GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

2nd March 1882, No. 545 W.

General.
Establishment.

Read the following papers :—

No. 13. From Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, Fifth Circle, to the Chief Engineer, Public Works Department, dated Chepauk, 21st January 1882, No. 770.

THE Executive Engineer of the South Arcot Division asks for instructions regarding the construction of the two rooms allowed for the office of the Sub-Registrar in the Taluq Cutcherry at Manjakuppam. This is a new Cutcherry, now being built, but the office of the Sub-Registrar is amalgamated with that of the Registrar by G.O., No. 1571 W. of the 23rd June 1881, and the Collector says the two rooms for the Sub-Registrar, as provided in the standard plan, are not necessary for the Cutcherry. All the wood-work for the rooms has been prepared, and I would be disposed to build the rooms as likely to be turned to account; but I have the honor to request I may have orders, for the two rooms are at the end of the wing and they can be cut off without affecting the rest of the building.

No. 249 C.

REFERRED to the Inspector-General of Registration.

(By Order.)

(Signed) ROSS THOMPSON, Lieut.-Col., R.E.,
Ag. Under Secy. to Govt., P.W.D.

10th February 1882.

No. 13-A. From G. HAMNETT, Esq., Inspector-General of Registration, to the Secretary to Government, Public Works Department, dated Camp, Kanchi-kachella, 14th February 1882, T. No. 218.

WITH reference to endorsement No. 249 C., dated 1st February 1882, herewith returned, on a letter from the Superintending Engineer, Sixth Circle, I have the honor to transmit, for the information of the Government, copy of correspondence* with Colonel Beatty, Superintending Engineer, Third Circle, from which it will be seen that I was of opinion that a separate office, on the standard design, should be built at Cuddalore for the Registrar of South Arcot.

2. There is no Sub-Registrar now at Manjakuppam, nor is there any likelihood of an officer of that grade being appointed to that station again.

No. 14. ORDER THEREON, 2nd March 1882, No. 545 W.

THE Government consider that as two rooms for a Sub-Registrar in the new Taluq Cutcherry at Manjakuppam are not required, they should not be built. The wood-work being on the standard design, can be utilized elsewhere.

2. An estimate for a separate office at Cuddalore for the Registrar of South Arcot should be submitted if required.

Superintending Engineer, 3rd Circle.

SIR,

In returning the letter from the Executive
Engineer, South Arcot Division N^o 615 dated
the 5th instant, received with your N^o 461 S. A. of
the 13th idem, I have the honor to inform you
that for many reasons, it is desirable that the
Office of the Registrar of South Arcot should be
placed in a detached building in ac-
cordance with the design which, I
believe the Consulting Architect has
sent up to the Government.

Sir

With reference to your letter N^o 340 of 10 June 1881, and G. O. thereon N^o 1571 W. of 23 Idem P. W. D. I have the honor to forward an original letter from the Executive Engineer South Arcot Division (to be returned) and shall feel obliged by your informing me whether the accommodation required for the District Registrar should be provided by a detached building or by an extension of the accommodation provided in the Plan of the Taluk Catchery to be built at Mayakuppam. Please let me know your views definitely on the several points referred to by the Executive Engineer.
