No. 11. From A. B. SAMPSON, Esq., Under Secretary to the Government of India, Public Works Department, (General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 12th July 1881, No. 933 G.

In reply to your letter No. 1,271 W., dated 18th May last, asking for a general ruling in regard to the grant of leave to Royal Engineer Officers for passing examinations required by the military regulations for promotion, I am directed to state that the necessity of passing for Majors, before being promoted to that rank, will not be insisted upon in the case of Captains promoted up to the 1st July 1882, but they must pass before that date or lose their rank.

After the above date the rules will be strictly enforced and no exceptions will be allowed.

2. I am to add that the Government of India desires that nothing may prevent officers being allowed the opportunity of passing the examination for military promotion.

Read the following papers:—

No. 21. Endorsement of the Chief Secretary to Government, Public Department,
dated Ootacamund, 3rd August 1880, No. 1,544.

From E. F. WEBSTER, Esq., Collector of Tanjore, to the Chief Secretary to Gov-
ernment, dated 29th July 1880, No. 3,639.

I HAVE the honor to submit, for the favorable consideration and orders of Gov-
ernment, the enclosed letter* (in French)
* Dated 5th July 1880, No. 195. from the Acting Chef de Service of
Karikal (together with a free translation of the same in English) requesting that a
Telegraph Office may be opened at that place.

From the Acting Chef de Service, to the Collector of Tanjore, dated Karikal, 5th July 1880,
No. 195.

TRANSACTION of business at Karikal is important enough to make us feel the advantage of
a Telegraph Office. Commerce would derive benefits from the institution thereof, while at the
same time the Telegraph Department could towards the end realize income. It can happen that
at the beginning the receipts are not sufficiently large to cover all the expenses of the department.
In this case we would be prepared to guarantee the payment of the difference between the
receipts and the expenditure; but the resources of the town allow me to enter into this agreement
only to such an extent that this difference should not exceed Rs. (720) seven hundred and twenty
a year.

2. I should feel greatly obliged, Sir, if you would kindly request your Government to
introduce a Telegraph Office at Karikal under the conditions stated; and I thank you beforehand
for the efforts that you will not fail to take in favor of a project which, if realized, would greatly
be useful to the inhabitants of Southern India, French as well as English.
