

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

21st December 1881, No. 3168 W.

General.
Establishment.

Read the following paper:—

No. 79. From D. C. GORDON, Esq., Examiner, Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 9th December 1881, No. 176 W.

WITH reference to paragraph 6 of G.O., No. 2703 W., dated 2nd November 1881, I have the honor to request to be informed how the pay of Supervisor Apprentices at the rate of Rs. 90 per mensem has been arrived at, as there is nothing in the Public Works Code relating to this class of establishment. If no distinct authority on the subject exists at present, it will be necessary to obtain the sanction of the Government of India to the appointment of the Supervisor Apprentices on the salaries specified.

2. With regard to paragraph 3 of the Government Order, I beg to draw your attention to the accompanying copy of the Government of India Finance and Commerce Resolution No. 3007, dated 30th September 1879, from which it will be observed that the emoluments of an officer cannot be distributed between two departments, unless provided for by any general or special rule. From the Government of India letter printed with the Government Order it would appear that to avoid a distribution of charges, the whole pay of the Instructor in Bengal is charged to the Roorkee College.

3. The favor of an early reply is requested.

No. 80. ORDER THEREON, 21st December 1881, No. 3168 W.

THE question raised in paragraph 1 of this letter does not come within the purview of the Examiner's audit, the charges being provided for in the Civil Budget.

2. With reference to paragraph 2, the Right Honorable the Governor in Council does not consider that paragraph 3 of G.O., No. 2703 W., dated 2nd November 1881, is open to the objection advanced. The ruling of the Government of India quoted in support of the objection refers to the Military pay of an officer in civil employ being debited to the Military instead of the Civil department. A parallel case would be a Public Works or Military subordinate employed in the Educational Department, e.g., the Civil Engineering College, when the whole of his pay would be chargeable to Educational. It is not understood that when an officer is working for two departments, there is any objection to his allowances being distributed.
