PROCEEDINGS OF THE BOARD OF REVENUE, dated 8th December 1881.

Read the following letters :—

From H. SEWELL, Esq., President of the Local Fund Boards, Trichinopoly, to the Secretary to the Board of Revenue, dated 6th October 1881, No. 574.

ABSTRACT.—Submitting for sanction the Local Fund Budget of the Trichinopoly Circle for 1882-83 together with the regular estimate for 1881-82.

From M. C. FURNELL, Esq., M.D.,F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Coimbatore, 28th October 1881, No. 2793.

I HAVE the honor to report, for the information of the Board of Revenue, that the Trichinopoly Local Fund Board have made ample provision, both for sanitation and vaccination, for the year 1882-83, and the allotments are well distributed. For the former object Rs. 15,700 or Rs. 34·3 per cent. of income have been set apart, and for the latter Rs. 3,960. The establishment appears to be adequate.

From Surgeon A. J. STURMER, Secretary, Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated Fort St. George, 1st November 1881, No. 6332.

I HAVE the honor, by desire of the Surgeon-General, to report to your Board that the sum set apart in Grant III of the 1882-83 Local Fund Budget Estimate of the Trichinopoly Circle for the maintenance of the Musiri and Ariyalur Dispensaries is adequate and calls for no remarks.

2. A sum of Rs. 890 is entered as the contribution towards the expenses of the Medical College.

From H. SEWELL, Esq., President of the Local Fund Boards, Trichinopoly, to the Secretary to the Board of Revenue, dated 24th October 1881.

ABSTRACT.—Statement showing the budget allotment for 1881-82 with subsequent additions.

THE Local Fund Budget of the Trichinopoly Circle for 1882-83 will be submitted for the orders of Government.

2. *Regular Estimate, Receipts.*—The opening balances brought forward by the President differ from those recently furnished by the Accountant-General as noted below :—

	President.	Accountant-General.	Difference.
	RS.	RS.	RS.
Road Fund	60,053	61,266	1,213
General Fund	37,562	37,428	—134
Endowment Fund	16,272	16,272	...
Market Fund	1,176	...	—1,176
	1,15,063	1,14,966	—97

The market fees should not have been shown separately, but included in the Endowment Fund balance.

The Accountant-General is requested to state to what head he has added the market receipts. In the circumstances the balance of the Endowment Fund as given by the President will be adopted for the regular estimate. The excess of the actual over the budget balance was due to short expenditure on works as already explained in the circle report for 1880-81 (Board's Proceedings, dated 18th November 1881, No. 2792). The variations in the several items of receipts have been fully explained in the President's memorandum. The entry of Rs. 330 against "Advances recoverable" requires explanation.

3. *Expenditure.*—For New Works and Repairs, Communications, Rs. 46,776 and Rs. 77,632 are put down against allotments up to date of Rs. 67,185 under the former and Rs. 90,768 under the latter. The major portion of the allotments subsequently granted by the Board relates to Incomplete Works of 1880-81 and to closing breaches in certain roads. From the information furnished by the President in his memorandum on the regular estimate, it is not possible to say what works he wishes to prosecute during the current year. The list of additions to budget grants since received from the President contains no information on the point. An appropriation of Rs. 69 for repairs to Civil Buildings is entered in it, but it does not appear that the sanction of the Board was obtained to the allotment, nor have the Board sanctioned an expenditure of Rs. 1,250 under New Works, "Miscellaneous Public Improvements." The President is requested to make the necessary application for allotment clearly specifying the works for which it is required. No reason is assigned for again reserving Rs. 12,520 under Road Fund, the whole of that reserved in the sanctioned budget having been already appropriated for incomplete and other works. Rs. 5,000 would amply suffice for meeting any unforeseen and emergent charges, and will now be entered as Road Fund Reserve. The provision under Grant II seems to be sufficient. The commission on the sale of books will be reduced Rs. 15 in reference to the entry on the receipt side. Under Grant III the provision of Rs. 890 for "Vaccine Inspecting Agency" will be struck out in the absence of any probability of the establishment being organized in the current year. The contribution to the Municipal Hospitals at Trichinopoly has been raised in reference to G.O., Financial Department, dated 14th September 1881, No. 1716. Under Grant IV the cost of the Local Fund Board's establishment should be shown separately from the District Audit Establishment. The following is an abstract of the charges in the regular estimate as modified by the Board :—

BUDGET OF 1882-83.

4. *Statement I-A, Revenue and Receipts.*—The estimates under Land-cess and Tolls appear to have been fixed with reference to the average collections of the last three years and may be allowed to stand. A salary grant of Rs. 270 is expected from Provincial Funds for the Middle Class School at Lalgudi, which it is in contemplation to transfer to the Local Fund Board. The other items of receipts follow mostly the current year's figures, and where they differ, have been fully explained by the President.

5. *Statement B, Expenditure, Grant I, Public Works, Statement II, Road Fund.*—All the works entered in Statement II, Part I, are unsanctioned, although most of them have been brought forward from the current year's budget and two are said to be in progress. The President has already been called upon to explain in reference to one of them how expenditure was incurred before the estimate was sanctioned (Board's Proceedings, dated 28th November 1881, Miscellaneous No. 10207). He will explain with regard to the other work also, and expedite the submission of estimates for all those entered in the budget. In G.O., Financial Department, dated 27th August 1881, No. 1576, sanction was accorded for the entertainment of a separate Engineering Establishment for the supervision of Local Fund Works at a cost of Rs. 17,520 including Rs. 720 for contingencies. The arrangement will be brought into operation from 1st April next (G.O., Financial Department, dated 14th November 1881, No. 2218). The share of cost of General Management chargeable to Road Fund should be Rs. 3,130. The total Road Fund expenditure amounts to Rs. 1,39,860, leaving a balance of Rs. 5,540.

6. *Grant II, Education.*—The provision under this head shows an increase of Rs. 3,700 over the current year's grant due to the following new proposals :—

(1) Increase of pay to the Inspecting Schoolmaster, Musiri Taluk, from Rs. 30 to Rs. 35.
(2) Assumption of the management of the Normal School at Kulitalai.
(3) Do. of the Middle Class School at Lalgudi.
(4) The conversion of four Local Fund Schools into Middle Class Schools with a change in the curriculam of studies to entitle them to a grant from Government.
(5) The establishment of seven new schools in Trichinopoly and Kulitalai Taluks.

Government have sanctioned the second of these proposals. The third has been referred to Director of Public Instruction for his opinion. As regards the fourth each of these four schools would cost Rs. 911 more than they do at present. The Board are averse to the expenditure of Local Funds on other than primary education, but before disposing of the matter they wish to be favored with the views of the Director regarding these schools as also upon the first proposal. The fifth proposition is approved and recommended for sanction. Commission on the sale proceeds of books should be Rs. 40 and not Rs. 70. In Statement III showing the receipts from and expenditure on Local Fund Schools, the collections from school fees are not entered, nor is the total cost of each school shown in the last column. Provision is made for only sixty-five schools against sixty-six stated in the letter. These omissions should be avoided in future, and the name of the school for which no provision is made reported. Particulars regarding the training school and the Middle School at Kulitalai should find place at the top of this statement.

7. *Grant III, Sanitation, &c.*—Travelling allowance to the Zillah Surgeon for inspecting Local Fund Dispensaries is incorrectly included in the item "Rent and Furniture." It should be shown under (i) Miscellaneous. The necessary correction will be made. Under Vaccination there is an entry of Rs. 30 for pension. It will be transferred to Grant IV. The increase in the provision for sanitation, which the Sanitary Commissioner considers sufficient and well distributed, is due to Rs. 5,000 being set apart for improving village sites. Rs. 3,000 are provided for markets, Rs. 500 for establishment, and the remainder for erecting sheds. Detailed information

should be furnished regarding the former and no establishment entertained without the prior sanction of the Board. The latter provision will be transferred to Grant I.

8. *Grant IV.*—Contribution for the controlling establishments at the Presidency should be Rs. 1,790. As already pointed out the cost of the Circle Board's office establishment should be distinguished from that of the District Audit establishment. The Board are not prepared to recommend any increase to the pay of the Local Fund Head Clerk, as the Circle Board's establishment is already comparatively highly paid. The increased provision on this account will therefore be disallowed.

2. The Regular Estimate as revised by the Board of Revenue does not call for remark except that the slight reduction in the Land Cess Estimate is not satisfactorily accounted for, as the small sum of Rs. 2,000 to make up the Budget Estimate amount may be easily collected. It is expected that 18·2 per cent. of the year's demand would be left uncollected at the close of the year.

3. For 1882-83 the Land Cess is estimated at Rs. 1,37,000; and the President's explanation shows that the uncollected balance of cess at the close of the year is expected to be Rs. 23,000, or 14·3 per cent. of the demand. The estimate seems to be too low. It may safely be raised at least to Rs. 1,40,000, the amount entered in the current year's budget. The market rents have been erroneously transferred by the Board of Revenue from "Endowments" to "Miscellaneous." The Provincial grant to the Middle-class School at Lalgudi is passed pending report from the Director of Public Instruction.

4. The provision for Public Works again includes allotments for unsanctioned works. The rule that no expenditure should be incurred on works before estimates for them are duly sanctioned should be rigidly enforced. The President is responsible for the observance of this rule. The amount reserved for famine adjustments in the current year—Rs. 10,000—not having been paid, it is proposed to make the same reservation in the next year's budget. It will be allowed pending early report on the general subject of famine adjustment by the Board of Revenue.

5. The educational provision has not yet been reported on by the Director of Public Instruction. The Board's remarks in paragraphs 7 and 8 are approved.

6. Subject to the foregoing remarks, the budget is passed as revised by the Board of Revenue.

2. The Regular Estimate as revised by the Board of Revenue does not call for remark except that the slight reduction in the Land Cess Estimate is not satisfactorily accounted for, as the small sum of Rs. 2,000 to make up the Budget Estimate amount may be easily collected. It is expected that 18·2 per cent. of the year's demand would be left uncollected at the close of the year.

3. For 1882-83 the Land Cess is estimated at Rs. 1,37,000; and the President's explanation shows that the uncollected balance of cess at the close of the year is expected to be Rs. 23,000, or 14·3 per cent. of the demand. The estimate seems to be too low. It may safely be raised at least to Rs. 1,40,000, the amount entered in the current year's budget. The market rents have been erroneously transferred by the Board of Revenue from "Endowments" to "Miscellaneous." The Provincial grant to the Middle-class School at Lalgudi is passed pending report from the Director of Public Instruction.

4. The provision for Public Works again includes allotments for unsanctioned works. The rule that no expenditure should be incurred on works before estimates for them are duly sanctioned should be rigidly enforced. The President is responsible for the observance of this rule. The amount reserved for famine adjustments in the current year—Rs. 10,000—not having been paid, it is proposed to make the same reservation in the next year's budget. It will be allowed pending early report on the general subject of famine adjustment by the Board of Revenue.

5. The educational provision has not yet been reported on by the Director of Public Instruction. The Board's remarks in paragraphs 7 and 8 are approved.

6. Subject to the foregoing remarks, the budget is passed as revised by the Board of Revenue.

2. Excluding the opening balance, the regular estimate of receipts shows an increase of Rs. 10,380 over the sanctioned budget. This increase is mainly in the items Land Cess and Tolls. Under Charges some savings are expected from the non-establishment of eighteen out of the seventy-one schools sanctioned.

3. From the Road Fund opening balance of Rs. 61,800 in 1881-82, the Board of Revenue propose to reserve Rs. 10,000 for adjustment of famine expenditure according to the statement furnished by the Examiner of Public Works Accounts. The receipts of the year do not call for special notice except that the sum of Rs. 2,500 stated by the Board of Revenue as having been entered under "Advances Recoverable" does not, on referring to the original budget, appear to be so entered; the amount in question is merely the sum total of the several items subordinate to "7, Miscellaneous," and will accordingly be struck out.

4. For New Works, Communications, Rs. 57,050, or Rs. 25,000 more than the sanction for the current year, are provided; of which Rs. 46,690 relate to works which have not been sanctioned, but for which estimates are promised. The President should be instructed not to commence the works before submitting the requisite plans and estimates, and obtaining the necessary sanction therefor. The decrease in the allotment for road repairs is attributed to the reduction of maintenance grants of some of the roads. Under Grant II the increase recommended to the pay of two of

the Inspecting Schoolmasters is approved, as also the increased provision for results grants which the Director of Public Instruction has recommended. The cost of travellers' bungalows is far in excess of their income. These institutions should be made self-supporting as far as possible. In paragraph 16 of their Proceedings the Board state that separate application should be submitted for the entertainment of a peon for the Circle Board's Office, but retain the provision, Rs. 70, made on this account. The Government pass the charge subject to orders on the report called for. The general reserve calculated according to the rules should be Rs. 5,340 and not Rs. 5,090 as entered. The necessary correction should now be made.

5. With these remarks the Right Honorable the Governor in Council passes the Local Fund Budget of the Trichinopoly Circle for 1881-82.
