GOVERNMENT OF MADRAS.
FINANCIAL DEPARTMENT.

READ—the following Proceedings of the Board of Revenue, dated 5th December 1881,
No. 3054 :—

ABSTRACT.—Reviewing and submitting to Government Local Fund Budget Estimate of
Salem Circle, Salem District.

READ—the following Proceedings of the Board of Revenue, dated 23rd January 1882,
No. 214 :—

Read—the following letter from H. E. STOKES, Esq., President of the Local Fund
Boards, Salem, to the Secretary to the Board of Revenue, dated 23rd December
1881, No. 95 :—

I have the honor, in reference to the enclosed copy of the Salem Local Fund
Board's Resolution, No. 3, dated 16th instant, to state that the present sanitary estab-
lishment of Tiruchengód, consisting only of four scavengers, is found quite inadequate to
clean all the streets and lanes of the town, which is a large one, and to remove the refuse
to a distance daily, and that therefore the Local Board have sanctioned the entertain-
ment of four more scavengers on Rs. 3 each per mensem. As provision has been made
in the next year's budget for only four scavengers, I request you will be so good as to
cause the alterations to be made in Statement IV-B of the budget as shown below :—

ENCLOSURE No. 1.—Copy of Proceedings of Local Fund Board.

Resolution—dated 23rd January 1882, No. 214.

The President is informed that the alterations desired by him will be made in
Statement IV-B of the Budget of 1882-83 on its return from Government.

2. *Regular Estimate for 1881-82.*—In the regular estimate the large opening balance under Road Fund resulted from the non-payment of the amount set apart for famine works with reference to G.Os., 22nd March 1881, No. 500, and 2nd November 1881, No. 2127.

3. The regular estimate of receipts, as revised by the Board of Revenue, shows an increase over the sanctioned estimate of Rs. 19,530 which is satisfactorily explained. The regular estimate of charges provides for a slight excess of expenditure under Road and Endowment Funds and for a saving in the year's receipts of Rs. 5,790 under the General Fund. Out of the large Road Fund balance, the sum of Rupees 69,000, set apart for famine adjustments in the current year, is again proposed to be reserved for the purpose. This is approved under the circumstances stated. The state of the Road Fund affords no justification for reducing this amount.

4. *Budget Estimate for 1882-83.*—The budget for 1882-83 estimates the "Cess on Land" at Rs. 15,310 less than the amount shown in the regular estimate. The particulars of the demand furnished by the President show that this estimate is fair. The anticipated increase under Tolls is satisfactory. The draft notification for the levy of Tolls at Kakanjarai will be approved in separate Proceedings. The total of the Endowment and Miscellaneous receipts as now budgeted does not differ materially from the sanctioned estimates for the current year; but the Board of Revenue have removed "Market Rents" from the head "Endowments" to "Miscellaneous." In the above abstract the classification in the current year's budget has been followed.

5. Under Grant I the mileage grants for some of the roads appear to have been carefully revised. The provision for the Engineering establishment is a little less than the amount shown in the regular estimate. The Educational grant is passed subject to approval by the Director of Public Instruction. The provision for Hospitals and Sanitation is, in the opinion of the Surgeon-General and Sanitary Commissioner, adequate. It is noted that the President has made proposals to increase the Sanitary establishment of Tiruchengód. The other items do not call for remark.

6. With the above remarks the Right Honorable the Governor in Council passes the Budget Estimates of the Salem Circle for 1882-83.

7. It would have been convenient if actuals for 1880-81 had accompanied this budget. This should be done in all cases in future.

entertainment of a midwife on Rs. 10 a month for the Sankaridrug Dispensary is sanctioned. The allotment of Rs. 480 for four midwives included by the President in "Salaries of Clerks and Servants" will be removed and shown as a separate head. The estimate for Vaccine charges, Rs. 3,870 against Rs. 4,070 in the current year's budget, and the repetition of the current year's figure, Rs. 8,000, for Sanitation are reported upon by the Sanitary Commissioner to be adequate. With reference to paragraph 2 of that officer's letter read above, it is observed that the sum of Rs. 5,500 and Rs. 4,750 respectively under New Works and Repairs, Miscellaneous Public Improvements, is provided for improving markets and avenues and for their maintenance. The sum of Rs. 240 provided for training pupil vaccinators under (j) Miscellaneous will be included in (d) Vaccination. The other allotments under this grant call for no remark.

10. *Grant IV, Miscellaneous.*—The share of the cost of the Controlling Establishments at the Presidency will be altered to Rs. 1,330. In accordance with the scheme sanctioned in G.O., Financial Department, dated 20th October 1881, No. 2021, Rs. 1,020 are assigned for the District Audit Establishment subject to revision by the Accountant-General. Of this amount the proportionate share debitable to this Circle is Rs. 830.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 5th December 1881.

Read the following papers:—

From H. E. STOKES, Esq., President of the Local Fund Boards, Salem District, to the Secretary to the Board of Revenue, dated 14th October 1881, No. 70.

ABSTRACT.—Forwarding the Budget of the Local Fund Board, Salem Circle, Salem District, for 1882-83.

From Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated 9th November 1881, No. 2896.

I HAVE the honor to report that the Salem Local Fund Board have made the same provision for Sanitary purposes for 1882-83 as for the current year, viz., Rs. 8,000, or 20 per cent. of available income. It may be accepted. Rs. 1,000 and Rs. 500 respectively of the allotment will be devoted for improvement of water-supply and village sites, which is satisfactory.

2. I find under Grant I (a and b) a sum of Rs. 5,500 and Rs. 4,750 is entered against "Miscellaneous Public Improvements," for which no details are given.

3. The Vaccination grant amounts to Rs. 3,870 and is adequate.

From Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated 10th November 1881, No. 6538.

WITH reference to the 1882-83 Local Fund Budget Estimate, Grant III, of the Salem Circle, I have the honor, by desire of the Surgeon-General, to state, for the information of your Board, that the allotment made for the maintenance of the seven dispensaries is adequate and calls for no remarks, the President of the Circle having explained the variations between the current year's grant and the estimate in paragraphs 36 to 38 of his letter, No. 70, dated 14th October 1881, to your Board.

2. A sum of Rs. 840 is entered as the contribution towards the expenses of the Medical College.

THE Local Fund Budget Estimate of the Salem Circle will be submitted for the orders of Government.

REGULAR ESTIMATE FOR 1881-82.

2. Receipts.—The opening balances adopted by the President are compared below with those furnished by the Accountant-General:—

	Road Fund.	Endowment Fund.	General Fund.	Total.
	RS.	RS.	RS.	RS.
President's figures	98,054	2,123	30,705	1,30,882

	+ 9,130	— 16	+ 193	+ 9,307

It is presumed that the variations are due to further adjustments in the Account Department, and the Board will therefore take the latter figures as the opening balances of the regular estimate. The large increase in the Road Fund balance over the budget estimate is due to the non-appropriation of the sum of Rs. 1,03,500 reserved for famine adjustment in paragraph 2 of Board's Proceedings, dated 14th February 1881, No. 255. Rs. 420 are taken credit for from Provincial Funds on account of

should be purchased by Government and that these subordinates should for the future pay the house-rent of the rank they hold.

Government in G.O., No. 2390-W, dated 28th September,* directed that valuation estimates should be prepared, and they are now forwarded.

The buildings are of stone and brick in mud, the main ones being plastered with mortar and most of the out-buildings with mud, and of course as this is the case they never can, unless rebuilt, be made into buildings similar to those now sanctioned and built by Government as quarters for Warrant Officers and others in Military Stations; the cost of repairs and maintenance must also be heavy.

Another point must also be brought to notice, viz., that the sizes of the main buildings do not agree with that laid down by Government in the scale for warrant and other officers; the number and sizes of the out-houses are far in excess of the sanctioned scale.

With this class of building, taking into consideration the cost of maintenance which if undertaken by Government must necessarily be heavy, the rent should be not less than 10 per cent. of the original value; this will be greatly in excess of the house-rent of the rank of the occupants.

The statements forwarded with this report show clearly the detail of the points commented on.

The total net value is Rs. 9,457.

It is believed that the land on which the houses stand is Government land.

With this class of building, taking into consideration the cost of maintenance which if undertaken by Government must necessarily be heavy, the rent should be not less than 10 per cent. of the original value; this will be greatly in excess of the house-rent of the rank of the occupants.

The statements forwarded with this report show clearly the detail of the points commented on.

The total net value is Rs. 9,457.

It is believed that the land on which the houses stand is Government land.

No. 101.

No. 62.

Report on the Valuation Statement of five houses belonging to, and occupied by, the Subordinates of Hosúr Remount Depot.

In his letter, No. 534, dated 17th September 1881, the Agent of Remounts brought to the notice of Government that it was desirable that these houses should be purchased by Government and that these subordinates should for the future pay the house-rent of the rank they hold.

* Military No. 5370, dated 10th October 1881.

Government in G.O., No. 2390-W, dated 28th September,* directed that

valuation estimates should be prepared, and they are now forwarded.

The buildings are of stone and brick in mud, the main ones being plastered with mortar and most of the out-buildings with mud, and of course as this is the case they never can, unless rebuilt, be made into buildings similar to those now sanctioned and built by Government as quarters for Warrant Officers and others in Military Stations; the cost of repairs and maintenance must also be heavy.

Another point must also be brought to notice, viz., that the sizes of the main buildings do not agree with that laid down by Government in the scale for warrant and other officers; the number and sizes of the out-houses are far in excess of the sanctioned scale.

With this class of building, taking into consideration the cost of maintenance which if undertaken by Government must necessarily be heavy, the rent should be not less than 10 per cent. of the original value; this will be greatly in excess of the house-rent of the rank of the occupants.

The statements forwarded with this report show clearly the detail of the points commented on.

The total net value is Rs. 9,457.
