GOVERNMENT OF MADRAS.
PUBLIC DEPARTMENT.

READ—the following letter from R. SEWELL, Esq., Madras Civil Service on Special Duty, to the Chief Secretary to Government, dated Madras, 22nd February 1882, No. 899 :—

Amongst the information on the subject of antiquities received by me from the Rápúr Taluk, Nellore District, is a paper relating to the old Fort at Rápúr itself. My correspondent states that "The stones of the surrounding wall that gave way are being sold by Government at 4 annas a cubic yard."

I have the honor respectfully to suggest that perhaps it might be as well to suspend these and all similar transactions all over the Presidency, however harmless they may be, till Dr. Burgess' opinion has been obtained in each case. The very slight profit accruing to Government might safely be postponed for a time, while Government would avoid the danger of possible demolition of valuable remains.

ORDER—dated 2nd March 1882, No. 161, Public.

The Collector should suspend demolition, if it is going on. Orders are in preparation on the subject of conserving archaeological remains generally.
