SIR,

I am directed to forward herewith copy of a Despatch from the Secretary of State, No. 48, dated 7th September 1882, with enclosures, commenting on the very high charges for Establishment as shown in the Public Works Department Budget Estimates and accounts, and to request that the Budget Estimate of 1883-84 may be accompanied by statements showing the true or approximate percentage which the charges for Establishment bear to the expenditure on works in connection with which it is employed. If the expenditure does not supply a proper criterion of the actual economy exercised in controlling the Establishment charges, detailed explanation should be submitted of the causes of all charges in excess of the fair normal expenditure on the supervision of direct outlay on works.
