PUBLIC WORKS DEPARTMENT.

6th March 1882, No. 569 W.

General.
Establishment.

Read the following papers:—

No. 41. Memorandum from the Superintending Engineer, Second Circle, dated 21st January 1882, No. C/134.

No. 9 E.W.

No. 41-A. MEMORANDUM—IRRIGATION.

The undersigned has the honor to forward herewith, for the sanction of the Chief Engineer, Public Works Department, an application from Captain Campbell, R.E., submitted through the Superintending Engineer, Second Circle, for an increase of the salary drawn by Lieutenant Joyce, the Superintendent of Plant and Machinery on the Sangam Project works, to Rs. 200.

2. The present salary drawn by Lieutenant Joyce is Rs. 100, as fixed in the scale sanctioned in G.O., No. 2815 W., of 12th November 1881, and Captain Campbell now explains that as Lieutenant Joyce has been offered Rs. 200 per mensem in the Godávari he could not remain at Sangam, where however his services appear very necessary, unless his salary is raised.

3. There is a question as to whether Lieutenant Joyce is entitled to draw Rs. 200 in addition to his pension, and on this point the office notes that have passed with the Examiner of Public Works Accounts, and which are herewith forwarded for perusal and return, show that the separate orders of the Government of India are required.

4. The increase, if approved, will form a charge against Provincial.

(Signed) C. VINCENT,
for Chief Engineer for Irrigation.

Chepauk,
20th February 1882.

To the Chief Engineer, Public Works Department.

No. 42. Order thereon, 6th March 1882, No. 569 W.

The Government sanction the salary of Lieutenant Joyce, Superintendent of Plant and Machinery on the Sangam Project, being increased to Rs. 200 per mensem as a personal rate.

2. The Superintending Engineer, Second Circle, will include the increase in the report called for in paragraph 2 of G.O., No. 2815 W., dated 12th November 1881.

3. The question whether Lieutenant Joyce can draw full pay in addition to pension will be referred to the Government of India.

FROM

THE SECRETARY TO THE GOVERNMENT OF MADRAS,
Public Works Department,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
Public Works Department.

SIR,—WITH reference to your letter No. 1788 G., dated 14th October 1880, I am directed to state that Lieutenant and Deputy Assistant Commissary J. Joyce, who retired from the service under Government of India Resolution Nos. 322—47 G., dated 3rd February 1880, on a pension of £90 per annum, together with a bonus of Rs. 4,560, has now obtained temporary re-employment as Superintendent of Plant and Machinery on the Sangam Project on a salary of Rs. 200 per mensem, and to inquire whether he may draw this salary in addition to his pension.

2. Government of India Resolution No. 1115-1134 G., dated 24th August 1881, lays down the terms on which officers who retired under Resolution No. 2079 of the 31st July 1879 may be re-employed, but no specific instructions on the same point with regard to the Resolution of the 3rd February 1880 appear to have been issued.

I have the honor to be,
Sir,
Your most obedient servant,

Lieut.-Col., R.E.,
Ag. Under Secy. to Govt., P.W.D.

No. 43.

INQUIRING whether Lieutenant Joyce, Superintendent of Plant and Machinery on the Sangam Project, can draw full pay in addition to his pension.

No. 1089 Sangam Project Division
Sangam 18th January 1882.

5684/a
4

From,

The Executive Engineer
Sangam Project Division

To,

The Superintending Engineer
2nd circle.

Sir,

Lieutenant Joyce Superintendent of Plant has resigned his appointment as he has been offered a post of Rupees 200 a month at Cocanada and I have the honour to request that you will strongly recommend to the Chief Engineer that his pay be increased to Rupees 200 a month. It is quite impossible to carry out a large work like this without having a pretty extensive Workshop. Even already there is a great deal of work going on and there will be more, and it is the sort of work that cannot satisfactorily be done in other workshops, not only would this cause delay but mistakes might

be

be made as the work would not be under the superintendence of the Officers concerned. We have at present 50 waggons, 1500 well curbs, brick tables, brick moulds, wood work for houses, iron work for mortar mills and lime Kilns, Centrings for bridges, switchers for tramway sleepers and a great amount of small works such as making nuts, bolts &c. in addition to this we will have altogether 6 Engines, many pumps, cranes, mortar mills &c. and these will require careful looking after and I certainly think that it is not too much to pay a man Rupees 200 a month to look after all this. I do not think it possible to get an even fairly good mechanical Engineer on Rupees 100 a month: but even supposing one could be got he would probably be ignorant of carpentry work and also not be able to work without machinery. Mr. Joyce is in all respects suited for

for the work here, having been so long in the Madras P. W. he is accustomed to make shifts and can turn out work without expensive machinery which probably a good mechanical Engineer could not do. He is as fit for work now as ever he was and the sort of work he will have here is exactly the same as he has had experience in for the last 20 years or more. During the short time he has been here he has done most excellent work and I have no hesitation in saying that if he leaves his services will be a very great loss to the project, and as good a man could I am convinced not be got for less than Rupees 400 a month.

2. The iron work, woodwork and mechanical works will be very considerable here for the next year and it is I think out of the question to get a sufficiently

good man on Rupees 100 a month and if a really good man, who can be in almost in independent charge of the shops and machinery cannot be got, it will be almost as well to have no one at all, as none of the staff will have time to teach a man and show him every thing he has to do. I do not mean to say that as good a man as Mr Joyce cannot be got; but I maintain that a man so well suited to the work and of so much experience cannot be got under at least Rupees 400 a month and I am certain that if a really good man is not got to fill this post the project will be delayed at every stage. I therefore request that you will use your best endeavours to get the pay of Superintendent of Plant increased to Rupees 200 a month.

3. As there will be a saving of over 2 lacs under the head of Establishment no objection to the increase owing to want of funds. 569/SW 6

I have the honor to be
Sir
Your Most Obedient Servt
John Campbell Captain R.E.
Executive Engineer

No. C/134.
Forwarded to the Chief Engineer for Irrigation for the favor of early orders.

The undersigned has not the powers with him, but believes that Rs 200/- a month was originally entered by Capt Campbell as pay for the Supdt of Plant, that this rate of pay was disallowed by the Chief Engineer for Irrigation.

It is presumed that Capt Campbell means it to be understood, that Mr Joyce will stay on at Sangam, if he is paid

Rs 200/- per month.

as regards the general question, there is no doubt that Mr Joyce's experience is just that which will render him most useful on the Sangam ancient work. Should the pension rules not be prohibitive, the undersigned would recommend Mr Joyce's salary being raised, as is recommended by Captain Campbell.

To The Secy to the Govt of India
Sir,

With reference to your
letter No 1788 G dy 14 Oct
1880, I am directed to
state that Lieut & Hy Asst
Commissary J. Joyce, who
retired from the service
under Govt of India Reso-
lution Nos 322-47 G.S 3 Feby
1880, on a pension of £90
per annum, together with
a Lioness of Rs 4560, has
now obtained temporary
reemployment as Supt
of Plant & Machinery
on the Sungum Project
on a salary of Rs 200
per mensem, and to inquire
whether he may draw this
salary in addition to his
pension.

2. Govt of India Resolution
No 1115-1132 G dy 24 Augt
1881 lays down the terms
on which officers who
retired under Resolution
No 2079 of the 31 July 1879
may be reemployed,
but no specific in-
structions on the same
joint with regard to the
Resolution of the 3 Feby
1880 appear to have
been issued.
