

No 1748 T. J.

Sup^r Engineer's office
Trichinopoly, 23 January/82.
Sept. 25.

From.

Colonel J. Beatty Rb.

Sup^r Engineer, Circle.

To,

Colonel R. H. Sankey CB Rb.

Chief Engineer, P. W. D.

Thro: The Inspector General
of Sails.

Sir,

As it is improbable that the Revised Estimate for the Palamcottah Sail will be sanctioned sufficiently early to admit of the present allotment of the Sail Rs 13,000 being ^{fully} spent before the close of the official year, I have the honor to request that a sum of Rs 4000 may be withdrawn from that allotment and reallocated to the new Tanjore Sail. This transfer is proposed for the purpose of enabling the Executive Engineer Tanjore Division to commence work by making bricks, digging wells and purchasing timber for the new Sail to be constructed at

Saujore. This is the best season for
purchasing timber at Regapatam
as the annual supply from Bur-
mah arrives in January and
February.

I have the honor to be

Sir

Your most obedient servant.

F. Beatty. Colr. 22.

Supr. Engineer, B'circle

Yr Approval.
