No. 119.

READ—the following letter from R. P. LUKE, Esq., Superintendent of Telegraphs, Madras Division, to the Secretary to Government, Public Works Department, dated Madras, 8th December 1882, No. 5186:—

With reference to G.O., dated 1st December 1882, No. 3169 W., paragraph 2, I have the honor to state that I have received an intimation from His Excellency the Commander-in-chief that he desires telephonic communication between his residence at Snowden and the head-quarter offices, which will in all probability be located in a central building about as far from Snowden as the present Government Offices are.

2. This being the case, I would suggest that a system be adopted which will connect His Excellency the Governor, His Excellency the Commander-in-chief, the offices mentioned, and any other Government Office considered desirable with an exchange in some convenient position.

3. The new Telegraph Office at Ootacamund is in a central situation, and I would recommend that the exchange be established there. This would enable any of the offices joined to the system to communicate at once in case of urgency with the Telegraph Office.

4. If this suggestion is approved, and you will let me know the number of offices to be included in the system and where they are situated, I will prepare an estimate of the cost at once.

No. 120.

ORDER—dated 18th December 1882, No. 3342 W., Public Works.

The proposals of His Excellency the Commander-in-chief are approved.

2. The Superintendent of Telegraphs will include the cost in the estimate already called for in G.O., No. 3169 W., dated 1st December 1882, paragraph 2.

Madras the 8th of December 1882

Sir,

With reference to G. O. dated
1st December 1882 No 3169 W. para 2 I have
the honor to state that I have received an
intimation from His Excellency the Com-
mander-in-Chief that he desires telephonic
communication between his residence at
Mowdon and the Head Quarter Offices &
which will in all probability be located in
a Central Building about as far from
Mowdon as the present Government Offices
are.

2.

This being the case I would
suggest that a system be adopted which
will connect His Excellency the Governor,
His Excellency the Commander-in-Chief,

the offices mentioned, and any other Government office considered desirable with an Exchange in some convenient position.

3 The new Telegraph Office at Ootacamund is in a central situation and I would recommend that the Exchange be established there. This would enable any of the offices joined to the system to communicate at once - in case of urgency, with the Telegraph Office.

4 If this suggestion is approved and you will let me know the number of Offices to be included in the system and where they are situated I will prepare an estimate of the cost at once.

I have the honor to be
