Budget Estimate.

Read the following paper:—

From H. St. A. GOODRICH, Esq., Agent to the Governor in Ganjam, to the Chief Secretary to Government, dated Chatrapur, 26th October 1881, No. 631 [Current No. 3449].

I have the honor to submit the Budget Estimate of Petty Construction and Repairs for 1882-83.

2. Under "New Works" a sum of Rs. 3,660 is provided. As in the current year (1) Rs. 1,000 are provided for unforeseen expenditure on works, (2) Rs. 500 for the new trade route to Kalahandy, (3) Rs. 2,100 for three masonry bridges in lieu of wooden ones, and (4) Rs. 60 for a new market shed at Balliguda.

3. The current year's grant of Rs. 1,000 will, my Special Assistant Agent reports, be expended on the bridge over the Bara Nodi on the road from Balliguda to Tumeribund. The new trade route will not be opened this year as the Kalahandy Dewan has not done his part as yet.

4. The bridges which it is proposed to construct with masonry work in place of the existing wooden ones are specified in the budget. It is desirable that such substantial works should be erected. They are necessarily expensive as chunam has to be brought from long distance.

5. The Special Assistant Agent reports that the new market at Balliguda is already a great success. A shed is therefore provided for.

6. The repair grants are estimated at Rs. 13,490 and are much the same as those entered in the current year's budget, except that the mileage rate for the main military road has been reduced from Rs. 30 to Rs. 20 its original rate, and the amount thus saved transferred to the Cheligodo road which is in great need of improvement. The Senior Assistant Agent reports that the main military road is in very fair order; it is now almost completely bridged.

7. The maintenance grant for the repairs of Sub-Magistrate's Cutcherry and Sub-jail at Udayagiri (Pedda Kimedi Maliahs) is reduced to Rs. 120.

8. The new item in the repair grants is Rs. 200 for the Sub-Magistrate's house at Udayagiri in Pedda Kimedi.

9. The total amount budgeted for is Rs. 17,150 against Rs. 20,000 sanctioned for the current year.

ORDER THEREON, 10th November 1881, No. 2188.

Budget Estimate of Charges for Petty Construction and Repairs in the Hill tracts of Ganjam for 1881-82, reviewed.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following paper:—

From H. St. A. GOODRICH, Esq., Agent to the Governor in Ganjam, to the Chief Secretary to Government, dated Chatrapur, 15th November 1882, No. 622.

I have the honor to submit the budget estimate of charges for Petty Construction and Repairs in the Hill tracts of Ganjam for 1883-84.

2. The total amount budgeted for is Rs. 17,850 against (Rs. 17,150 + Rs. 226-13-4) Rs. 17,376-13-4 in 1882-83. Rs. 17,150 was the original budget grant for 1882-83, and Rs. 226-13-4 the balance unexpended in 1881-82, which was ordered to be utilized in the current year on the Balliguda and Tumribund road, vide G.O., No. 471, dated 25th April 1882.

3. *New Works*.—The total amount provided for new works is Rs. 3,200 against Rs. 3,886-13-4 in the previous year.

4. *Communications*.—Rs. 2,250 are provided for bridges against Rs. 3,326-13-4 in 1882-83. In the regular estimate for the current year Rs. 2,326-13-4 only are entered for expenditure, and Rs. 1,000 granted for unforeseen contingencies will all be saved.

5. The budget provides for the following works for 1883-84:—

	RS.
(1.) Bridge at Kavalgam on the Boad road ..	1,000
(2.) Masonry bridge in lieu of timber one over Gudosola nullah on the Balliguda road ..	500
(3.) Masonry bridge over the Dudi nullah on the Balliguda road ..	750
Total ..	2,250

6. My Special Assistant Agent reports that he has kept in the sum of Rs. 500 sanctioned for Kalahandi trade route for 1882-83. It is also reported that the proposed route by Lunkaghur is much used by local traders, but that the through traffic (Brinjaries) have given it up. They have probably returned to better routes lately closed to them by the levy of very heavy grazing dues and other illegal exactions which are no longer extorted under the present administration. The Superintendent of Affairs, Kalahandi, has asked my Special Assistant Agent to wait till he has had the different routes to our Maliahs from Kalahandi surveyed by a competent authority and then to use all the grants available on the improvement of that line which promises to be the one most deserving of consideration. It is therefore extremely unlikely that the amount of Rs. 500 will be spent this year. Rs. 500 are, however, provided for 1883-84 to meet any probable requirements.

7. *Buildings*.—A sum of Rs. 450 is provided for 1883-84 against Rs. 60 in the previous year. The latter sum, viz., Rs. 60, which was first intended for constructing a market-shed at Balliguda, will be utilized in the current year in building two small rest-houses in Dussaragam and Mondigar, vide G.O., 16th August 1882, No. 959, Miscellaneous, Financial Department. Of Rs. 450 budgeted for 1883-84, Rs. 300 will be spent for constructing a record-room to the Udayagiri Taluk Magistrate's Office,

Supply Enquiries T. C. C. C.

which is much wanted, five officials, peons, records, &c., now being all crowded together in one small room; the other Rs. 150 are provided for building a tool-shed at Udayagiri (Gumsur Maliahs). It is reported that at present the tools are kept in a cell of the Sub-jail.

1. Annual grant for repairs of roads.	Rs. 5,200	8. <i>Repairs.</i> —Under repairs Rupees 14,650 are provided for 1883-84 against Rs. 13,490 in the current year.
2. Do. for Military road.	2,490	
3. Do. for Road road ..	1,800	9. <i>Communications.</i> —Rs. 12,440 are allotted for 1883-84 against Rs. 10,970. Of these Rs. 10,960 * are for roads in the Special Assistant Agent's Division. Provision is made for the following works in the budget for 1883-84 :—
4. Additional grant required for 1883-84	1,470	
Total ..	10,960	

(a.) Rs. 1,000 for the road from Balliguda to Udayagiri *via* Serangada and the bridges thereon.

(b.) Rs. 270 to clear the jungle on Govindapur and Mohana road *via* Taptapani ghât.

(c.) Rs. 200 for a timber bridge at Lobarasingi.

Item (a.) Rs. 500 of this will put the bridges in order and the other Rs. 500 will make a stony but not over-steep ghât practicable for bandies. Carts could then go along it, which would be very useful not only for officials travelling by stages, but for the traders who already use carts on the road as far as they can take them.

Item (b.) is to clear the jungle on the 18 miles of road between Mohana and Govindapur *via* Taptapani ghât at Rs. 15 per mile.

Item (c.) The additional sum of Rs. 200 is entered for the Military road. This is required to rebuild the timber bridge at Lobarasingi which the Special Assistant thinks would be advantageous.

10. *Buildings.*—Rs. 2,210 are entered for 1883-84 against Rs. 2,520 in the preceding year.

11. The decrease of Rs. 310 is due to the reduction of the repair grants of most of the bungalows as shown below :—

	1882-83.	1883-84.
(1.) Special Assistant Agent's bungalows in Balliguda ..	500	375
(2.) Sub-Magistrate's bungalows in Balliguda	200	150
(3.) Rest-houses	500	460
(4.) Market-sheds	200	185
(5.) Ramagiri Sub-Magistrate's house	200	100
(6.) Special Assistant Agent's bungalow at Russellkonda ..	250	200
(7.) Udayagiri Sub-Magistrate's house	100	100
(8.) Maintenance of bungalows in the Senior Assistant Agent's Division	50	50
(9.) Annual grant for Ramagiri Sub-Magistrate's Office and Sub-jail in the Senior Assistant Agent's Division ..	120	120
(10.) Sub-jails at Udayagiri and Balliguda	400	470
	2,520	2,210
		—310

Regarding the increase in item No. 10 the Special Assistant Agent writes as follows:—"I have added Rs. 35 to each of the items of the Sub-jails. This has been done, as in my opinion the Sub-jail doors should be altered: they are of wood with only a small square hole in them and the constables on guard are quite unable to see what goes on inside. I think the upper half should be made of iron bars. The cost may be more than the extra Rs. 35 asked for, but I would not have asked for more than Rs. 175 for the Sub-jails if I had not thought the change in doors (four in each Sub-jail) necessary."

12. The grants for repairs of roads and buildings in the Maliahs under the Senior Assistant Agent are the same as those entered in the current year's budget.

The estimate is in excess of that sanctioned for the current year; and, though less than the actuals for 1881-82, it exceeds the average expenditure of the past three years by Rs. 980. The Agent, however, explains the necessity for the provision under the several items. The estimate will be accepted and passed for inclusion in the Provincial Services Budget.

Item (c.) The additional sum of Rs. 200 is entered for the Military road. This is required to rebuild the timber bridge at Lobarasingi which the Special Assistant thinks would be advantageous.

10. Buildings.—Rs. 2,210 are entered for 1883-84 against Rs. 2,520 in the preceding year.

11. The decrease of Rs. 310 is due to the reduction of the repair grants of most of the bungalows as shown below :—

	1882-83.	1883-84.
(1.) Special Assistant Agent's bungalows in Balliguda ..	500	375
(2.) Sub-Magistrate's bungalows in Balliguda	200	150
(3.) Rest-houses	500	460
(4.) Market-sheds	200	185
(5.) Ramagiri Sub-Magistrate's house	200	100
(6.) Special Assistant Agent's bungalow at Russellkonda ..	250	200
(7.) Udayagiri Sub-Magistrate's house	100	100
(8.) Maintenance of bungalows in the Senior Assistant Agent's Division	50	50
(9.) Annual grant for Ramagiri Sub-Magistrate's Office and Sub-jail in the Senior Assistant Agent's Division ..	120	120
(10.) Sub-jails at Udayagiri and Balliguda	400	470
	2,520	2,210
	—	—
	—310	

Regarding the increase in item No. 10 the Special Assistant Agent writes as follows:—"I have added Rs. 35 to each of the items of the Sub-jails. This has been done, as in my opinion the Sub-jail doors should be altered: they are of wood with only a small square hole in them and the constables on guard are quite unable to see what goes on inside. I think the upper half should be made of iron bars. The cost may be more than the extra Rs. 35 asked for, but I would not have asked for more than Rs. 175 for the Sub-jails if I had not thought the change in doors (four in each Sub-jail) necessary."

12. The grants for repairs of roads and buildings in the Maliahs under the Senior Assistant Agent are the same as those entered in the current year's budget.

ORDER—dated 7th December 1882, No. 1883, Financial.

The budget estimate of charges for "Petty Construction and Repairs" in the Hill tracts of Ganjam for the year 1883-84 provides for —

New Works.								RS.
Communications	..	..	..	..	..	..	..	2,750
Buildings	..	..	..	..	..	..	..	450
Repairs.								
Communications	..	..	..	..	..	..	..	12,440
Buildings	..	..	..	..	..	..	..	2,210
Total								17,850

The estimate is in excess of that sanctioned for the current year; and, though less than the actuals for 1881-82, it exceeds the average expenditure of the past three years by Rs. 980. The Agent, however, explains the necessity for the provision under the several items. The estimate will be accepted and passed for inclusion in the Provincial Services Budget.

2. This budget has been delayed much beyond the prescribed time. The Agent should endeavour to avoid this in future.
