have been revised in accordance with the instructions of the Examiner, the difference of Rs 3-6-2 between the amount decided by you in your No above quoted, and the present amount Rs 23--1 is due to the claims of the man from 13th to 26th March/78. having been entered twice in your statements which the Examiner has pointed out for correction.

3. I regret the long delay that occurred in the settlement of this case which was due to the want of certificates from the Hospital Assistant in support of his claims which were received only lately after several references made to him through the Medical Officer at French Rocks.

I have to say

Famine duty during the year 1877-78 but in scrutinizing the bill at the rates admissible under the rules in the P. W. Code the amount is reduced to Rs 23--1 as per the statement enclosed.

The Medical Officer at French Rocks under whom the Hospital Assistant is now employed stated in his letter dated 20th August 1881 that owing to the length of time that has elapsed the Hospital Assistant is unable to afford further particulars than those given in the statement. As the Examiner objects to pass the bill for want of a G. O. the claim is submitted for the sanction of Government.
