From
The Consul, Dominion of Siam
To The Office in charge, P. Works, Sub S. E. S.
Siam

I beg most respectfully to report that I came
to this place in January 1879 two years ago.
I got attacks of fever now & then, vide my journals,
but never got a severe attack.
The climate gradually worked on my constitution
that I have been blown up & for these 2 months
I turned so weak that I am now unable to stand
at a place for at least an hour or walk a
few road miles, without getting severe pain
in legs. I am unable to express myself well.
I, therefore, most humbly beg to transfer me to
any other place in Central or Eastern Siam
where I can get frequent opportunities of ^{being} ~~being~~
on sea coast.

If not, I shall be very grateful if I be granted
privilege leave of 3 months, ~~for~~ which I am
entitled to. Once I went on privilege leave
that extended from 22nd May to 2nd June 1878.
I did not complain before, since I thought it
my duty to see every thing in ^{as} good order
as possible before the ensuing freshet.
I beg for early orders, as I believe it danger-
ous to live here, without changing the climate,
as there is no medical aid here, even native.

I beg to remain,
Yours,
H. L.

SIR,

I have the honor to forward herewith a letter received from D. Venketaswami, Taluk Overseer in charge of the works at Dumagudem. He applies to be either moved to the Delta, or for three months privilege leave. In a letter I received from Mr. Vanstavern, dated Dumagudem the 8th May he remarks "the work (i.e. at Dumagudem) will be getting beyond the Overseer - this place does not agree with him - he is ^{getting} puffed out and is losing his strength." So the statement made by the Overseer, regarding the state of his health may be taken as in no way exaggerated. Consequently it would be next door to useless, to give him

Forwarded to the Dist Officer for orders. I would recommend either a change or the leave asked for, the former by preference for it is very apt to spoil a promising Overseer to remain so long with scarcely any supervision in one place. His consideration is apart from the state of the Overseer's health which appears to be bad.

him work in the Delta so the only other
alternative is to grant him three months
privilege leave.

But then arises the difficulty
of having the Dumagudem works and
all the stores at that place in charge of
a Storekeeper - as none of the Delta Over-
seers can well be withdrawn from their
different charges. And as the Overseer
states that in his present state of health,
delay might be dangerous, I trust you
will be able to send an Overseer to relieve
him as soon as possible.

I have the honor to be,

Sir,
