Resolution—

The demands for 1883-84 for works other than Military, Irrigation, and State Railways are compared below with the corresponding grant for 1882-83 :—

	Demand, 1883-84.	Grant, 1882-83.
	RS.	RS.
Madras	2,90,944	3,16,701
Bombay	5,20,000	1,98,032
Bengal	20,21,800	13,02,052
North-Western Provinces and Oudh	3,08,870	1,46,573
Punjab	1,63,300	1,14,540
Central Provinces	49,550	18,674
Assam	66,360	40,377
Hyderabad	40,500	26,500
Rajputana	3,73,400	2,95,000
Central India	7,82,000	5,28,000
Coorg	2,18,661	1,75,000
Port Blair	43,200	43,405
Biluchistan	4,33,500	2,22,700
Inspector-General of Military Works	7,16,500	5,55,000
Reserve for special expenditure in England ...	...	9,07,000
Reserve for unforeseen requirements	...	2,19,819
Total ...	60,78,585	51,08,373

2. It is thus observed that the demands for 1883-84 exceed the total Imperial Other Services grant for 1882-83 by Rs. 9,70,212, whereas financial requirements make it absolutely necessary that the grants to be made for Other Services works for the ensuing official year should not, with the amounts to be held in reserve, exceed in the aggregate Rs. 47,76,328. Some of the demands must therefore be cut down, and in this view the reductions shown in the following table are made :—

——	Demands, 1883-84.	Provisional Grant, 1883-84.	Reduction or Addition (— or +).
	Rs.	Rs.	Rs.
Madras	2,90,944	2,49,500	— 41,444
Bombay	5,20,000	2,10,031	— 3,09,969
Bengal	20,21,800	11,26,222	— 8,95,578
North-Western Provinces and Oudh	3,08,870	1,74,400	— 1,34,470

Assam	66,360	42,704	— 23,656
Coorg	2,18,661	1,75,000	— 43,661
Hyderabad	40,500	25,500	— 15,000
Rajputana	3,73,400	2,62,300	— 1,11,100
Central India	7,82,000	5,28,000	— 2,54,000
Port Blair	43,200	42,405	— 795
Biluchistan	4,83,500	2,23,000	— 2,60,500
Inspector-General of Military Works	7,16,500	2,25,000	— 4,91,500
Reserve for English Expenditure	...	9,50,000	+ 9,50,000
Reserve for Indian Expenditure	...	4,30,966	+ 4,30,966
Total ...	60,78,585	47,76,328	13,02,257

3. The items making up the provisional grants now assigned will be found in the statement attached to this Resolution. The detailed budget estimates should be prepared only for the grants provisionally sanctioned and, where its distribution is not left to the local administration, strictly in accordance with the programme laid down. The grants herein allowed include provision for any expenditure that may be incurred in England on stores for works classed as Imperial Other Services. The budget estimate should be submitted so as to reach the Government of India punctually on the 15th January 1883.

Order—

Ordered that this Resolution be communicated to the Local Governments and Administrations noted in the margin, the Director-General of Telegraphs, the Director-General of the Post Office of India, and the Inspector-General of Military Works, for information and guidance.

No. 56.

Order—dated 8th December 1882, No. 3242 W., Public Works.

In the above Resolution the Government of India make the following assignment for Imperial Other Services for 1883-84 :—

——		Major Works.	Minor Works.	Repairs.	Establishment.	Tools and Plant.	Total.
		Rs.	Rs.	Rs.	Rs.	Rs.	Rs.

2. Under Postal the Government of India have reduced the grants applied for under Minor Works and Repairs by Rs. 2,790 and Rs. 2,000 respectively.

3. For the new Telegraph Office at Madras the Government of India have sanctioned Rs. 62,000, the grant applied for, and reduced the grant for Minor Works by Rs. 2,800. No provision of funds has been sanctioned by the Government of India for the works noted in the margin.

Quarters for Signallers at Cocanada.
A wall round the Store-yard at Madras.

4. In G.O., No. 2942 W., dated 8th November 1882, the Government of India were requested to make an assignment of Rs. 10,000 under "Salt" exclusive of charges on account of Establishment and Tools and Plant for 1883-84. No provision has been made in the Resolution read above, and it is hoped that an additional grant to this extent will be made, as the opening of the Ennore and Covelong bars is necessary in the interests of the Salt Department.

5. The grants for Minor Works and Repairs will be held at the disposal of Government and distributed on receipt of the estimated requirements of Superintending Engineers as directed in G.O., No. 405 W., of 14th February 1881.

6. With these remarks, the Preliminary Issue of the Budget Estimate of Imperial Other Services will be printed and circulated to the officers concerned and four copies forwarded to the Government of India.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

14th February 1881, No. 405 W.

General.
Account.

No. 56. Proceedings of the Madras Government, dated 14th February 1881, No. 405 W.

It having been brought to the notice of Government that the present system of specific appropriation to individual works from the grants for Minor Works, Repairs, and Tools and Plant involves much labor, which can be avoided without weakening the control over expenditure by a change of system, it has been decided to substitute the following practice for the one at present in force in regard to these grants :—

1. Each Superintending Engineer will report to Government, before the close of March, the amount of the estimated requirements of the ensuing year in lump sums under each fund and head for each division, so as to aid the Government in distributing the grants for Minor Works, Repairs, and Tools and Plant.

2. On the issue of the budget, or as soon after as possible, the Government will issue a statement in the following form, specifying the amounts allotted to each division under the several heads :—

Fund————————

Divisions.	Minor Works.				Repairs.				Tools and Plant.
	Military.	Civil Buildings.	Communications.	Miscellaneous Public Improvements.	Military.	Civil Buildings.	Communications.	Miscellaneous Public Improvements.	
Architect									
Cuddapah									
&c.									
&c.									
Reserve with Government ..									
Total Grants as per Budget ..									

3. The Government will retain a portion of the grant as a reserve at its own disposal, or at the disposal of the Superintending Engineer or other authority, to meet unforeseen or emergent demands, from which reserve additions can be made to the grant for any division as may be required from time to time.

4. No appropriations will be made from these grants to individual works, the amounts allotted to each division being regarded as the limits within which the Executive Engineer is empowered to incur expenditure during the year upon duly sanctioned estimates under each head and sub-head.

5. Each Executive Engineer will maintain a register in his division showing the progress of expenditure against the grant to enable him to watch that the prescribed limit of grant is not exceeded, and to take timely measures to obtain additional funds if needed. This register may be in the following simple form :—

*Fund*____________________

Particulars.	MINOR WORKS.				REPAIRS.				Tools and Plant.
	Military.	Civil Buildings.	Communications.	Miscellaneous Public Improvements.	Military.	Civil Buildings.	Communications.	Miscellaneous Public Improvements.

Balance 1st May .. .. Outlay in May	450 50								
Balance 1st June .. .. Outlay in June	400 30								
Balance 1st July .. .. And so on each month.	370								

6. The distribution of the grants will at the same time be communicated to the Examiner, who will maintain a similar watch over the progress of expenditure and report to Government all tendency to exceed the allotments.

7. The grant for Major Works will continue to be appropriated to specific works as at present; and these arrangements will not affect in any way the rules requiring a specific sanctioned estimate for each Minor Work or Repair or for expenditure on Tools and Plant, or the rules requiring the maintenance of registers and lists of such sanctions.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

No. 45.

READ—the following papers :—

G.O., dated 11th September 1882, No. 962, Revenue.

Read—the following Proceedings of the Board of Revenue, dated 18th July 1882, No. 1804 :—

Read—the following letter from H. W. BLISS, Esq., Commissioner of Salt Revenue, to the Secretary to the Board of Revenue, dated Ootacamund, 29th June 1882, No. 6486 :—

I have the honor to report, for the information of the Board, that owing to the Ennore and Pulicat bars having closed, the water-level of the Buckingham Canal has fallen to such an extent as completely to stop the transport of salt from the Chingleput Northern Factories since the 10th instant. Efforts were made by the Public Works Department to open the bars at the new moon spring tides on the 15th instant, but proved unsuccessful. A fresh attempt is to be made at the next full moon, but its success is very doubtful, the water-level in the canal being lower than for some years past, so that nothing can well be done until rain falls in the interior and brings the river floods down.

2. Under these circumstances, there is of course much more salt out on the drying grounds in the Northern Factories than there should be. Some of this will no doubt be lost when the rains do set in, but I do not anticipate any very serious damage as the majority of the manufacturers have thatched their heaps in. Their action in this respect certainly merits recognition, as it will probably lead to our eventually getting in a considerable quantity of salt which would otherwise be destroyed by rain. I am therefore directing the Assistant Commissioner to pay at once half Kudivaram on the estimated contents of all thatched-in heaps on the drying grounds, the transport of which to the Madras Salt Depôt has been prevented as above stated and not by any default on the part of the manufacturers. I trust this will be approved.

3. I take this opportunity to bring to the Board's notice that the cost of all works executed with the object of opening bars has hitherto been charged to this Department, apparently on the ground that fresh brine is required to make good salt. But an adequate supply of sea-water is equally required to keep the canal navigable; and, as this Department pays heavy tolls and license fees to the Public Works Department for the privilege of using the canal, it appears to me that it ought not also to pay for the maintenance of the navigability of the canal, which it certainly does if it has to pay for opening bars. I think, therefore, the Government should be moved to direct that the cost of opening bars be in future a charge against the canal and not against this Department. It will be remarked that, even if the Salt Department did not exist, the same obligation as at present would still lie on the Public Works Department to keep the canal open for use by the large class of the public who own or use boats thereon for the transport of goods and passengers. Government cannot

in fact equitably charge license fees for boats plying on the canal unless they keep the water-level at a sufficient height to enable the boats to ply.

Resolution—dated 18th July 1882, No. 1804.

The payment of half Kudivaram reported at paragraph 2 is submitted for the approval of Government, with the suggestion that in future the Board may be authorized to sanction such payments in exceptional cases.

2. The orders of Government are also requested upon paragraph 3 of the Commissioner's letter. The Board agree with the Commissioner.

(True Copy and Extract.)

(Signed) E. GIBSON,
Acting Secretary.

Order—dated 11th September 1882, No. 962, Revenue.

With reference to the first paragraph of the Board's Proceedings, it is observed that the Board have already exercised the power for which they ask (*vide* G.O., 7th August 1880, No. 938). The Government approve of their sanctioning similar payments in future.

2. Paragraph 2 will be considered in the Public Works Department.

The Executive Engineer, Buckingham Canal, is requested to report on the subject.

(Signed) H. L. PRENDERGAST, Col., R.E.,

No. 45-A.

From Major R. R. E. DRAKE-BROCKMAN, R.E., Executive Engineer, Buckingham Canal Division, to the Superintending Engineer, Fifth Circle, dated Chepauk, 27th October 1882, No. 1395.

With reference to paragraph 3 of the Salt Commissioner's letter No. 6486, dated 29th June 1882, embodied in Proceedings of Madras Government, dated 11th September 1882, No. 962, Revenue, I have the honor to report that it is not essential to the navigability of the Buckingham Canal that the bars be open all the year round. As

regards the Ennore and Covelong bars, which this department has had especially to deal with, it certainly is not necessary. An open bar, during April and May when local drainage may be expected in ordinary years into the canal, is rather adverse than otherwise to the maintenance of a navigable depth of water in the canal, as such upland waters would find a vent to the sea, instead of being pounded-up in the backwaters through which the canal runs. Under these circumstances I cannot agree with the proposal made in the letter from the Commissioner of Salt Revenue, that the bars be kept open at the expense of this Department.

I may mention that the process of salt cultivation itself is one that tends towards lowering the water-level in the canal; as water is taken from the latter and evaporated over extensive flats in the shape of the salt-pans. It is but right therefore that the Salt Department should, when necessary (which is but very seldom indeed and only in years of exceptional low rainfall), be called upon to raise the water-level in the backwaters by the admission of sea-water through the bars, and that the cost of doing so should be borne by that Department.

No. 2721.

Forwarded to the Chief Engineer, Public Works Department, with reference to memorandum No. 1800 C. of the 5th October 1882.

The Executive Engineer in charge of the Buckingham Canal considers it is not necessary in ordinary years to open the bars for the sake of navigation. But fresh sea-water is required to allow of good salt being made; therefore, in my opinion, the cost of opening the bars is debitable to the Salt Department.

No. 45-B.

From H. W. BLISS, Esq., Commissioner of Salt Revenue, to the Under Secretary to Government, Public Works Department, dated Ootacamund, 27th September 1882, No. 10266.

In reply to your letter No. 1724 C., dated the 25th instant, I have the honor to enclose a copy* of the Revenue Board's Proceedings, No. 1804, dated July 18th, 1882, from the third paragraph of my letter printed wherewith you will see why I have not proposed to provide from the Salt Budget for the opening of the Ennore and Covelong bars in 1883-84.

2. I have provided in the Salt Budget for all minor works required by the Department under the head of Petty Construction and Repairs.

Order—dated 8th November 1882, No. 2942 W., Public Works.

From the correspondence submitted by the Superintending Engineer it would appear that, while the opening of the Ennore and Covelong bars is not essential for the navigability of the canals, it is necessary in the interests of the Salt Department. The cost of opening and closing the bars will therefore as heretofore form a charge against the Salt Department.

2. A copy of these Proceedings will be forwarded to the Government of India, with a request that a sum of Rs. 10,000 may be entered under "Salt" in the schedule of probable requirements on account of Imperial Other Services for 1883-84, forwarded with this office endorsement No. 2493 W., dated 26th September 1882.

Resolution.—The demands for 1883-84 for works other than Military, Irrigation and State Railways are compared below with the corresponding grant for 1882-83 :—

	Demand, 1883-84. Rs.	Grant, 1882-83. Rs.
Madras	2,90,944	3,16,701
Bombay	5,20,000	1,98,032
Bengal	20,21,800	13,02,052
North-Western Provinces and Oudh ...	3,08,870	1,46,573
Punjab	1,63,300	1,14,540
Central Provinces	49,550	18,674
Assam	66,360	40,377
Hyderabad	40,500	26,500
Rajputana	3,73,400	2,95,000
Central India	7,82,000	5,28,000
Coorg	2,18,661	1,75,000
Port Blair	43,200	42,405
Biluchistan	4,83,500	2,22,700
Inspector General, Military Works ...	7,16,500	5,55,000
Reserve for special expenditure in England	...	9,07,000
" for unforseen requirements	...	2,19,819
Total ...	60,78,585	51,08,373

2. It is thus observed that the demands for 1883-84 exceed the total Imperial Other Services grant for 1882-83 by Rs. 9,70,212, whereas financial requirements make it absolutely necessary that the grants to be made for Other Services

3 works for the ensuing official year should not, with the amounts to be held in reserve, exceed in the aggregate Rs. 47,76,328. Some of the demands must therefore be cut down, and in this view the reductions shown in the following table are made :—

	Demands, 1883-84.	Provisional Grant, 1883-84.	Reduction or addition (—or +).
	Rs.	Rs.	Rs.
Madras	2,90,944	2,49,500	—41,444
Bombay	5,20,000	2,10,031	—3,09,969
Bengal	20,21,800	11,26,222	—8,95,578
North-Western Provinces and Oudh	3,08,870	1,74,400	—1,34,470
Punjab	1,63,300	80,300	—83,000
Central Provinces	49,550	31,000	—18,550
Assam	66,360	42,704	—23,656
Coorg	2,18,661	1,75,000	—43,661
Hyderabad	40,500	25,500	—15,000
Rajputana	3,73,400	2,62,300	—1,11,100
Central India	7,82,000	5,28,000	—2,54,000
Port Blair	43,200	42,405	—795
Biluchistan	4,83,500	2,23,000	—2,60,500
Inspector General of Military Works	7,16,500	2,25,000	—4,91,500
Reserve for English Expenditure	...	9,50,000	+9,50,000
Reserve for Indian Expenditure	...	4,30,966	+4,30,966
Total ...	60,78,585	47,76,328	13,02,257

3. The items making up the provisional grants now assigned will be found in the statement attached to this Resolution. The detailed budget estimates should be prepared only for the grants provisionally sanctioned and, where its distribution is not left to the local administration, strictly in accordance with the programme laid down. The grants herein allowed include provision for any expenditure that may be incurred in England on stores for works classed as Imperial Other Services. The budget estimate should be submitted so as to reach the Government of India punctually on the 15th January 1883.

In the above Resolution, the Government of India make the following assignments for Imperial Other Services for 1883-84

		Major Works	Minor Works	Repairs	Establishment	Tools and Plant	Total
Civil Buildings	Postal	111,990	12,210	5,000			
	Telegraph	62,000	6,200	3,000			
	Total	173,990	18,410	8000	46,094	3006	249,500

2. Under Postal, the Government of India have reduced the grants applied for under Minor Works and Repairs by Rupees 2790 and 2,000 respectively

3. For the new Telegraph Office at Madras, the Government of India have sanctioned the 62,000, the grant applied for, and reduced the grant for Minor Works by Rs 2800 – No provision of funds has been sanctioned by the Govt. of India ~~made~~ for the works noted in the margin

Quarters for Signallers at Cocanada
A wall round the Storeyard at Madras

4. In G O No 2942 W dated 8th November 1882, the Government of India were requested to make an assignment of Rs 10,000 under "Salt" Exclusive of Charges on account

of Establishment and Tools and Plant for 1883-84. No provision ~~however~~ has been made in the Resolution read above, and it is hoped that an additional grant to this extent will be made, as the opening of the Ennore and Covelong Bars is necessary in the interests of the Salt Department.

5. The Grants for Minor Works and Repairs will be held at the disposal of Government and distributed on receipt of the estimated requirements of Superintending Engineers as directed in G O No 405 W of 14th February 1881

6. With these remarks the Preliminary Issue of the Budget Estimate of Imperial Other Services will be printed and circulated to the Officers concerned and four copies forwarded to the Government of India.
