15TH DECEMBER 1882, No. 3313 W., PUBLIC WORKS.

Civil Works.

No. 102.

READ—the following letter from W. R. CORNISH, Esq., F.R.C.S., C.I.E., Surgeon-General with the Government of Madras, to the Secretary to Government, Public Works Department, dated Madras, 1st December 1882, No 332 :—

With reference to Proceedings of Government, No. 3072 W., of 20th November 1882, I have the honor to state, for the information of His Excellency the Governor in Council, that judging from the report of the Superintending Engineer, Fifth Circle, it does not seem to be prudent to enter into a new lease for the rental of the Eye Infirmary premises unless the landlord could be brought to carry out the substantial repairs thought to be necessary by the Public Works Department.

2. I am of opinion that it would be more economical in the long run to build a suitable Ophthalmic Hospital than to expend from three to four thousand rupees per annum in rental and repairs. The house and premises have been in occupation as an Eye Infirmary for about 40 years, and the sum already paid in rent and repairs has exceeded by about four times the present value of the property.

No. 103.

ORDER—dated 15th December 1882, No. 3313 W., Public Works.

The Consulting Architect to Government will, in communication with the Surgeon-General, frame a design for a new Ophthalmic Hospital in Madras, either as a separate building or as an adjunct to the General Hospital, as may on consideration be deemed most suitable.
