Civil Works.

Read the following paper:—

No. 26. From Colonel J. BEATTY, R.E., Superintending Engineer, Sixth Circle, to the Chief Engineer, Public Works Department, dated Trichinopoly, 21st January 1882, No. 163 M.D.

THE Officiating Executive Engineer, Madura, has brought to notice that two of the rooms in the Tirumal Naick's palace are at present occupied by Barristers practising in the Civil Court of Madura.

Executive Engineer's letter (copy), dated 16th November 1881, No. 73.

Madura Sub-division Officer's, dated 10th December 1881, No. 559, with three copies of correspondence.

Copy of Executive Engineer's, dated 9th January 1882, No. 357.

2. These gentlemen were, apparently, allowed to occupy the rooms by officers of this department (without reference to higher authority) on paying the cost of certain fixtures, such as partition walls,

and on condition of a refund of the amount being made them in the event of their being called on to vacate the rooms. They pay no rent.

3. This arrangement being contrary to the Code Rules, I have the honor to request permission to refund the sums paid (200 rupees in the one case and 400 rupees in the other), and to require these gentlemen to pay rent in future for the rooms they occupy, and to be prepared to vacate at a month's notice in the event of the rooms being required for a Government purpose.

4. I send the Executive Engineer's letters for your perusal.

No. 27. ORDER THEREON, 7th February 1882, No. 336 W.

THE proposals of the Superintending Engineer are approved.

2. The amounts required for repayment on account of the partition will be met from the Reserve of 1882-83.

3. The Government have no objection to a room being set apart for general use by pleaders or vakeels attending the Courts, or to afford such facilities to the gentlemen in question as may be necessary, but they must altogether decline to permit private persons to acquire exclusive possession of any of the rooms. The Superintending Engineer will therefore, after discharging the claims now under disposal, give notice to the present occupants that they must be prepared to vacate the rooms in question within a year from the date of such notice, and he will further take measures for preventing the recurrence of any such unauthorised arrangements.

For order

The arrangements described in this correspondence by which such parties were enabled to advance money for work in a public building & thereby establish an unauthorized claim are very objectionable but an untenable stand the only course now to be followed seems to be that proposed by the Superintendent viz. to reimburse the money advanced & fix a proper rent on the rooms &c.

I have ascertained from Mr. Christopher that the partitions made by these individuals are in all respects
