A piece of land marked A in the accompanying plan, Survey No. 4 in Tondiarpet, measuring 1,600 square feet, owned by one Parthasaradi Naik, was recently acquired for the Buckingham Canal Basin improvements, with reference to G.O., No. 1650W, dated 30th June 1882. Read—the following Proceedings of the Board of Revenue, dated 24th April 1882, Mis. No. 3056 :—

Read—the following letter from R. J. MELVILLE, Esq., Collector of Madras, to the Secretary to the Board of Revenue, dated Madras, 11th April 1882, No. 115 :—

The Executive Engineer of the Buckingham Canal has applied for the acquisition, for improvements to the basin, of a piece of land, bearing Survey No. 4, in the Tondiarpet Division. The owner of the land demands an exorbitant sum. He is willing to settle the matter by arbitration. I have the honor, therefore, to request to be informed whether this matter should be settled by arbitration or the land acquired under Act X. of 1870. The sum demanded by the owner is Rs. 13,771, the valuation of the Deputy Collector Rs. 3,840. The difference is very considerable, and in my opinion the land should be acquired under the Act. My late *locum tenens*, Mr. Leman, having, however, expressed a different opinion, I refer the matter for the decision of the Board, merely remarking that, should by any chance the arbitrator agree with the owner, there will be no appeal, and Government will have to pay the sum thus arrived at, however exorbitant it may appear.

Resolution—dated 24th April 1882, Mis. No. 3056.

The Board are of opinion that the land should be acquired under the Act. The Collector is referred to paragraph 2 of the letter from the Government of India printed in G.O., dated 12th August 1878, No. 1289, and he will forward a draft notification for submission to Government.
