BOARD OF REVENUE, 8TH NOVEMBER 1882, No. 2716.

PROCEEDINGS OF THE BOARD OF REVENUE.

READ—the following letter from J. THOMSON, Esq., Acting Sub-Collector of Cuddapah, to the Acting Collector of Cuddapah, dated 23rd September 1882, No. 381, and endorsement by the Collector, dated 3rd October 1882, No. 495:—

I have the honor to bring to your notice that a sum of Rs. 5,000 is entered under Class B of the Budget for provincial expenditure of the year for building a Sub-Collector's Cutcherry at Madanapalle. Its entry under Class B means that funds are not yet provided, but will be made available from the reserve, should the necessity for the undertaking be clearly established. My purpose in addressing you is that, this necessity being shown, funds should be made available and the amount expended during the current year.

2. The estimate for the building was sanctioned in G.O., Public Works Department, of 13th May 1878, No. 2137-W, and nothing has been done up to the present time from, as I understand, want of funds. I am at a loss to know for what reason provision is now made for the building under Class B in the Budget.

3. I am informed that in 1875 the last building which was a Cutcherry proper was pulled down. From then for some years extra tentage was drawn by the Sub-Collectors, there being no building rented by Government. In Board's Proceedings, Miscellaneous No. 3575, of 1st April 1880, on the Sub-Collector's letter, No. 77, of 25th February 1880, the rent of a thatched house, rented by him for Rs. 25 per month, was ordered to be paid by Government, and with reference to the same Proceedings, a sum of Rs. 10 per month was paid for the use of a room in his house as Court room, &c. This arrangement continues to the present time, and I am receiving Rs. 10 a-month.

4. The building for which Rs. 25 a-month is paid is the property of Mr. Thomas Ward; was built originally by Mr. Swan, Inspector of Police; is a narrow building of three rooms on end with a small room under an end verandah. There are three small places, probably originally bath-rooms, off the three rooms, and in them dufters are now stowed. The walls are brick in mud; the roof thatched over bamboo mats. It is not weather-proof though recently put in better repair than before, white ants are troublesome, and the doors are without locks. Thirty-five rupees was to be paid if a tiled roof was put on, but this has not been done. I forward copy of the Executive Engineer's letter of 24th May 1880, No. 192. The present rent is, as the Executive Engineer says, exorbitant. All rents in Madanapalle are.

5. The having the Court room in my house is very unsatisfactory to me. It brings people and work about my premises whom I do not wish to have there, while it would be advisable that the Sub-Collector was in greater proximity to his office establishment. The office building is 100 yards or more distant from my house.

6. The foundations of the old office building remain *in situ* on the side of the road close to what used to be Colonel Munro's house, and the stone of the building is stacked ready again for use.

No. 495.

Submitted to the Board of Revenue, with the request that the sum required may, for the reasons given by the Sub-Collector, be made available at once.

BOARD OF REVENUE, 8TH NOVEMBER 1882, No. 2716.

RESOLUTION—dated 8th November 1882, No. 2716.

Submitted to Government, with the request that funds may be allotted for the construction of the Sub-Collector's Office at Madanapalle during the current year.
