G.O., dated 11th December 1882, No. 1509, Judicial.

Read—the following letter from G. HAMNETT, Esq., Inspector-General of Registration, to the Chief Secretary to Government, dated Madras, 5th December 1882, G. No. 3318 :—

I have the honor to submit, for the sanction of the Government, plan and estimate, the latter amounting to Rs. 760, for adding a record-room to the Registrar's office at Salem.

2. The office consists of two rooms, 53' x 16' each. The accommodation is insufficient for the Registrar, his establishment, and the records; and I found on my inspection of the office on the 8th October last that the almirahs containing the records had to be kept in both rooms, instead of in one room, as intended by the standard design.

3. It is very important that the registers of valuable documents should be secured in a separate room, and this can only be done by the addition of the proposed room.

4. I would recommend that the work be entrusted to the Public Works Department, and if no funds are available this year that the work be undertaken during the next official year.

Order—dated 11th December 1882, No. 1509, Judicial.

Approved and transferred to the Public Works Department, with request that the work may be carried out in that Department.
