GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

8th February 1882, No. 211, Financial.

READ—the following Proceedings of the Board of Revenue, dated 18th November 1881, No. 2867 :—

ABSTRACT.—Reviewing and submitting for the orders of Government *Local Fund Budget Estimate* of the Chingleput Circle for 1882-83.

READ—the following Proceedings of the Board of Revenue, dated 24th November 1881, No. 2939.

Read—the following letter from Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Coimbatore, 28th October 1881, No. 2795 :—

I have the honor to report, for the information of the Board of Revenue, that it is proposed by the Chingleput Local Fund Board to set apart a sum of Rs. 8,500 for sanitary purposes for the year 1882-83. This gives a percentage of 18·2 on available income, and is a slight improvement over the grant for the current year. It may be accepted. I also approve of the manner in which it is proposed to dispose of the allotment. The conservancy of ten of the more important towns will be looked after, and water-supply and improvements of village-sites will also receive attention.

2. Rs. 5,000 has been allotted for vaccination, which appears to be ample. No details of the establishment to be employed are given ; I observe, however, that provision has been made for a Second-class Deputy Inspector of Vaccination in addition to the staff at present employed. A Second-class Deputy Inspector appears to be a desideratum in the Chingleput District, where the President takes a great interest in working the system of cumpulsory vaccination in Result Grant Schools. I would recommend that the appointment be sanctioned.

Resolution—dated 24th November 1881, No. 2939.

Submitted to Government in continuation of Board's Proceedings, dated 18th November 1881, No. 2867, reviewing the Local Fund Budget Estimate of the Chingleput Circle for 1882-83.

Read—the following letter from J. F. PRICE, Esq., President of the Local Fund Board, Chingleput District, to the Acting Secretary to the Board of Revenue, dated Saidápet, 20th October 1881, No. 53 :—

In reference to the Proceedings of the Board of Revenue, Miscellaneous No. 413, dated 17th January last, I have the honor to transmit an extract from the Proceedings

of the Local Fund Board of the Chingleput Circle, No. 19, dated 28th September 1881, Resolution 1, on the subject of the establishment of an Elementary Normal School in the district.

2. The details of the scheme, rules, &c., will be sent up, when forwarded by Sub-Committee.

B.—Education.

(1). Read Board's Proceedings, Miscellaneous No. 413, dated 17th January 1881, requesting the President to lay the Director of Public Instruction's letter, No. 5770, dated 13th December 1880, before the Circle Board, and ascertain their views regarding the opening of an Elementary Normal School in the Circle.

(2). Read letter from the Director of Public Instruction, Mysore and Coorg, furnishing, in reference to the Circle Board's Resolution, No. 6, dated 28th April 1881, information regarding the working of the Hubli Normal Schools.

(3). Read also Minutes of the Members and President on the subject.

The Board approve of the scheme proposed, for which they have already provided in the budget for the coming year. They consider that two Normal Training Schools should be opened, one in each education division, and that measures should be adopted by which the Masters of all Result Schools should be compelled to obtain a certificate of proficiency from the Training School or forego the grants.

They resolve that the consideration of the scale and qualifications of the educational staff to be entertained, the question as to where the schools shall be located, the time within which Masters should qualify, and the drafting of the rules, under which the scheme shall be worked, be referred to the undermentioned Committee with power to add to their number:—

The Inspector of Schools.
The Rev. W. Stevenson.
The Deputy Inspector of Schools, Saidápet Range.
The Deputy Inspector of Schools, Chingleput Range.

2. The regular estimate of receipts, omitting balances as revised by the Board of Revenue with reference to the Accountant-General's latest accounts, shows an increase

of Rs. 8,010 chiefly under "Tolls," "Contribution from other Circles," and "Special Funds." The increase under Tolls is attributed to transfers of some of the toll-gates to better sites, and that under Contributions to the payment by the Chittoor Circle Board of Rs. 2,060 for the maintenance of the roads in the Tiruvallúr Taluk passing through the North Arcot District with reference to G.O., 15th June 1881, No. 1089.

3. The estimate of receipts for 1882-83 follow closely the regular estimate figures and do not call for remark.

4. The Public Works provision is fully explained by the Board of Revenue and is approved except the amount reserved for famine adjustments which it is desirable to reduce from Rs. 20,000 to Rs. 10,000, considering the extremely inadequate provision under Road Fund Reserve, the absence of any Road Fund balance, and the necessity which has been urged for increasing the maintenance grants of some roads. The Road Fund Reserve should be raised by the amount so saved. The Government regret the necessity for continuing to reserve funds for the famine debt notwithstanding their opinion in paragraph 3 of G.O., dated 16th May 1881, No. 864, that the system should close with the current year. The increased provision under Education, rendered necessary by the contemplated opening of the Normal School and enhanced grants for Results Schools, is passed pending the approval of the Director of Public Instruction, whose report should have been before the Board of Revenue when the Budget Estimates were reviewed by them. The opening of two new Dispensaries (one at Sríperumbudur and the other at Tirupórúr) is sanctioned, as also the increase of pay from Rs. 25 to 30 proposed to be given to the pensioned First-class Hospital Assistant attached to the Sembiem Dispensary. Under the explanation furnished by the Sanitary Commissioner in his letter printed in Board's Proceedings, 24th November 1881, No. 2939, the employment of a Second-class Deputy Inspector of Vaccination is sanctioned. The rule that unvaccinated children will not be admitted for Results Grants Examination has doubtless operated to stimulate vaccination. The provision for Sanitation is satisfactory; but it is hoped that larger grants will be made in the course of the year for the removal of the prickly-pear in villages where it has become an intolerable nuisance.

5. With the above remarks the Right Honorable the Governor in Council passes the budget of the Chingleput Local Fund Board for 1882-83.

addition to its strength. The Board do not think the Order in question has any way affected the work of the Vaccine Inspecting Agency. It is the Deputy Inspector of Schools who conducts the examination for results that has to see that no one who is not vaccinated is presented for examination. The increased provision therefore seems unnecessary and will be struck out.

10. The President's promised communication regarding Vencatranga Pillay's Choultry at Sríperumbudur is awaited, and the provision for the other choultry at Chingleput is approved.

11. *Grant IV, Miscellaneous.*—The contribution for the Controlling Establishments at the Presidency should be Rs. 1,380. An attender on Rs. 10 for the Audit Establishment in the President's office is sanctioned. The provision on account of this establishment will be reduced to Rs. 1,020, as that is its annual cost including the salary of the attender now allowed.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 18th November 1881.

No. 2867.

Read—the following letter from J. F. PRICE, Esq., President of the Local Fund Boards, Chingleput District, to the Secretary to the Board of Revenue, dated Saidápet, 28th September 1881, No. 42 :—

ABSTRACT.—Submitting the Budget Estimate of the Chingleput Circle for 1882-83.

ENCLOSURE No. 1.—Regular Estimate.

ENCLOSURE No. 2.—Budget Estimate.

ENCLOSURE No. 3.—Statement of revised allotments.

ENCLOSURE No. 4.—Map.

ENCLOSURE No. 5.—List of Establishment.

Read—the following letter from A. J. STURMER, Esq., Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated Fort St. George, 27th October 1881, No. 6240 :—

I HAVE the honor, by desire of the Surgeon-General, to report to your Board that the sum set apart in Grant III of the 1882-83 Local Fund Budget Estimate of the Chingleput Circle for the maintenance of the ten dispensaries, including the new unauthorized institutions at Tirupórúr and Sríperumbudur, is adequate and calls for no remarks except in the item of "Medical Subordinate."

2. A sum of Rs. 180 is provided for three-fourths of the pay of the Civil Hospital Assistant attached to the Chingleput Dispensary. It should be increased to Rs. 225, as the salary of Civil Hospital Assistants has been raised from Rs. 20 to Rs. 25 per mensem.

3. The Medical Department will not probably be in a position to depute medical subordinates for the new hospitals referred to until July 1882.

4. A sum of Rs. 870 is entered as contribution towards the expenses of the Medical College.

Resolution—

THE Local Fund Budget of the Chingleput Circle for 1882-83 is submitted for the orders of Government.

REGULAR ESTIMATE FOR 1881-82.

2. *Statement I-A, Revenue and Receipts.*—The opening balance adopted by the President is Rs. 50,592, which accords with that given by the Accountant-General. The increase as compared with the budget has been accounted for by the President in paragraph 2 of his letter. The current year's estimate under Land Cess, viz., Rs. 1,40,000, is expected to be realized in full. The President has not furnished the particulars of collections as required in paragraph 6 of the Board's Official Memorandum, dated 31st August 1881, No. 1196. Owing to the transfer of some of the toll-gates to better localities an advance of Rs. 5,000 over what was anticipated in the budget is expected from tolls. The President will explain the entry of Rs. 75 against

"Permanent Advances." The total assets including the balance amount to Rs. 2,26,295, as shown below:—

	Rs.
Road Fund	1,58,145
Endowment Fund	956
General Fund	67,194
Total ...	2,26,295

3. *Statement B, Expenditure.*—The current year's budget contains no provision for New Works. But Rs. 20,540 are now entered under this head as the probable requirements of the year. Of this sum only Rs. 525 have been sanctioned by the Board up to date. The amount of Rs. 1,820 sanctioned for special repairs to the Western Trunk Road by transfer from other repair works has been erroneously included under "New Works." The necessary rectification will be effected. The difference (Rs. 18,198) must be struck out of the Regular Estimate as the additional allotments applied for by the President could not be sanctioned from the balance without trenching upon the amount reserved for the adjustment of famine dues. The contribution for the Medical College and Vaccine Agency shown under Grant III has been raised from Rs. 840 in the budget to Rs. 870. The provision on account of the latter item will be struck out as the Inspecting Agency is not likely to be organized in the current year. The sum entered in the sanctioned budget as contribution to the Medical College will be retained till the actuals of the year are known. The other items seem unobjectionable. The following is an abstract of the charges in the Regular Estimate as modified by the Board:—

——	Road Fund.	Endowment Fund.	General Fund.	Total.

Receipts ...	1,58,145	956	67,194	2,26,295
Balance ...	30,490	616	19,988	51,094

These balances will be taken to the Budget of 1882-83.

4. In paragraph 2 of their Proceedings, dated 20th November 1881, No. 1771, the Board proposed to reserve Rs. 29,704, the approximate opening balance of the Road Fund for 1880-81, for the adjustment of famine dues, and the suggestion was approved in G.O., dated 17th March 1881, No. 462, Financial Department. The collections of Land Cess having fallen short of the estimate, and the expenditure having thereby exceeded the year's Road Fund receipts by Rs. 9,684, the year 1880-81 would

have closed with a deficit if the amount reserved for famine dues had not been utilized for other purposes. The Government have, in reviewing the budget of certain circles, expressed the opinion that the opening balance should not be altogether reserved for famine dues, and that some portion of it must be left to meet the ordinary expenditure of the circle. Considering the financial position of this circle, the Board deem that a reservation of Rs. 20,000 is all that can be made at present. Future years must make good whatever remains to be adjusted.

BUDGET FOR 1882-83.

5. *Statement I-A, Revenue and Receipts.*—As in the current year, Land Cess is estimated at Rs. 1,40,000. The President states that the demand cannot be accurately ascertained before the Jamabandi accounts of Fasli 1290, during which the increased rate of one anna was first introduced, are finally closed, but that for the purposes of the budget Rs. 1,33,000 can be taken as a reliable figure, as was done for the current year. The variations under the other items are fully explained by the President, and do not need to be specially noticed.

6. *Statement B, Expenditure—Grant I, Public Works.*—Rs. 4,000 are provided for New Works. As the allotment for each of them is less than Rs 1,000 they should be shown as "Petty New Works" in Statement II-A, Part I, particulars thereof being furnished in an appendix. The necessary corrections will be made. In paragraph 16 of his letter the President notices the additional maintenance grants provided in the budget for special repairs to certain roads. Owing to insufficiency of funds the Board are obliged to disallow these increased allowances. The current year's grants will be repeated for these roads. The President can, if he considers them absolutely necessary, apply for transfer of funds from other works. In the Road Fund Statement II the share of cost of the Engineering Establishment and that of General Management chargeable to that Fund should be Rs. 14,540 and Rs. 5,710, respectively. Rs. 290 out of Rs. 300 entered under Grant I will be shown as the share debitable to the Road Fund for Contingencies. Want of funds precluded the Circle Board from making any provision for the reserve. The total Road Fund expenditure as altered by the Board amounts to Rs. 1,51,880, leaving a small balance of Rs. 2,240, which will be transferred to the reserve.

7. *Grant II, Education.*—For charges connected with education Rs. 22,000 are provided against Rs. 16,000, the grant for the current year. The increase is on account of an Elementary Normal School proposed to be opened in the circle as suggested by the Director of Public Instruction in his letter submitted to Government in Board's Proceedings, dated 17th January 1881, No. 413, and owing to a larger provision made for result-grant schools, which are increasing in number.

8. *Grant III, Sanitation, Medical Services, &c.*—In addition to the eight dispensaries now maintained in the circle the Local Board propose to open one at Sríperumbudur and another at Tirupórúr. It is also stated that the pay of the pensioned First-class Hospital Assistant attached to the Sembiem Dispensary should be raised from Rs. 25 to Rs. 30. The sanction of Government is requested to these proposals. With reference to the remarks of the Surgeon-General, the provision for the pay of the medical subordinate attached to the Chingleput Dispensary will be raised from Rs. 180 to Rs. 225. The provision of Rs. 2,000 for dieting charges seems to be excessive considering the actuals (Rs. 646) of 1880-81 and the regular estimate (Rs. 700) of the current year. It will be reduced to Rs. 1,000. There has hitherto been no expenditure under "Supplies," and the President states that all such expenditure is debited either to "Medicines" or to "Contingencies." The provision of Rs. 1,500 against this item will be struck out. The President can apply for allotment of funds in case of necessity.

9. The expenditure on Vaccination has been raised from Rs. 4,500 to Rs. 5,000 to provide for an additional Deputy Inspector. The Order of Government that no one who has not been vaccinated should be admitted for the results-grant examination has, it is alleged, thrown extra labor on the Vaccine establishment and necessitated this

addition to its strength. The Board do not think the Order in question has any way affected the work of the Vaccine Inspecting Agency. It is the Deputy Inspector of Schools who conducts the examination for results that has to see that no one who is not vaccinated is presented for examination. The increased provision therefore seems unnecessary and will be struck out.

10. The President's promised communication regarding Vencatranga Pillay's Choultry at Srípērumbudur is awaited, and the provision for the other choultry at Chingleput is approved.

11. *Grant IV, Miscellaneous.*—The contribution for the Controlling Establishments at the Presidency should be Rs. 1,380. An attender on Rs. 10 for the Audit Establishment in the President's office is sanctioned. The provision on account of this establishment will be reduced to Rs. 1,020, as that is its annual cost including the salary of the attender now allowed.

12. The annexed is an abstract of the budget as revised by the Board of Revenue :—

addition to its strength. The Board do not think the Order in question has any way affected the work of the Vaccine Inspecting Agency. It is the Deputy Inspector of Schools who conducts the examination for results that has to see that no one who is not vaccinated is presented for examination. The increased provision therefore seems unnecessary and will be struck out.

10. The President's promised communication regarding Vencatranga Pillay's Choultry at Sríperumbudur is awaited, and the provision for the other choultry at Chingleput is approved.

11. *Grant IV, Miscellaneous.*—The contribution for the Controlling Establishments at the Presidency should be Rs. 1,380. An attender on Rs. 10 for the Audit Establishment in the President's office is sanctioned. The provision on account of this establishment will be reduced to Rs. 1,020, as that is its annual cost including the salary of the attender now allowed.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

8th February 1882, No. 211, Financial.

READ—the following Proceedings of the Board of Revenue, dated 18th November 1881, No. 2867 :—

ABSTRACT.—Reviewing and submitting for the orders of Government *Local Fund Budget Estimate* of the Chingleput Circle for 1882-83.

READ—the following Proceedings of the Board of Revenue, dated 24th November 1881, No. 2939.

Read—the following letter from Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Coimbatore, 28th October 1881, No. 2795 :—

I have the honor to report, for the information of the Board of Revenue, that it is proposed by the Chingleput Local Fund Board to set apart a sum of Rs. 8,500 for sanitary purposes for the year 1882-83. This gives a percentage of 18·2 on available income, and is a slight improvement over the grant for the current year. It may be accepted. I also approve of the manner in which it is proposed to dispose of the allotment. The conservancy of ten of the more important towns will be looked after, and water-supply and improvements of village-sites will also receive attention.

2. Rs. 5,000 has been allotted for vaccination, which appears to be ample. No details of the establishment to be employed are given ; I observe, however, that provision has been made for a Second-class Deputy Inspector of Vaccination in addition to the staff at present employed. A Second-class Deputy Inspector appears to be a desideratum in the Chingleput District, where the President takes a great interest in working the system of cumpulsory vaccination in Result Grant Schools. I would recommend that the appointment be sanctioned.

Resolution—dated 24th November 1881, No. 2939.

Submitted to Government in continuation of Board's Proceedings, dated 18th November 1881, No. 2867, reviewing the Local Fund Budget Estimate of the Chingleput Circle for 1882-83.

Read—the following letter from J. F. PRICE, Esq., President of the Local Fund Board, Chingleput District, to the Acting Secretary to the Board of Revenue, dated Saidápet, 20th October 1881, No. 53 :—

In reference to the Proceedings of the Board of Revenue, Miscellaneous No. 413, dated 17th January last, I have the honor to transmit an extract from the Proceedings

of the Local Fund Board of the Chingleput Circle, No. 19, dated 28th September 1881, Resolution 1, on the subject of the establishment of an Elementary Normal School in the district.

2. The details of the scheme, rules, &c., will be sent up, when forwarded by Sub-Committee.

B.—Education.

(1). Read Board's Proceedings, Miscellaneous No. 413, dated 17th January 1881, requesting the President to lay the Director of Public Instruction's letter, No. 5770, dated 13th December 1880, before the Circle Board, and ascertain their views regarding the opening of an Elementary Normal School in the Circle.

(2). Read letter from the Director of Public Instruction, Mysore and Coorg, furnishing, in reference to the Circle Board's Resolution, No. 6, dated 28th April 1881, information regarding the working of the Hubli Normal Schools.

(3). Read also Minutes of the Members and President on the subject.

The Board approve of the scheme proposed, for which they have already provided in the budget for the coming year. They consider that two Normal Training Schools should be opened, one in each education division, and that measures should be adopted by which the Masters of all Result Schools should be compelled to obtain a certificate of proficiency from the Training School or forego the grants.

They resolve that the consideration of the scale and qualifications of the educational staff to be entertained, the question as to where the schools shall be located, the time within which Masters should qualify, and the drafting of the rules, under which the scheme shall be worked, be referred to the undermentioned Committee with power to add to their number :—

The Inspector of Schools.

2. The regular estimate of receipts, omitting balances as revised by the Board of Revenue with reference to the Accountant-General's latest accounts, shows an increase

of Rs. 8,010 chiefly under "Tolls," "Contribution from other Circles," and "Special Funds." The increase under Tolls is attributed to transfers of some of the toll-gates to better sites, and that under Contributions to the payment by the Chittoor Circle Board of Rs. 2,060 for the maintenance of the roads in the Tiruvallúr Taluk passing through the North Arcot District with reference to G.O., 15th June 1881, No. 1089.

3. The estimate of receipts for 1882-83 follow closely the regular estimate figures and do not call for remark.

4. The Public Works provision is fully explained by the Board of Revenue and is approved except the amount reserved for famine adjustments which it is desirable to reduce from Rs. 20,000 to Rs. 10,000, considering the extremely inadequate provision under Road Fund Reserve, the absence of any Road Fund balance, and the necessity which has been urged for increasing the maintenance grants of some roads. The Road Fund Reserve should be raised by the amount so saved. The Government regret the necessity for continuing to reserve funds for the famine debt notwithstanding their opinion in paragraph 3 of G.O., dated 16th May 1881, No. 864, that the system should close with the current year. The increased provision under Education, rendered necessary by the contemplated opening of the Normal School and enhanced grants for Results Schools, is passed pending the approval of the Director of Public Instruction, whose report should have been before the Board of Revenue when the Budget Estimates were reviewed by them. The opening of two new Dispensaries (one at Sríperumbudur and the other at Tirupórúr) is sanctioned, as also the increase of pay from Rs. 25 to 30 proposed to be given to the pensioned First-class Hospital Assistant attached to the Sembiem Dispensary. Under the explanation furnished by the Sanitary Commissioner in his letter printed in Board's Proceedings, 24th November 1881, No. 2939, the employment of a Second-class Deputy Inspector of Vaccination is sanctioned. The rule that unvaccinated children will not be admitted for Results Grants Examination has doubtless operated to stimulate vaccination. The provision for Sanitation is satisfactory; but it is hoped that larger grants will be made in the course of the year for the removal of the prickly-pear in villages where it has become an intolerable nuisance.

5. With the above remarks the Right Honorable the Governor in Council passes the budget of the Chingleput Local Fund Board for 1882-83.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 20th November 1880.

Read the following letters:—

From the President of the Local Fund Board, Chingleput Circle, dated 5th October 1880, No. 85, submitting the Budget Estimate of Local Funds for 1881-82.

From Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to C. A. GALTON, Esq., Secretary to the Board of Revenue, dated Fort St. George, 21st October 1880, No. 5,873.

I HAVE the honor, by desire of the Surgeon-General, to report to your Board that the allotment made in Grant III of the 1881-82 Local Fund Budget Estimate of the Chingleput Circle for the maintenance of the eight Dispensaries, including the new unauthorized Dispensary at Sríperumbudur, is adequate and calls for no remarks save in the marginally-noted three items.

1. " Medical Subordinates."
2. " Medicines and Apparatus."
3. " Supplies."

2. The three-fourths of the pay and charge allowance provided for the Civil Apothecary attached to the Saidápet Dispensary should be increased from Rs. 670 to Rs. 675, and that of the Civil Hospital Assistant in charge of the Sathiaved Dispensary should be reduced from Rs. 360 to Rs. 330, as the Medical Subordinate will only be entitled to charge allowance from July 1881.

3. The President of the Circle not having afforded explanation as to the necessity for the increased provision made for " Medicines and Apparatus " and " Supplies " to certain Dispensaries, and taking into consideration the actuals for 1879-80, the Surgeon-General thinks that the current year's grant may be allowed to stand.

4. The Medical Department will not probably be in a position to depute a Medical Subordinate for the new Dispensary referred to until July 1881.

5. A sum of Rs. 840 is entered as the contribution towards the expenses of the Medical College.

From Surgeon-Major M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to C. A. GALTON, Esq., Secretary to the Board of Revenue, dated Vellore, 28th October 1880, No. 1,108.

I HAVE the honor to report that the Chingleput Local Fund Board propose to allot Rs. 8,420, or 18 per cent. of available income for sanitary purposes for the year 1881-82. This is less than the grant for the current year by 3 per cent.; it may, however, be accepted. Of this sum, Rs. 1,200 and Rs. 1,500 are to be devoted for the improvement of water-supply and village-sites respectively, and the remainder for scavengering establishments and sanitary arrangements during fairs and festivals. Ten towns will thus be conserved.

2. No particulars are given of the sanitary works, if any, under Grant I-*b*, " Repairs," *Civil Buildings* and *Miscellaneous Public Improvements*, against which I find a sum of Rs. 3,200 has been set.

3. The vaccination grant amounts to Rs. 4,500, being the same as that for the current year. The allotment appears to be ample, but no details have been given as to how the money will be distributed and the establishment employed.

THE Local Fund Budget of the Chingleput Circle for 1881-82 is submitted for the orders of Government.

2. REGULAR ESTIMATE FOR 1880-81—STATEMENT I-A, REVENUE AND RECEIPTS.—The President states that the opening balance according to the latest information obtained from the Accountant-General was Rs. 59,470, but in a statement recently sent* to the Board by the latter officer, the closing balance of 1879-80 is approximately given as Rs. 59,374, the accounts of the year not being finally closed as yet. This amount, which differs but slightly from the President's figure, will be adopted in the Regular Estimate. The increase over the Budget Estimate under this item is due to the collections from Land-cess having exceeded, and the expenditure under some heads, especially Result Grants, having fallen short of, the Regular Estimate of 1879-80. The Road Fund balance of Rs. 29,704 will be left out of account in the Regular Estimate, as it will be required for adjustment of expenditure from Famine Funds.

General Fund	28,750
Total ...	59,470

* On the 14th October 1880.

G.O., dated 8th November 1880, No. 2,074, Financial Department.

3. The cess on land is estimated at Rs. 1,40,000 against Rs. 1,43,000 in the Budget for the current year and against Rs. 1,39,944, the actuals of 1879-80. The estimate, which is based on the actuals of 1879-80, appears to be low, considering the fact that the rate of land-cess has been raised from nine pies to one anna from the beginning of the current official year. The President will report on this point.

4. The income from tolls is estimated at Rs. 17,000 against Rs. 16,020 in the current year's Budget, the increase being due to the transfer of two toll-gates† to better positions. A sum of Rs. 620 is entered as receipt from Government for the execution of Civil Works by the Local Fund Engineer with reference to G.O., Financial Department, dated 28th April 1880, No. 871.

† Pallávaram and Damal.

The total receipts are—

	Rs.
Road Fund	1,15,430
Endowment Fund	1,740
General Fund	79,930
Total ...	1,97,100

5. STATEMENT B, EXPENDITURE.—Under New Works, Communications, the probable expenditure is given as Rs. 4,056 and that on Civil Buildings as Rs. 5,840. The latter amount includes Rs. 1,260 for certain alterations to the Vencatarunga Pillay's Choultry at Sríperumbudur, which the Board have not sanctioned as yet pending the receipt of some explanation from the President. The probable expenditure on Repairs, Communications, is estimated at Rs. 99,206, the details of which are given in the margin. By the exclusion of the opening Road Fund balance from the Regular Estimate, the Board have no alternative but to disallow the two additional allotments proposed, as well as to reduce the Budget grant from Rs. 85,050 to Rs. 77,150. The President will at once

	Rs.
As per Budget	85,050
Liabilities incurred by Department of Public Works in 1879-80 ...	5,172
Amount required for special repairs to Western Trunk Roads, &c. ...	8,984
Total ...	99,206

restrict his expenditure to this amount, submitting a list showing the details thereof. If the liabilities incurred by the Department of Public Works in 1879-80, for which Rs. 5,172 (instead of Rs. 6,514, the correct amount) are put down, are to be met this year, the President will provide funds for them by transfers from allotments for works. The cost of the Local Fund Engineering Establishment includes Rs. 2,952 as pensionary allowances at 25 per cent. of their salaries. This provision is unnecessary till the final orders of Government on the subject of Local Fund pension are issued, and is accordingly struck out.

6. The Local Fund Board not having succeeded in procuring a certificated Midwife on Rs. 10, the salary sanctioned and provided in the Budget, employed a woman on Rs. 15 a-month from August last. No application appears to have been made to the Board for the increased rate of salary. The attention of the President is called to this point. Rs. 510 against Rs. 680 in the Budget are entered for the Controlling Establishment at the Presidency and for the District and Presidency Audit Establishments sanctioned in G.O., Financial Department, dated 22nd March 1880, No. 609. Rs. 1,470 are provided, which is a moiety of 1½ per cent. on the proposed expenditure. The contribution for the Controlling Establishment at the Presidency will, for the purpose of the Regular Estimate, be taken at Rs. 680 as in the Budget and the provision for the new Audit Establishment struck out. The actual cost of the whole Presidency Establishments (old and new) will, after the close of the current year and on its being notified by the Accountant-General, be distributed among the funds of the several Circles in proportion to their respective assets as has hitherto been done in the case of the cost of the old Presidency Establishment.

7. The following is the Regular Estimate of expenditure as modified by the Board :—

The balances under the Endowment and General Funds will be taken to the Budget for 1881-82.

8. Budget for 1881-82—Statement I-A, Revenue and Receipts.—As in the Regular Estimate, the land-cess collections are estimated at Rs. 1,40,000. The President states that there is some difficulty in fixing the demand under this head, but that for the purpose of the Budget it may be taken at that amount. The income from tolls is estimated at Rs. 19,000 against Rs. 16,020 in the current year's Budget and against Rs. 17,000 in the Regular Estimate. The increase is due to the proposed transfer of the Cortelliar toll-gate to the Red Hills. The President's application for this transfer has been submitted to Government in Board's Proceedings, dated 27th October 1880, No. 1,616. Rs. 620 are shown as the contribution due from Government to the Local Fund Board for the execution of repairs to Civil Buildings, &c., by the Local Fund Engineering Establishment. The total receipts are—

	Rs.
Road Fund	1,16,680
Endowment Fund	1,140
General Fund	75,800
Total ...	1,93,620

9. Statement B, Expenditure—Grant I, Public Works—Statement II, Road Fund.—In consequence of the inadequacy of the assets of the Road Fund to meet its legitimate wants, and with a view to maintain equilibrium between the receipts and charges of the Fund, the Local Fund Board propose an additional appropriation of Rs. 20,000 from the one-third land-cess. After making all the possible reductions in the Road Fund expenditure, an appropriation of Rs. 11,110 has been found absolutely necessary, which is allowed subject to the sanction of Government. The sale-proceeds of old materials and Tools and Plant (Rs. 10) should be credited to the Road Fund and the whole of the interest on arrears of revenue to the General Fund. The total Road Fund receipts are Rs. 1,27,790.

10. For want of funds, no provision is made for new roads, and many of the roads undertaken during the recent famine are left unfinished and require an outlay of large sums of money upon them. For road repairs, Rs. 87,900 are provided against Rs. 85,050 in the current year's Budget. The excess, Rs. 2,850, is stated to be very necessary for the up-keep of certain roads, a list of which is appended to paragraph 15 of the President's letter. The Board think that the excess provision may be allowed and have accordingly retained it. The total cost of the Local Fund Engineering establishment is Rs. 18,300, inclusive of Rs. 2,952 for pensionary, &c., allowances. The latter amount has been struck out for reasons already stated. The cost of the Establishment debitable to the Road Fund will then be Rs. 14,800. The share of the cost of general management chargeable to the Road Fund and the allotment for Tools and Plant should be Rs. 5,250 and Rs. 2,190, respectively. A sum of Rs. 9,130 is entered under Road Fund reserve, but it is undesirable to provide for a reserve when, for want of funds, an additional appropriation is proposed from the General Fund. The amount will accordingly be struck out. The total Road Fund expenditure is Rs. 1,27,790, leaving no balance.

11. Grant I is—

	Rs.
Road Fund	1,22,450
General Fund	3,880
Total ...	1,26,330

12. Grant II, Education.—None of the items under Grant II call for remark except Result grants, for which Rs. 10,000 are provided against Rs. 8,600 in the current year's Budget and against Rs. 5,751, the actuals of 1879-80. The increased provision is made with reference to the gradual increase in the number of pial schools since the famine and to the restoration of the old rates of grants. The total of Grant II is Rs. 16,000 chargeable to the General Fund.

13. Grant III, Sanitation, &c.—The grant for Hospitals and Dispensaries is Rs. 11,000 against Rs. 10,080 for the current year. The increase is chiefly due to the Circle

Board's proposal to open a fresh Dispensary at Sríperumbudur in the Conjeeveram Taluk at an annual cost of Rs. 1,050 as noted in the margin; funds being available under the General Fund, and as Sríperumbudur is the head-quarters of the Deputy Tahsildar of that Division, the proposal is recommended for the sanction of Government. The Surgeon-General reports that his department will probably not be in a position to post a Medical Subordinate to this Dispensary till July 1881. The allotment for the salaries, &c., of the Medical Subordinate attached to the Sathiaved Dispensary will be reduced from Rs. 360 to Rs. 330 as suggested by Dr. Cornish. The salary of the Midwife on Rs. 15 attached to the Chingleput Dispensary is shown under "Superintendents" instead of under "Servants" in Statement IV-A. The necessary alteration has been made.

	Rs.
Medical Subordinate	300
Two Servants	120
Medicines, &c.	300
Supplies	70
Rents	50
Contingencies	210
Total ...	1,050

14. The cost of vaccination is the same as in the current year, and Rs. 8,420 are provided for Sanitation, the details of which are given in Statement IV-B. The Sanitary Commissioner will, in a separate Memorandum, be furnished with the details of the allotments for repairs of Civil Buildings and Miscellaneous Public Improvements and for Vaccination.

† *Vide* Board's Proceedings, dated 5th November 1880, Miscellaneous No. 12,255.

15. Travellers' Bungalows cost Rs. 400, or Rs. 100 less, the decrease being due to the abandonment of the bungalows at Atcherawauk* and Red Hills.†

16. Grant III is—

	Rs.
General Fund	28,670
Endowment Fund	300
Total ...	28,970

17. Grant IV, Miscellaneous.—The contribution for the Controlling Establishments at the Presidency, including the old and the new Audit, &c., Establishments, should be Rs. 1,530. The provision of Rs. 2,890 made by the President for the Audit Establishments separately from the Controlling Establishments will be struck out and a sum of Rs. 1,320 entered for the District Audit Establishment.

18. Grant IV is—

	Rs.
Road Fund	5,340
General Fund	3,460
Total ...	8,800

19. The general reserve should be Rs. 5,030.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 8th April 1881.

Read the following papers:—

Proceedings of the Madras Government, dated 17th March 1881, No. 462, Financial Department.

ABSTRACT.—*Local Funds—Budgets.*—Orders passed on Proceedings, Board of Revenue, reviewing the Local Fund Budget of the Chingleput Circle for 1881-82.

From J. F. PRICE, Esq., President of the Local Fund Boards, Chingleput District, to C. A. GALTON, Esq., Secretary to the Board of Revenue, dated Kakalu, 12th February 1881, No. 6.

IN reference to the enclosed extract from the Proceedings of the Local Fund Board of the Chingleput Circle, No. 10, dated 28th January 1881, I have the honor to request the permission of the Board of Revenue for the substitution of "Poonamallee" for "Sríperumbudur" in the Local Fund Budget for 1881-82, now under revision in the Government Office.

2. Poonamallee stands tenth in the scheme of dispensaries submitted with my letter, No. 86, dated 8th October 1880. But, in consideration of the prolonged outbreak of fever at Kunnathur, which is but four miles from the former station, the Circle Board have resolved to open at Poonamallee the dispensary originally intended to be established at Sríperumbudur.

3. If this proposal meets with approval, the necessary alterations should be made in the Budget for the coming year.

4. Adverting to the latter part of the resolution, I beg that Government may be moved to sanction, as a temporary measure, the employment, from 1st April next, of four Assistants called "Vythians," at Rs. 5 each per mensem, for the purpose of distributing medicines and looking up the sick in the affected villages round Kunnathur. A medical subordinate is at present stationed at this place, and the four Assistants will work under his immediate orders. The charge can be met from General Savings under Grant III.

5. This arrangement is one made at the suggestion* of the Sanitary Commissioner, who has recently visited Kunnathur and the surrounding villages.

* Referred to in G.O., No. 192, dated 14th February 1881.

ENCLOSURE No. 1.—Extract from Proceedings of Local Fund Board.

THE Local Fund Budget of the Chingleput Circle for 1881-82 will be printed and circulated to all officers concerned.

2. *Paragraph* 2 *of the Government Order.*—Adverting to the concluding part of this paragraph remarking that the application for the allotment of Rs. 1,260, made in August 1880 for certain alterations to Vencatarunga Pillay's Choultry at Sríperumbudur, remained unsanctioned at the date of the Board's Proceedings reviewing the Budget, they observe that before passing the allotment they had to make a reference to the President for some further information which was not furnished till after the review of the Budget was completed. This fact was mentioned in paragraph 5 of the Board's Proceedings above referred to.

3. *Paragraph* 4 *of the Government Order.*—The remarks of the Director of Public Instruction regarding the provision for education were submitted to Government with Board's Proceedings, dated 17th January 1881, Miscellaneous No. 413. As presumed by Government, the allotment made in the Budget for the controlling establishment at the Presidency includes the amount to be provided under G.O., Financial Department, dated 2nd October 1879, No. 1,891.

4. In accordance with the President's letter read above, the sanction of Government is solicited for the opening of a dispensary at Poonamallee instead of at Sríperumbudur as proposed in the Budget and sanctioned by Government, and for the employment, as a temporary measure, from April 1881 of four Vythians at Rs. 5 each per mensem for distributing medicines and looking after the sick in the affected villages around Kunnathur.
