READ—the following papers:—

G.O., dated 20th December 1882, No. 6840, Military.

From Colonel A. R. GLOAG, R.A., Commanding Royal Artillery, Eastern District, to the Deputy Assistant Quartermaster-General, Eastern District, dated St. Thomas' Mount, 3rd October 1882, No. 314.

Referring to your correspondence, &c., as per margin, I have the honor to recall the following facts to your recollection.

Your docket, No. 3113, dated 2nd October 1882.

„ Dy. „ 2440, „ 23rd May „

1. The 24th Regiment Native Infantry arrived at this station early in the present year, and the only available Native Hospital in which Military Details, the Police, and Civil patients could be treated was directed to be handed over to the 24th Regiment. This regiment was rather sickly, and the hospital was completely filled by its sick.

2. The roof too of the hospital, on examination by the Executive Engineer of the district, was discovered to be unsafe throughout, and the building was unroofed and repaired piecemeal; thus even it could not accommodate the sick of the regiment.

3. Cholera was prevalent, the weather was very unhealthy just at this time, the doctors were entirely against the sick being left exposed. Every endeavour was made to find suitable accommodation in a Government building, but none was found, and all this was duly reported.

4. I had, the case being emergent, and at Dr. Dempster's urgent request to find him accommodation for all his establishment, to take the bungalow in question at the trifling rent of Rs. 20 per mensem, which amount was to be paid by the Civil, the Police, and the Military Departments in a fair ratio as already pointed out. No other department, save the Military Department, found any difficulty in obtaining their quota of the rent. Time did not admit of waiting for sanction.

5. I have only in conclusion to add that what was done was done for the best, and for the benefit of the sick, and with the entire concurrence of the medical officers. Under these circumstances I trust the amount, trifling as it is, may be passed.

No. 4329.

Endorsement on the above.

Forwarded to the Quartermaster-General with reference to his letter, No. 2751, of 13th April 1882. It is requested that, under the circumstances stated herein, the bill for the rent of hospital accommodation may be sanctioned.

Sir

Referring to your correspondence & asking to inform
I have the honor to recall the following facts to your recollection.

1. The 24th Regiment of I. arrived at this station early in the present year, and the only available Native Hospital in which Military Details, the Police, and Civil patients could be treated was declared to be handed over to the 24th Regiment. This Regiment was rather sick, and the hospital was completely filled by its sick.
2. The roof top of the hospital on examination by the E. & of the district was discovered to be unsafe throughout, and the building was removed and repaired. However, there was it could not accommodate the sick of the Regiment.
3. Cholera was prevalent, the weather was very unhealthy just at this time, the doctors were entirely against the sick being left exposed. Every endeavor was made to find suitable accommodation in a permanent building, but none was found. And all this was duly reported.
4. I had, the case being urgent, and at Dr. Despatch's urgent request, I find him accommodation for all his soldiers in the building in question as the building cost of Rs 20 per month, which amount was the paid by the Civil, the Police, and the Military departments in a proportion as already pointed out. No other department save the Military Department found any difficulty in placing their quarters there.
