with reference to G.O no 2180 W dated 22nd December 1881. I have the honor to request that the Government will be pleased to Authorise the Accountant General or the Superintendent of the Harbour works to disburse to me the amount of the estimate for extending the South Main Drain, viz Rs 13663.

2. The Superintendent of the Harbour works informs me that he has no provision for the expenditure in his estimate and he considers moreover that payment should be made after the work is finished.

3. As payment will be made by me

me to the Contractor by instalments from time to time it is necessary to have the amount in hand, and with heavy bills from England now due for stores, to be paid for eventually out of the new loans I am not in a position to make the necessary payments for the work out of current receipts.

Order thereon 12th Feb 1882 No 231 Roads Transferred to the Public Works Department.
