GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following paper :—

From J. H. TAYLOR, Esq., Lieutenant, R.N.R., Master Attendant, Madras, to the Chief Secretary to Government, dated Madras, 29th September 1882, No. 8386.

Administrative Department.

I have the honor to forward the budget statements of the Marine Department for the official year 1883-84 :—

1. Estimate of Receipts and Charges, Port Fund.
2. Do. Receipts, Provincial.
3. Do. Charges, do.
4. Do. do., Imperial and Port Fund.
5. Do. Lighthouses, Port Fund.

2. The estimate of receipts will be first noticed.

Port Fund.—The estimate for the ensuing year amounts to Rs. (3,95,000) three lakhs and ninety-five thousand. The levy

		RS.	
Actuals ..	{ 1879-80	2,79,777	of Port dues at all the ports in the Presidency and the increase of rates at certain ports came into operation during the second half-year of 1881-82, showing the actuals in Port Fund receipts as Rs. (3,60,684) three lakhs sixty thousand six hundred and eighty-four for the whole year, which compares favorably with the estimate of Rs. (3,58,600) three lakhs ninety-eight thousand and six hundred for 1882-83. I have therefore adopted the mean between the two for the estimate of 1883-84, adding Rs. (16,000) sixteen thousand on account of Harbour Master's fees transferred from Provincial Services under G.O., Financial, No. 24, dated 6th January 1882.
	{ 1880-81	2,95,258

	{ 1883-84	3,95,000	

3. *Provincial.*—The estimated amount of receipts under this head is Rs. (18,000) eighteen thousand, based on the average of three years. The pilotage collections at Cochin have been added. The Harbour Master's fees, Madras, having been transferred to Port Funds, there is a large decrease under this head.

		RS.	
Actuals ..	{ 1879-80	1,90,869	The charges now follow. Taking the Port Fund charges for the ensuing year, the estimated amount is Rs. 2,56,800 showing the trifling difference of Rs. (896) eight hundred and ninety-six in decrease as compared with the last budget, which hardly calls for remarks. The whole expenditure connected with the Marine Department, including all the lighthouses, was brought on the Port Fund during the second-half of the past official year, and still
	{ 1880-81	2,04,826	
	{ 1881-82	2,93,027	
Estimates ..	{ 1882-83	2,57,696	
	{ 1883-84	2,56,800	

the disbursements were Rs. (67,657) sixty-seven thousand six hundred and fifty-seven less than the receipts. The receipts and disbursements of the ensuing official year, when compared, show as favorable a result as the past year, the receipts being Rs. (1,38,200) one lakh thirty-eight thousand and two hundred in excess. It will thus be seen that the scheme of rendering the Madras Marine self-supporting has proved eminently successful in a financial point of view; it has saved the State Rs. (78,300) seventy-eight thousand and three hundred annually, but on the other hand it threatens to act injuriously as regards the service itself. The recent decision of the Government

of India, *vide* G.O. as per margin, changes the whole character of the service, reducing it to the *quasi* official position of a Municipality or a Local Fund Board, instead of a branch of the Government service as it is from the very nature of the duties devolving on it, and unless the service is soon rescued from the untenable position it is thus placed in, there will be a large increase in charges under the head of Postage, Stationery, Printing, &c., while the establishments will be deprived of all privileges as regards leave, pension, and allowances enjoyed by the Uncovenanted Service.

Provincial.—The expenditure under this head is estimated at Rs. (7,196) seven thousand one hundred and ninety-six, including Rs. (2,200) two thousand and two hundred on account of the share of pilotage fees payable to the Cochin pilots, but owing to the transfer of the Madras Harbour Master's establishments, &c., to the head of Port Fund, for which Rs. (88,222) thirty-eight thousand two hundred and twenty-two was provided in the last budget, a corresponding decrease appears in the present estimate.

Imperial and Port Fund.—The charges under Port Fund having already been noticed, those under Imperial require attention. These simply comprise the charges of the *Margaret Northcote*, and is included as usual in the Marine Budget, while the expenses are actually met in the Revenue Department.

ORDER—dated 30th October 1882, No. 1615, Financial.

The budget estimates of receipts of the Marine Department for 1883-84 under *Provincial* and *Port Funds* amount respectively to Rs. 18,000 and Rs. 3,95,000. The *Provincial* receipts at Pamban are estimated at the same amount as for the current year, and Rs. 3,000 are added as the estimated pilotage collections at Cochin. The Harbour Master's fees at Madras are excluded and shown under Port Funds.

G.O. No. 24, dated 6th January 1882.
The *Port Fund* receipts are estimated at Rs. 3,600 less than for the current year. Excluding the Madras Harbour Master's fees estimated at Rs. 16,000, transferred from *Provincial*, the estimate is fixed at the mean between the actuals for 1881-82 and the estimate for the current year.

2. The budget estimates of charges under *Imperial*, *Provincial*, and *Port Funds* amount respectively to Rs. 4,813, Rs. 7,196, and Rs. 2,56,800.

		RS.
Actuals	(1879-80)	76,093
	(1880-81)	67,844
	(1881-82)	40,982
Estimates	(1882-83)	7,816
	(1883-84)	4,813

The estimated charges under *Imperial* merely include provision in connection with the *Margaret Northcote*.

		RS.
Actuals	(1879-80)	13,539
	(1880-81)	15,254
	(1881-82)	4,315
Estimates	(1882-83)	43,218
	(1883-84)	7,196

The decrease in the estimated charges under *Provincial* is due to the transfer of the cost of the Madras Harbour Master's Establishment to Port Funds. But Rs. 2,200 are provided on account of the share of pilotage fees payable to Cochin pilots; and, excluding this sum, the same provision is made for charges at Pamban as for the current year.

The charges under *Port Funds* are estimated at an amount slightly less than for the current year. This includes a provision of Rs. 4,000 for works to be executed from Port Funds, which are all to be carried out by the Marine Department. As in previous years the estimated charges for 1883-84 are well within the estimated receipts, the surplus for the year amounting to Rs. 1,38,200 and raising the outstanding balance at its close to Rs. 10,40,758. The scheme for rendering the Madras Marine self-supporting has thus proved, so far, very successful. The question touched on by the Master Attendant as to the status of Port Funds is under further consideration.

3. The estimates are passed as follows:—

	Imperial.	RS.
Charges		4,813
	Provincial.	
Receipts		18,000
Charges		7,196
	Port Funds.	
Receipts		3,95,000
Charges		2,56,800

Official Memorandum.

Dated the 18th December 1882.

With reference to Memorandum
No. 3255C dated 12th December 1882, the Secre-
tary to Government, Public Works Dept.,
is informed that the works to be executed
from Port funds, included in the estimate
transferred by Public Works endorsement
No. 1830C dated 10th October 1882, are all
to be carried out by the Marine Dept.,
and there is therefore no need for trans-
ferring any sum from Port funds to the
credit of the Public Works Dept. in 1883-4.
A copy of G.O. No. 1615, dated 30th October
1882, is, however, forwarded.
