however, found it necessary to make important changes in the original budget proposals for the year. These are clearly set forth in the papers now laid before Government, and the points on which the orders of Government are required will be noticed below in the order adopted by the Board of Revenue.

G.O., 26th January 1882, No. 161.

* G.O., 10th March 1882, No. 284.
„ 14th June „ „ 458.
„ 15th „ „ „ 481.

2. The course pursued in regard to the ascertainment and apportionment of the opening balance is correct.

3. The large falling off in the ferry rents noticed by Government is not explained. It is noted that a small increase is now estimated in the budget.

Vide para. 3 of G.O., 10th March 1882, No. 284.

4. The Land-cess estimate appears to be still too low. The heavy arrears in the Bellary and Gooty Circles pointed out by Government do not appear to have been taken into account in framing the present estimate, and the Board of Revenue do not allude to the application for remission, dated the 1st April, to which the Bellary President refers in his letter. The matter requires prompt attention in order that the outstanding arrears may be reduced as much as possible.

5. The provision for new works in Bellary is largely in excess of the original estimate, owing to increased funds being available from the opening balance ; and is fully explained by the President. The liberal allotments made for repairs in the original budget are raised still further for many of the roads. In Anantapur, on the other hand, the provision for new works has been struck out by the Board of Revenue, and the maintenance grant for roads cut down from Rs. 73,740 to Rs. 65,520. The Government cannot permit the latter reduction, seeing that the roads of the circle are reported by the President to be in a "miserable condition." In order, therefore, to

retain the original provision for repairs to roads, the amount reserved for famine adjustment will be reduced by Rs. 8,220. The Board of Revenue have correctly ruled that the charge for avenues should be debited to the General, *not* to the Road Fund; and the Government concur with them in thinking that the contribution to the proposed Municipal Dispensary building should be struck out. It is observed that the latter has not been taken credit for in the Municipal Budget.

6. The enhanced provision for the Local Fund Engineering Establishment is passed.

7. The proposed establishment of a separate Normal School at an estimated cost of Rs. 1,560 for the Anantapur Circle has received the approval of the Director, and is sanctioned. The amount should be inserted in the budget. The contribution towards the girls' school at Anantapur is passed in view of the explanation furnished by the Director.

8. Six new dispensaries are proposed for establishment. The Government sanction the proposal, as also the employment of an additional Second-class Deputy Inspector of Vaccination in Bellary and a First-class Deputy Inspector in Anantapur.

9. The Revenue Board's proposals regarding office establishments in paragraph 12 are approved.

10. Subject to the above remarks, the Budget Estimates of the Bellary and Anantapur Circles for 1882-83 are passed.

RESOLUTION—dated 6th November 1882, No. 2693.

The Local Fund revised Budget Estimates of the reconstituted Bellary Circle and the newly-formed Anantapur Circle for 1882-83 are herewith circulated to all officers concerned.

2. *Paragraph 3 of the Government Order.*—The decrease in the Ferry rents referred to in this paragraph is ascribed, in paragraph 10 of the Bellary President's letter, to the omission to include in the original estimate the moiety of rent of the Sovinhalli Ferry due from the Dhârvâd Board.

3. *Paragraph 4 of the Government Order.*—With reference to the remarks in this paragraph, the Board beg to observe that the Collector's letter, dated 1st April 1882, was not an application to write off irrecoverable arrears, but a reference to the Board on the question whether all arrears of land cess relating to items of land revenue recommended for remission are to be written off as irrecoverable. The matter was disposed of in Board's Proceedings, dated 31st May 1882, No. 3881, Miscellaneous.

4. *Paragraph 5 of the Government Order.*—The amount reserved in the Anantapur Circle for famine adjustment has been reduced by Rs. 8,220 and the allotment for repairs restored to the original figure.

5. *Paragraph 7 of the Government Order.*—The provision for the Normal School in the Anantapur Circle has been raised from Rs. 1,500 to Rs. 1,560 as directed by Government.
