Read the following paper :—

No. 42. From H. F. CLOGSTOUN, Esq., Officiating Accountant-General, to the Secretary to Government, Public Works Department, dated Fort St. George, 4th February 1882, No. 462.

WITH reference to the Proceedings of Government in the Public Works Department, No. 104 W., dated the 12th January 1882, I have the honor to observe that although provision has been made in the Cinchona Budget for 1882-83 for the completion of the buildings at Naduvatam, the actual outlay must ultimately be borne as a Provincial Public Works charge with reference to the rulings of the Government of India recorded in the Proceedings of this Government, No. 205, dated the 27th January 1880, Financial. I request therefore that orders may be passed providing for the outlay on this account from the sum of Rs. 2,82,900 held as a "reserve at the disposal of Government including Minor Works."

No. 43. ORDER THEREON, 13th February 1882, No. 397 W.

AN allotment of Rs. 8,374 will be made from the Provincial Reserve of 1882-83 for the Cinchona buildings at Naduvatam.

MADRAS,
Chepauk, 8th February 1883.

No. 971.

From C. A. V. Pendergast Esq. B.E.
SUPERINTENDING ENGINEER,
5th CIRCLE,

To THE Chief Engineer
P.W.D.

SIR,

I have the honor to submit for sanction an estimate of Rs. 11580 for a diversion of the Buckingham Canal at the 160th mile and for constructing flood banks for the Regulation of the Mannaru

2. I am sending you this one estimate separately as the Executive Engineer is particularly anxious to have sanction. The work can be rapidly carried on just now and there is a good deal of money to be expended by the end of next month. I shall therefore feel obliged if sanction be given for this work without reference to other estimates that have recently been sent in but which are not required for execution till

2 Sections.

till next year.

3. The Short diversion proposed is at 159 M 7 f, and will give a better entrance into the River Manneru; the effects of the regulation of the River by the left flood bank, will be watched, and it will be seen whether there should be a diversion of the Canal on the left bank of the Manneru as was at first proposed. The diversion has been finally settled upon Captain Newbys Last investigation, and was brought to notice for your approval; the cost is estimated at Rs. 2386.

The Manneru has abandoned its old course a short distance above the point where the Canal now enters its bed; the River spills over the country and joins the Canal by various openings. The left flood bank is to start on high ground, just above the old channel of the River, and will be carried on, for rather more than ½ mile at a cost of Rupees 6525. The right flood bank begins at a bank in the Village of Kaseru, and joins the Canal bank at 159 M 3 f: the estimate for this embankment is Rs. 218.

I have the honorable Sir Your Most Obedt Servant

Lewis Sendergast Lt Col R.E.
